

# Corrections and Rehabilitation

---

The mission of the California Department of Corrections and Rehabilitation (CDCR) is to improve public safety through evidence-based crime prevention and recidivism reduction strategies. The CDCR is organized into thirteen programs: Corrections and Rehabilitation Administration; Sentencing Commission; Corrections Standards Authority; Juvenile Operations; Juvenile Education, Vocations, and Offender Programs; Juvenile Parole Operations; Juvenile Health Care Services; Adult Operations; Adult Parole Operations; Board of Parole Hearings; Community Partnerships; Adult Education, Vocations, and Offender Programs; and Correctional Healthcare Services. Effective July 1, 2005, all agencies that previously reported to the Youth and Adult Correctional Agency were consolidated into the Department of Corrections and Rehabilitation pursuant to the Governor's Reorganization Plan 1 of 2005 and Chapter 10, Statutes of 2005.

## 5225 Department of Corrections and Rehabilitation

The mission of the California Department of Corrections and Rehabilitation (CDCR) is to improve public safety through evidence-based crime prevention and recidivism reduction strategies.

The CDCR is organized into thirteen programs: Corrections and Rehabilitation Administration; Sentencing Commission; Corrections Standards Authority; Juvenile Operations; Juvenile Education, Vocations, and Offender Programs; Juvenile Parole Operations; Juvenile Health Care Services; Adult Operations; Adult Parole Operations; Board of Parole Hearings; Community Partnerships; Adult Education, Vocations, and Offender Programs; and Correctional Healthcare Services.

Effective July 1, 2005, all agencies that previously reported to the Youth and Adult Correctional Agency were consolidated into the Department of Corrections and Rehabilitation pursuant to the Governor's Reorganization Plan 1 of 2005 and Chapter 10, Statutes of 2005.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Corrections and Rehabilitation's Capital Outlay Program, see "Infrastructure Overview."

### MAJOR PROGRAM CHANGES

- **Adult Inmate and Parolee Population**-The average daily inmate population is projected to increase from 173,401 in 2006-07 to 177,577 in 2007-08, an increase of 4,176 inmates, or 2.4 percent. The average daily parole population is projected to increase from 119,148 in 2006-07 to 122,148 in 2007-08, an increase of 3,000 parolees, or 2.5 percent. The fiscal impact of these population increases in 2006-07 is \$9.7 million General Fund and -\$257,000 Other Funds. In 2007-08, the fiscal impact is \$53.8 million General Fund and \$533,000 Other Funds.
- **Population and Caseload Savings**-The Governor's Budget includes estimated savings resulting from modifications to the parole structure, which will allow law enforcement to focus on those who pose the greatest risk of committing another crime. This includes automatic discharge from parole for individuals with 12 months of 'clean time', and no parole for some low level offenders. The Budget also assumes the elimination of 90-day diagnostic evaluations. In total, these changes are estimated to result in savings of \$56.7 million in 2007-08 and \$75.5 million in 2008-09 and ongoing.
- **Juvenile Offenders and Parolee Population**-The Division of Juvenile Justice (DJJ) projects a juvenile institution population of 2,630 youthful offenders by June 30, 2007, 30 less than anticipated in the 2006 Budget Act. The 2007-08 year-end institution population is expected to decrease by 40 wards, resulting in a June 30, 2008 population of 2,490. Primarily due to delays in the implementation of smaller living units and associated staffing ratios called for in the Safety and Welfare and Mental Health Remedial Plans, the Governor's Budget proposes a decrease of \$9.3 million General Fund and \$488,000 other funds in 2006-07. There is an increase of \$8.2 million General Fund and decrease of \$639,000 other funds in 2007-08. The increase in General Fund is due to the ongoing implementation of the smaller living units and staffing ratios. However, the overall costs in 2007-08 are lower than the level of funding originally approved in both of the remedial plans due to slower activation than initially anticipated.

