

Legislative, Judicial, and Executive

Governmental bodies classified under the Legislative, Judicial, Executive section of the Governor's Budget are either established as independent entities under the California Constitution, or are departments with a recognized need to operate outside of the administrative oversight and control of an agency secretary. Constitutionally-established bodies include the Legislature, Judicial Branch, Governor's Office, and constitutional officers. This section also includes such independent entities as the Inspector General, the California Emergency Management Agency, and the California State Lottery.

0100 Legislature

The Legislature is comprised of two houses, the Senate and the Assembly, and is responsible for enacting laws and establishing public policy for California. The State Senate is comprised of 40 members who are elected for 4-year terms. Each Senator serves no more than two terms. The State Assembly is comprised of 80 members who are elected for 2-year terms. Each Assembly member serves no more than three terms.

MAJOR PROGRAM CHANGES

- The Budget includes a reduction of the Legislature's budget in the amount of \$18.3 million in 2008-09 and \$24.9 in 2009-10. A portion of this reduction is related to reducing the Legislature's budget consistent with the reductions taken by other constitutional officers reflected in the 2008 Budget Act. The balance is related to not providing funding growth that is in the workload budget.

0150 Contributions to the Legislators' Retirement System

Established in 1947, the Legislators' Retirement System provides retirement and death benefits for Legislators, Constitutional Officers, and Legislative Statutory Officers.

The Legislators' Retirement System is funded through contributions from the state and members of the system and from investment earnings. The members' contributions are dependent upon when the member first enrolled in the Legislators' Retirement System. Members enrolled prior to March 4, 1972, contribute 4 percent of their salaries while members enrolled after that date contribute 8 percent of their salaries. The state's contribution to the Legislators' Retirement System varies each year and is based on the amount needed to pay future benefits. In years when members' contributions and investment earnings exceed the amount needed to pay benefits, the state does not make any contributions. Since 2000-01 the Legislators' Retirement System has been super-funded, eliminating the need for the state or members to make contributions.

The California Public Employees' Retirement System administers the Legislators' Retirement System on behalf of its members. Retirement benefits paid are based upon age, years of service, and compensation. Benefits for death, disability and surviving dependents of deceased members are also provided under specific conditions.

Proposition 140, approved by the voters in 1990, prohibits legislators taking office for the first time after November 6, 1990, from participation in the Legislators' Retirement System.

0160 Legislative Counsel Bureau

The Legislative Counsel Bureau provides legal assistance to the two houses of the Legislature, their members and its committees by resolving a large volume of complex legal problems arising in connection with the legislative process. The legal services furnished include rendering opinions, drafting bills, counseling, attendance as counsel at meetings of legislative committees, and representing the Legislature in litigation. The attorney-client relationship is maintained and all work is confidential.

In addition, the Bureau prepares and provides necessary indices and appropriate tables necessary to identify legislative measures and compiles and indexes statutes and codes.

The Bureau operates the Legislative Data Center, which provides information technology services in support of the legislative information system and the processing of legislative measures.

0250 Judicial Branch

Article VI of the Constitution creates the Supreme Court of California and the Courts of Appeal to exercise the judicial power of the state at the appellate level. Article VI also creates the Judicial Council of California to administer the state's judicial system. Chapter 869, Statutes of 1997, created the California Habeas Corpus Resource Center to represent any person financially unable to employ appellate counsel in capital cases.

Chapter 850, Statutes of 1997, enacted the Lockyer-Isenberg Trial Court Funding Act of 1997 to provide a stable and consistent funding source for the trial courts. Beginning with the 1997-98 fiscal year, consolidation of the costs of operation of the trial courts was implemented at the state level, with the exception of facility, revenue collection, and local judicial benefit costs. This implementation capped the counties' general purpose revenue contributions to trial court costs at a revised 1994-95 level. The county contributions become part of the Trial Court Trust Fund, which supports all trial court operations. Fine and penalty revenue collected by each county is retained or distributed in accordance with statute. Each county makes quarterly payments to the Trial Court Trust Fund equal to the fine and penalty revenue received by the state General Fund in 1994-95, as adjusted by amounts equivalent to specified fine and fee revenues that counties benefited from in 2003-04. Chapter 1082, Statutes of 2002, enacted the Trial Court Facilities Act of 2002, which provided a process for the responsibility for court facilities to be transferred from the counties to the state by July 1, 2007. This Chapter also established several new revenue sources, which went into effect on January 1, 2003. These revenues are deposited into the State Court Facilities Construction Fund for the purpose of funding the construction and maintenance of court facilities throughout the state. As facilities transfer to the state, counties will also contribute revenues for operation and maintenance of court facilities based upon historical expenditures.

The mission of the Judicial Branch is to resolve disputes arising under the law and to interpret and apply the law consistently, impartially, and independently to protect the rights and liberties guaranteed by the Constitutions of California and the United States, in a fair, accessible, effective, and efficient manner.

In order to consolidate operational costs of the Judicial Branch, the Governor's Budget combined the previously separate budgets of Judicial and State Trial Court Funding as the Judicial Branch beginning with the 2005-06 fiscal year.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Judicial Branch's Capital Outlay Program see "Infrastructure Overview."

Government Code Sections 68660-68666.

MAJOR PROGRAM CHANGES

- SB 1407 Implementation-The Budget includes \$17.5 million to begin implementation of SB 1407 (Chapter 311, Statutes of 2008), which provided for the construction and financing of up to \$5 billion in courthouse construction projects. Included in this augmentation is \$15 million for facility modifications, and \$2.5 million for staff to oversee the modifications and the larger construction projects.
- Court Security Funding-The Budget includes an increase of \$28.4 million to address a shortfall in trial court security costs. This augmentation would be supported by a \$7 increase in the court security fee.
- New Judgeships-The Budget proposes \$71.4 million General Fund to fund 100 additional Trial Court judgeships. These additional judgeships will increase access to the courts, address backlogs, and provide equitable justice throughout the state. Legislation is required to create the new judgeships for 2009-10.
- Courts Reductions-The Budget includes an unallocated reduction of \$146 million to the State Judiciary and Trial Courts for 2009-10. This reduction equals the sum of various one-time reductions included in the 2008 Budget Act and the annual growth factor adjustment the courts would normally receive, which were included in the workload budget prior to the application of the reduction amount.
- Delay Implementation of the Guardianship and Conservatorship Reform Act-The Budget includes a reduction of \$17.4 million General Fund related to delaying the implementation of the Guardianship and Conservatorship Reform Act of 2006.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - SUPREME COURT

The Supreme Court is the highest court in the California judicial system. Its decisions are binding on all other California state courts. The Chief Justice of California and the six Associate Justices entertain petitions seeking review of decisions from the Courts of Appeal, original petitions for extraordinary relief (such as writs of mandate or habeas corpus), and recommendations for discipline of judicial officers and attorneys. The Court grants review and issues opinions in order to settle legal questions of statewide importance. In addition, under the California Constitution, all death penalty judgments are appealed directly to the Supreme Court.

20 - COURTS OF APPEAL

Established by a constitutional amendment in 1904, the Courts of Appeal are California's intermediate courts of review. The six District Courts of Appeal hear appeals and original proceedings at nine different locations around the state. Cases before the Courts of Appeal involve every area of civil and criminal law.

30 - JUDICIAL COUNCIL

The Judicial Council of California is the constitutional policy-making body for the state judiciary. The Council consists of 21 voting members and 6 advisory members; the Chief Justice of California serves as chair. The Administrative Office of the Courts is the administrative arm of the Council. This office provides policy support to the Council, administrative accountability in the operation of the courts as specified by law, and administrative support for courts in areas such as budget, fiscal services, coordination of the assignment of retired judges, technology, education, legal advice and services, human resources, legislative advocacy, and research.

0250 Judicial Branch - Continued

Consistent with the judiciary's mission, the Judicial Council is guided by the following principles:

- To make decisions in the best interests of the public and the court system as a whole.
- To conduct the Council's business based on an underlying commitment to equal and timely justice and public access to an independent forum for the resolution of disputes.
- To provide leadership in the administration of justice by planning and advocating for policies and resources that are necessary for courts to fulfill their mission.
- To ensure the continued development of an accessible, independent court system through planning, research, and evaluation programs, and through the use of modern management approaches and technological developments.
- To provide leadership in the administration of justice by establishing broad and consistent policies for the operation of the courts and appropriate uniform statewide rules and forms.
- To promote a competent, responsive, and ethical judiciary and staff through a comprehensive program of judicial education and training for court employees.
- To contribute to the public's understanding of the judicial process through a continuing program of public education.
- To provide assistance to the courts in developing action plans that are consistent with the Council's Strategic Plan and that address local needs and priorities.