The juvenile parole population is expected to be 2,775 by June 30, 2007, a decrease of 160 from the 2006 Budget Act. By June 30, 2008, the juvenile parole population is expected to decrease by 240 from the level projected in the 2006 Budget Act to a total of 2,405. As a result, the Governor's Budget proposes decreases of \$1.2 million General Fund in 2006-07 and \$2.4 million General Fund in 2007-08.

The population adjustment proposed in the Governor's Budget for the Juvenile Education Program reflects staffing ratios consistent with the requirements of the Education Remedial Plan. General Fund Proposition 98 funding is projected to

## 5225 Department of Corrections and Rehabilitation - Continued

decrease by \$1.9 million in 2006-07 and \$2.6 million in 2007-08.

- **Shift of the DJJ Population**-The Budget reflects a net savings of \$32.9 million General Fund in 2007-08 resulting from changes to the DJJ's population that will reduce the number of juvenile offenders housed in state facilities. Another \$10 million General Fund savings will result from the elimination of funding for the Juvenile Justice Community Reentry Challenge Grant.
- **Parole Hearings Workload**-The Budget includes an additional \$5 million General Fund to ensure the continued implementation of the Valdivia Remedial Plan, primarily for correctional case records services and attorney services for each parolee.
- **Out-of-State Beds**-The Budget includes \$10.3 million in 2006-07 and \$13.2 million in 2007-08 for the Department to contract with prison facilities outside of California. This augmentation will allow for the transfer of up to 2,260 inmates, enhancing the safety of prison staff and inmates by easing the population crisis.
- **Sex Offender Management Plan**-The Governor's Budget includes \$30.4 million in 2006-07 and \$122.9 million in 2007-08 and ongoing to implement Proposition 83 (Jessica's Law), enacted legislation related to managing sex offenders (SB 1178, SB 1128, and AB 1015), and recommendations from the Governor's High Risk Sex Offender Task Force. Specifically, this augmentation includes funding to provide active Global Positioning System (GPS) monitoring and 20:1 parole agent ratios for 3,300 high-risk sex offender parolees, and passive GPS monitoring and 40:1 parole agent supervision ratios for 5,700 non-high risk sex offender parolees. This augmentation also includes funding to provide treatment for high-risk sex offenders, provide biannual polygraph testing of high-risk sex offenders on parole, and provide additional parole agents to coordinate with Sexual Assault Felony Enforcement Teams.
- **Adult Probation Funding**-In order to increase the effectiveness of the adult probation services in California, particularly with offenders in the 18 to 25 year old range, the Budget includes \$50 million in 2007-08 for local assistance grants to fund the California Adult Probation Accountability and Rehabilitation Act program. This program will be modeled after the successful Juvenile Justice Crime Prevention Act program, which has deterred countless thousands of juveniles from becoming state prison and county jail inmates. This investment will increase to \$100 million in 2008-09.
- **Consolidated Information Technology Infrastructure Program**-The Administration proposes \$32.4 million General Fund to upgrade the information technology infrastructure of the Department's correctional facilities. This program will centralize and standardize the Department's wide-area-network and local-area-network.
- **Teacher Pay and Schedule Parity**-The Budget includes \$4.9 million General Fund in 2007-08 to provide schedule and pay parity to teachers and vocational instructors in adult institutions. Teachers and vocational instructors in the Division of Juvenile Justice previously received a similar package that has proven successful as a recruitment and retention tool.
- **Sentencing Commission**-The Governor proposes to create the California Sentencing Commission to review and make recommendations on sentencing guidelines and parole policies. The Commission will act as a clearinghouse and information center for sentencing and submit recommendations on sentencing guidelines to the Legislature each year. The Budget includes \$457,000 General Fund for the Commission.
- **Strategic Offender Management System**-The Budget includes \$3.6 million General Fund in 2007-08 for the Strategic Offender Management System, an integrated offender database that will allow the Department to centrally maintain information related to an offender's institutional and parole time, including housing, classification, sentencing information, custody status, program outcomes, gang affiliation, education, vocational training, scheduling, and revocation.
- **Court Orders and Lawsuits**-The Budget includes \$130 million in 2006-07 and \$278.9 million in 2007-08 to comply with court orders and lawsuits, including the health care Receiver in the case of Plata v. Schwarzenegger.