35 - JUDICIAL BRANCH FACILITY PROGRAM

The Judicial Branch Facility Program administers the acquisition, planning, construction, operations, and maintenance of judicial branch facilities. This program is responsible for the development of long-term facilities master plans, facility and real estate management, and new courthouse planning, design, and construction.

45 - STATE TRIAL COURT FUNDING

45.10 - SUPPORT FOR THE OPERATION OF THE TRIAL COURTS

This program's objective is to provide the resources necessary for the adjudication of civil and criminal cases in the state's countywide trial court systems. This program includes all allowable trial court administrative costs under Chapter 850, Statutes of 1997, except salaries and benefits of Superior Court judges, compensation for assigned judges, and support for language interpreters.

45.25 - COMPENSATION OF SUPERIOR COURT JUDGES

This program provides funding for the salaries and state benefits for Superior Court judges.

45.35 - ASSIGNED JUDGES

This program provides support for the salaries and related costs of retired as well as active judges who are assigned by the Chief Justice to positions in courts which require assistance due to caseload backlogs or other factors impacting the ability of a court to avoid case delay.

45.45 - COURT INTERPRETERS

This program supports the provision of qualified language interpreters in criminal or juvenile proceedings as required by statute.

50 - HABEAS CORPUS RESOURCE CENTER

The Habeas Corpus Resource Center provides legal representation for indigent petitioners in death penalty habeas corpus proceedings before the Supreme Court of California and the federal courts. The Center also recruits and trains attorneys to expand the pool of private counsel qualified to accept appointments in death penalty habeas corpus proceedings, serves as a resource to them, and thereby helps to reduce the number of unrepresented indigents on California's death row.

INFRASTRUCTURE OVERVIEW

The Judicial Council facilities consist of the Supreme Court, Appellate Courts, Trial Courts, and the Administrative Office of the Courts. The Supreme Court is located within the San Francisco Civic Center Plaza (98,000 square feet (sf)), the Library and Courts Building in Sacramento (2,480 sf), and the Ronald Reagan State Office Building in Los Angeles (9,600 sf). The Appellate Courts are organized into six districts, operate in 10 different locations, and consist of 470,000 sf. The Trial Courts are located in 58 counties statewide consisting of more than 450 buildings, 2,100 courtrooms, and over 10 million sf of usable area. The space includes public courtrooms, judges' chambers, staff workspace, storage space, training rooms, and conference rooms. The Administrative Office of the Courts facilities are located in San Francisco (Headquarters), Burbank, and Sacramento and occupy 307,000 sf.

MAJOR PROJECT CHANGES

- Chapter 311, Statutes of 2008 (SB 1407) increased a number of existing court fees and fines in order to fund the construction or renovation of major court infrastructure projects. Included in the 2009-10 Governor's Budget are 12 new projects to replace deficient court facilities which will be funded solely from the revenues generated by the fine and fee increases as authorized by SB 1407.

0280 Commission on Judicial Performance

The California Commission on Judicial Performance is the independent state agency responsible for investigating complaints of judicial misconduct and judicial incapacity, and for disciplining judges pursuant to Article VI, Section 18 of the California Constitution. It is the only body with such authority in the state. Its jurisdiction includes all active judges and justices of California's superior courts, Courts of Appeal and Supreme Court, and former judges for conduct prior to retirement or resignation. The Commission also shares authority with the local courts for the oversight of court commissioners and referees. In addition to its disciplinary functions, the Commission is responsible for handling judges' applications for disability retirement.

The Commission's authority is limited to investigating alleged judicial misconduct and, if warranted, imposing discipline. Judicial misconduct usually involves conduct in conflict with the standards set forth in the Code of Judicial Ethics. After investigation and, in some cases a public hearing, the Commission may impose sanctions ranging from confidential discipline to removal from office.

The Commission is composed of 11 members: 3 judges appointed by the Supreme Court, 2 attorneys appointed by the Governor, and 6 lay citizens, of which 2 are appointed by the Governor, 2 are appointed by the Senate Committee on Rules, and 2 are appointed by the Speaker of the Assembly. Members are appointed to four-year terms and may serve two terms. Commission members do not receive a salary.

0390 Contributions to the Judges' Retirement System

The Judges' Retirement System provides retirement benefit funding for California's Supreme and Appellate Court Judges, as well as Superior and Municipal Court Judges.