### **PROGRAM DESCRIPTIONS (Program Objectives Statement)**

#### **10 CORRECTIONS AND REHABILITATION ADMINISTRATION**

The objective of the Corrections and Rehabilitation Administration Program is to provide policy direction, accountability, administrative oversight, and support to ensure the overall success of all adult and juvenile correctional and rehabilitation programs. The program consists of the Executive Office; Legislative Affairs; Public and Employee Communications; Internal Affairs; Victim and Survivor Rights Services; Office of Civil Rights; Support Services; Information Technology; Audits and Compliance; Labor Relations; Policy, Analysis and Planning; Research; Risk Management; Legal Affairs; Ombudsman; Correctional Safety; and the Division of Health Care Policy.

#### **11 CALIFORNIA SENTENCING COMMISSION**

The objective of the proposed California Sentencing Commission is to review and make recommendations on sentencing guidelines. The Commission will include the Attorney General, the Secretary of the Department of Corrections and Rehabilitation, and 15 members appointed by the Governor representing various stakeholders including the Legislature, law enforcement, victims, labor, and other groups. The Commission will act as a clearinghouse and information center for sentencing, and submit recommendations on sentencing guidelines to the Legislature each year.

#### **15 CORRECTIONS STANDARDS AUTHORITY**

The Corrections Standards Authority (CSA) program is to provide leadership in the development of programs and program planning efforts that focus on local juvenile and adult correctional effectiveness, administer federal and state grants that support the collaborative planning efforts, provide technical assistance and training in planning and program implementation, and conduct research and evaluations. This program sets minimum standards and assists local agencies in meeting these standards for juvenile and adult detention facilities, administers grant funds to maximize the protection of the public while assuring safety of detention staff and offenders in local custody, and is responsible for administering the Jails Removal/Compliance Monitoring Program.

The CSA works with local corrections officials to ensure the performance of complex tasks by local corrections professionals, engages the local corrections community in the establishment of minimum standards for personnel selection and training, and is designated by the federal Department of Justice, Office of Juvenile Justice and Delinquency Prevention, as the responsible state planning agency to administer federal juvenile justice and delinquency prevention funds designated for California.

#### **20 JUVENILE OPERATIONS**

The Department of Corrections and Rehabilitation accepts commitments from California courts provided that the person to be committed was under 18 years of age at the time the offense was committed, can materially benefit from institutional programs, and there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations Program is to ensure the operation of safe and secure juvenile facilities, to perform tasks related to routine day-to-day operations of institutions and camps, and to provide juvenile offenders necessary services such as security, feeding, clothing, and facility operations. In addition, this program provides for staff training, ward intake and court services, and population management services, performs facility maintenance, and maintains ward master files. This program oversees operations for 8 facilities and 2 conservation camps.

#### **21 JUVENILE EDUCATION, VOCATIONS, AND OFFENDER PROGRAMS**

The objective of the Juvenile Education, Vocations, and Offender Programs is to reduce the number of individuals who re-offend by providing basic academic education, vocational education, and treatment programs to help wards develop acceptable socialization and employment skills.

Education programs for juveniles include core academic and career/technical preparation high school courses, general education development preparation, basic skills enhancement, and college preparation. All curriculum presented to students is infused with values-based character education. Supplemental services include library services, special education, English learner services, basic skills enhancement, high school credit work experience, and community service.

Treatment programs begin by performing diagnostic studies, program assignment, objective setting and progress evaluation, and parole planning for each individual. Based on the results of this evaluation, various counseling and treatment programs are available, including mental health programs (i.e. intensive treatment, specialized counseling, sex offender treatment, special behavior treatment, correctional treatment centers, intermediate care facilities, and general population outpatient services), substance abuse treatment programs, camp programs, and work employability programs.

#### **22 JUVENILE PAROLE OPERATIONS**

The objective of the Juvenile Paroles Operations program is to assist juveniles to successfully reintegrate into the community after release to parole. Parole services staff implement structured and intensive parolee supervision through enforcement of conditions of parole, crisis intervention, supportive services, specialized services, intervention and corrective action, and temporary detention sanctions. Other major parole services activities include transitional aftercare services for specific high-risk offenders, including mental health, sex offender and substance abuse services.

## **5225 Department of Corrections and Rehabilitation - Continued**

### **23 JUVENILE HEALTH CARE SERVICES**

The mission of the Health Care Services Program is to provide medical, dental and mental healthcare to the juvenile population statewide consistent with adopted standards for quality and scope of services within a custodial environment. The program strives to achieve this mission by providing cost-effective, timely, and competent care.

### **25 ADULT OPERATIONS**

The Department is required by statute to accept convicted felons and civilly committed non-felon narcotic addicts from California courts when their sentence is imprisonment in a state correctional facility. The objective of the Adult Operations program is to provide safe and secure detention facilities to protect society from further criminal activities and to provide necessary services such as feeding, clothing, record keeping, inmate classification assessments, and employee training.

The Adult Operations program consists of 33 operating correctional institutions, 11 of which have reception centers. The program is responsible for 13 community correctional facilities and 44 conservation camps, which perform public conservation projects including, but not limited to, forest fire prevention, watershed management, and soil conservation. The program also includes a full continuum of evidence-based substance abuse treatment, including 39 in-prison therapeutic community substance abuse treatment programs in 22 institutions.

### **30 ADULT PAROLE OPERATIONS**

The primary objective of the Adult Parole Operations program, consistent with the need for public safety, is to increase the rate and degree of successful reintegration and release to society of offenders paroled from state prison. The program is responsible for providing direct supervision, surveillance and necessary apprehension of the state's parolee population. In addition, the program works in conjunction with the Adult Education and Vocations Programs to provide offenders with direct support services (job placement, education, housing, etc.) and community referral services (substance abuse treatment, batterer's programs, etc.).

Standard and specialized caseloads and degree of supervision monitoring are determined by case factors related to the offender's propensity for violence, past criminal history, and current service needs. When required case assessments indicate, selected parolees will be placed in a higher supervision category intended to prevent, detect, or interrupt behavior likely to endanger the community. Case supervision, reassessment, and reclassification based on parolee behavior and stability in the community are regularly scheduled.

The program utilizes a variety of rehabilitation and assistance programs designed to promote successful reintegration of parolees, while protecting public safety. These programs include, but are not limited to, the In-Custody Drug Treatment Program, Transitional Housing for Parolees, Parolee Services Centers, and Police and Corrections Teams. The program also includes a full continuum of transitional programs, including evidence-based substance abuse treatment, to prepare inmates for release on parole, and community-based continuing care upon parole. Parolees who did not receive in-prison treatment are also eligible for community based residential and outpatient treatment.

The Adult Parole Operations also provides mental health services/treatments to parolees through the Department's Parole Outpatient Clinics. The objectives of this treatment are to ensure public safety and to reduce recidivism through the stabilization and monitoring of the parolees' mental health issues. In keeping with statutory intent, providing treatment and services to parolees that facilitate their reintegration into the community and reduce recidivism has proven to be an effective strategy for reducing state costs.

### **35 BOARD OF PAROLE HEARINGS**

The objective of the Board of Parole Hearings Program is to promote public safety through parole processes and decisions that are fair and to provide the required due process to inmates and wards throughout the hearing process. For adult offenders, the Board of Parole Hearings is responsible for setting the terms and conditions of parole, conducting parole consideration hearings for eligible inmates serving life sentences and parolees charged with violating parole, issuing warrants, and determining whether parolees should be considered for discharge from parole. For juvenile offenders, the Board is responsible for setting the terms and conditions of parole, conducting parole consideration hearings for all wards sentenced by the juvenile court to the Division of Juvenile Justice, issuing warrants, and determining whether juvenile parolees should be considered for discharge from parole. Hearings are also conducted for mentally disordered offenders, sexually violent predators, and serious offenders. In addition, at the Governor's request the Board investigates applications and forwards recommendations for pardons and commutations of sentence, including those involving the death penalty. It also has the discretion to recommend to the court that a prisoner be re-sentenced in situations calling for compassionate release.