The Judges' Retirement System provides retirement, disability and death benefits based on age, years of service, compensation of active judges, and eligibility as determined by specific sections of the Judges' Retirement Law. The Judges' Retirement System receives contributions equal to eight percent of salary from both active judges and the state. Additional contributions come from filing fees for specific civil cases, and investment income. These contributions, however, are not sufficient to fully fund benefit payments. Consequently, current law requires the state to fund the difference between existing contribution resources and the required benefit payments to retired judges.

A second retirement system for judges was established in 1994. All new judges elected or appointed on or after November 9, 1994, become members of Judges' Retirement System II. The Judges' Retirement System II receives contributions from judges equal to 8 percent of their salary as well as investment income. The state's contributions are adjusted annually to maintain actuarial soundness of the fund. Judges' Retirement System II members that are eligible for a service retirement also have the option of choosing the monetary credit plan (a lump-sum return of contributions and interest earned) or the defined benefit plan.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - Office of the Chief Information Officer

The Office of the Chief Information Officer (Office) maintains current policies for information technology activities to ensure the state adopts and uses "best practices" technology in managing the programs and functions of the state. The policies developed and adopted by the Office focus on minimizing overlap, redundancy, and operating costs by promoting the efficient and effective use of information technology. The Office maintains a state information technology strategic plan, establishes statewide information policies and standards, facilitates the development and implementation of enterprise initiatives, and maintains a governance structure to address issues and concerns that arise as part of technology deployment.

In addition, the Office ensures that project-specific decisions are consistent with the state's policies and direction for information technology development, including project management, oversight and risk mitigation. The Chief Information Officer also makes recommendations to the Department of Finance and the Governor regarding the costs and benefits of providing funding for specific projects and activities, and advises departments/agencies when proposed projects are not consistent with the information technology policies and direction the state is pursuing.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - ADMINISTRATION OF BUSINESS, TRANSPORTATION AND HOUSING AGENCY

The objective of this program is two-fold. The Secretary, a member of the Governor's Cabinet, advises the Governor on major policy and program matters and oversees the operations of the Agency's departments and programs. The Administration Program also provides support services for the Agency.

25 - INFRASTRUCTURE FINANCE AND ECONOMIC DEVELOPMENT

The Infrastructure Finance and Economic Development Program's objective is to encourage and promote economic activity and investment within the state through various infrastructure, small business finance, and economic development programs. The Agency serves as a catalyst to help all sectors of the California economy succeed, including technology, tourism, entertainment, and small business. This program also includes the California Infrastructure and Economic Development Bank, which finances public infrastructure and private development that promotes economic growth, revitalizes communities and enhances the quality of life for Californians.

0530 Secretary for California Health and Human Services Agency

The primary mission of the Health and Human Services Agency (HHS) is to provide policy leadership and direction to the departments, board and programs it oversees, to reduce duplication and fragmentation among HHS departments in policy development and implementation, to improve coordination among departments on common programs, to ensure programmatic integrity, and to advance the Governor's priorities on health and human services issues.

The HHS accomplishes its mission through the administration and coordination of state and federal programs for public health, health care services, social services, public assistance, health planning and licensing, and rehabilitation. These programs touch the lives of millions of California's most needy and vulnerable residents. HHS is committed to striking a balance between the twin imperatives of maintaining access to essential health and human services for California's most disadvantaged and at-risk residents while constantly pursuing ways to better manage and control costs.

The following departments and entities fall under the purview of the HHS:

- Department of Aging
- Department of Alcohol and Drug Programs
- Department of Child Support Services
- Department of Community Services and Development
- Department of Developmental Services
- Emergency Medical Services Authority
- Department of Health Care Services
- Department of Mental Health
- Department of Public Health
- Department of Rehabilitation
- Department of Social Services
- Office of Statewide Health Planning and Development
- Managed Risk Medical Insurance Board

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - Administration of Resources Agency

The Resources Agency sets the policies and coordinates the environmental preservation and restoration activities of 24 various departments, boards, commissions, and conservancies, and directly administers the Sea Grant Program, California Environmental Quality Act (CEQA), River Parkways, and the Sierra Nevada Cascade grant programs.

20 - CALFED Bay-Delta Program

The CALFED Bay-Delta Program coordinates 24 state and federal agencies to implement a long-term comprehensive plan that will restore ecological health and improve water supply reliability in the San Francisco Bay/Sacramento-San Joaquin Delta (Bay-Delta) system.