### **40 COMMUNITY PARTNERSHIPS**

The objective of the Division of Community Partnerships is to develop meaningful collaborations and processes to promote shared responsibility for improving recidivism and community safety by establishing and expanding collaborative relationships with key stakeholders. These stakeholders include local law enforcement, local governments, faith-based and community organizations, and academic institutions. The Division is also charged with managing the following programs: Inmate Leisure Time Activity Groups, Inmate Family and Religious Programs, grants for faith-based and community organizations, volunteers and local government partnerships.

### **45 ADULT EDUCATION AND VOCATIONS PROGRAMS**

The objective of the Adult Education and Vocations Programs is to contribute to public safety by designing and operating programs that enable offenders to successfully reenter society by addressing the deficits that led them to criminal behavior.

## 5225 Department of Corrections and Rehabilitation - Continued

It also ensures that departmental educational and vocational programs provide inmates with an opportunity for self-improvement through acquiring life skills and career training.

### 50 ADULT HEALTH CARE SERVICES

The objective of the Correctional Healthcare Services program is to provide medical, dental, and mental health care to the inmate population statewide consistent with adopted standards for quality and scope of services within a custodial environment. The program strives to achieve this mission by providing cost-effective, timely, and competent care. Additionally, the program promotes inmate responsibility for their health.

The Program currently operates 4 licensed hospitals and a skilled nursing facility for female inmates. The Program also operates 11 Correctional Treatment Centers (CTCs), with an additional 2 CTCs pending licensure, and 5 under construction. In addition, the Department operates a hospice care wing at the California Medical Facility and an HIV unit at the California Institution for Men.

## 5225 Department of Corrections and Rehabilitation - Continued

### INFRASTRUCTURE OVERVIEW

The California Department of Corrections and Rehabilitation (CDCR) operates 41 youth and adult correctional facilities, 44 camps, and 5 adult prisoner/mother facilities. The CDCR contracts for 19 adult parolee service centers and 13 adult community correctional facilities and leases beds at 3 county jails. The CDCR also operates 192 youth and adult parole units and sub-units, 4 parole outpatient clinics, and 2 correctional training centers. In addition, the CDCR has 10 regional accounting offices and leases almost two million square feet of office space.

Currently, the CDCR houses approximately 173,000 adult inmates and 2,500 youth wards. The CDCR also supervises approximately 122,000 adult and 2,400 youth parolees.

The CDCR operates 4 licensed general acute care hospitals, 1 licensed skilled nursing facility, 1 hospice program for the terminally ill, 14 licensed correctional treatment centers, 3 hemodialysis clinics, and outpatient housing units at most correctional facilities.

The CDCR's infrastructure includes more than 42 million square feet of building space on more than 27,000 acres of land (42 square miles) statewide.

### MAJOR PROJECT CHANGES

- The Governor's Budget proposes \$303.1 million in General Fund and \$9.5 billion in lease-revenue bond funding for projects providing infrastructure, housing and program space at existing prisons, 10 new reentry facilities, litigation-driven infrastructure, and capacity at local jails and juvenile facilities. This amount includes \$116.5 million to complete the Condemned Inmate Complex at San Quentin State Prison.
- The Governor's Budget proposes \$63.8 million in General Fund and \$10.3 million in lease-revenue bond funding for 15 major capital outlay projects at various institutions. This amount includes \$47.5 million for wastewater and water systems at Chuckawalla State Prison, Mule Creek State Prison, Sierra Conservation Center, California Correctional Center, Centinela State Prison, California State Prison, Corcoran; \$10.8 million to replace cell fronts at California Institution for Men, Deuel Vocational Institute, California Training Facility, and California Medical Facility; \$10.5 million for a kitchen replacement at the California Men's Colony; \$4.9 million for court related mental health or medical programming; and \$.4 million for the conversion of existing office space at Folsom State Prison.
- The Governor's Budget proposes \$9.5 million in General Fund for approximately 19 minor capital outlay projects and budget packages.