Restoration objectives are set forth in a 30-year comprehensive plan to address the ecosystem health and water supply reliability problems in the Bay-Delta. The plan identifies projects and strategies to address eleven major program elements, including ecosystem restoration, drinking water quality, levee system integrity, watershed management, water storage, water transfers, water use efficiency, delta water conveyance, science, water management, and an environmental water account for water purchases.

Effective July 1, 2006, Chapter 77, Statutes of 2006 reorganized the CALFED Bay-Delta Program and transferred the functions of the California Bay Delta Authority to other departments and agencies. The executive management and Science Program functions were transferred to the Secretary for Resources (organization code 0540), the Ecosystem Restoration Program functions to the Department of Fish and Game (organization code 3600), the CALFED Bay-Delta administrative functions to the Department of Forestry and Fire Protection (organization code 3540), the Water Quality program functions to the State Water Resources Control Board (organization code 3940), and the Levees and Water Use Efficiency program functions to the Department of Water Resources (organization code 3860).

0552 Office of the Inspector General

The Office of the Inspector General oversees the state's correctional system through audits, special reviews, and investigations and contemporaneous monitoring of the Department of Corrections and Rehabilitation. Although the duties required of the Inspector General's Office are complex, its mission is clear: to protect public safety by safeguarding the integrity of California's correctional system.

The Office of the Inspector General's Bureau of Audits and Investigations promotes accountability through objective, independent audits, special reviews, inspections, and investigations of California's correctional system. As a result of the audits, reviews, inspections, and investigations, the Inspector General provides impartial analysis and policy recommendations to the Governor, the Legislature, correctional administrators, and the public. The Office of the Inspector General is mandated to perform baseline audits of correctional institutions and wardens in addition to evaluating the qualifications of warden and superintendent candidates whose names have been submitted by the Governor.

Established within the Office of the Inspector General is the Bureau of Independent Review, which is primarily responsible for monitoring all significant internal affairs investigations and disciplinary actions conducted by the Department of Corrections and Rehabilitation to ensure they are performed in a timely and professionally sound manner through the oversight of those investigations and the employee discipline process. With regional offices throughout the state, the bureau also provides contemporaneous oversight monitoring of all deadly force incidents, certain custodial death incidents and other significant critical incidents. As required by statute, the bureau's monitoring activities are reported semi-annually to the public on the OIG website as internal affairs investigations are conducted.

In addition, the Public Safety and Offender Rehabilitation Services Act of 2007, Chapter 7, Statutes of 2007, created the California Rehabilitation Oversight Board (Board) within the Office of the Inspector General. The Board's mandate is to examine the Department of Corrections and Rehabilitation's various mental health, substance abuse, educational, and

employment programs for inmates and parolees. The Board meets quarterly to recommend modifications, additions, and eliminations of offender rehabilitation and treatment programs. The Board also submits biannual reports to the Governor, the Legislature, and the public to convey its findings on the effectiveness of treatment efforts, rehabilitation needs of offenders, gaps in offender rehabilitation services, and levels of offender participation and success.

MAJOR PROGRAM CHANGES

- The Governor's Budget includes \$3,271,000 and 17 positions in 2009-10 in order to implement a statewide medical inspection program. This program is the result of an agreement between the California Prison Receivership and the Office of the Inspector General. The Office of the Inspector General will inspect and audit the medical programs of the California Department of Corrections and Rehabilitation (CDCR). This inspection program will apply a standardized rating system to CDCR's medical programs throughout the state. This will provide comprehensive, impartial, and periodic evaluations of prison health care.

0555 Secretary for Environmental Protection

The Secretary for Environmental Protection is the cabinet level voice for the protection of human health and the environment. The agency's programs restore, protect and enhance environmental quality, and ensure public health. The Office of the Secretary coordinates the state's environmental regulatory programs and promotes the state's economic vitality. The Secretary also administers the children's environmental health, environmental justice, environmental law enforcement, environmental education, emergency preparedness and response, Certified Unified Program Agencies (CUPAs), and scientific review programs. The Secretary leads greenhouse gas emission reduction and climate change activities in state government, and is responsible for coordinating the implementation of Chapter 488, Statutes of 2006 (AB 32). The Secretary also oversees the development of a comprehensive green chemistry program to reduce or eliminate hazardous chemicals in our products and the environment.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

30 - SUPPORT PROGRAM

The Secretary for Environmental Protection's primary program objectives are to restore, protect and enhance environmental quality, and protect public health while fostering economic vitality. The Secretary oversees the state's environmental regulatory programs with particular emphasis on ensuring "cross-media" coordination, enhancing risk assessment (especially for children and other sensitive populations), enforcing laws consistently and fairly, and objectively measuring and reporting results.

0559 Secretary for Labor and Workforce Development Agency

The Labor and Workforce Development Agency was established to address important issues relating to California workers and their employers. The Agency is primarily responsible for three functions: labor law enforcement, workforce development, and benefit payment and adjudication. A leading Agency goal is to better serve workers and employers by coordinating services and programs in an efficient, effective manner that is relevant to current and future economic conditions. The Agency plays a central role in the Economic and Employment Enforcement Coalition, the purpose of which is to help legitimate businesses and California workers combat the underground economy, through a combination of enforcement and education activities.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

11 - STATE PLANNING AND POLICY DEVELOPMENT

The major activities of the Office include: (1) recommending and implementing state policies with regard to land-use and growth planning; (2) carrying out a program of policy research for the Governor and Cabinet; (3) providing technical advice to local governments with regard to planning; (4) advising permit applicants and government agencies on provisions of the California Environmental Quality Act and operating the State Clearinghouse for environmental and federal grant documents; (5) preparing guidelines for addressing greenhouse gas emissions in California Environmental Quality Act; (6) preparing guidelines and providing assistance to local agency formation commissions; (7) administering grants aimed at reducing gang activity and youth violence; and (8) conducting other activities as the Governor may direct.

21 - CALIFORNIA VOLUNTEERS

The California Volunteers is charged with increasing the number of Californians involved with service and volunteerism throughout the state. The California Volunteers administers programs such as AmeriCorps, Citizen Corps, and the Cesar Chavez Day of Service and Learning, guides policy development to support the non-profit and service fields, and is responsible for the coordination of a statewide network (californiavolunteers.org) that matches Californians to volunteer opportunities in their communities. Through the efforts of the California Volunteers, Californians of all ages and abilities are provided with ongoing opportunities to volunteer, to become better prepared to respond to emergencies and disasters, and ultimately, to embrace a lifetime ethic of service.

0690 California Emergency Management Agency

The principal objective of the California Emergency Management Agency (CalEMA) is to reduce vulnerability to hazards and crimes through emergency management and criminal justice to ensure a safe and resilient California. Assembly Bill 38 (Chapter 372, Statutes of 2008) created the CalEMA as an independent entity reporting directly to the Governor and vested the CalEMA with the duties, powers, purposes, responsibilities, and jurisdiction previously held within the Office of Emergency Services (OES) and the Office of Homeland Security (OHS).

CalEMA coordinates emergency activities to save lives and reduce property losses during disasters and to expedite recovery from effects of disasters. On a day-to-day basis, the CalEMA provides leadership, assistance, and support to state and local agencies in planning and preparing for the most effective use of federal, state, local, and private sector resources in emergencies. This emergency planning is based upon a system of mutual aid in which a jurisdiction relies first on its own resources, and then requests assistance from its neighbors. The CalEMA's plans and programs are coordinated with those of the federal government, other states, and state and local agencies within California.

During an emergency, the CalEMA functions as the Governor's immediate staff to coordinate the state's responsibilities under the Emergency Services Act and applicable federal statutes. It also acts as the conduit for federal assistance through natural disaster grants and federal agency support. Additionally, the CalEMA is responsible for the development and coordination of a comprehensive state strategy related to all hazards that includes prevention, preparedness, and response and recovery.

Further, the CalEMA improves the criminal justice system in California by providing financial and technical assistance to local governments, state agencies and the private sector for public safety and victim services.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the California Emergency Management Agency's Capital Outlay Program, see "Infrastructure Overview."

DEPARTMENT AUTHORITY

Government Code, Title 2, Division 1, Chapter 7; Penal Code, Part 4, Title 6, Chapter 3.

MAJOR PROGRAM CHANGES

- California Emergency Management Agency (CalEMA)-The Budget reflects implementation of Assembly Bill 38 (Chapter 372, Statutes of 2008), which created CalEMA and vested within it the duties, powers, purposes, responsibilities, and jurisdictions previously held within the OES and OHS.
- Emergency Response Initiative-The Budget includes approximately \$60 million Emergency Response Fund in 2009-10 to provide statewide emergency response enhancements for CalEMA, the Military Department, and Cal Fire. Within CalEMA's budget, these enhancements include increased staffing for regional operation centers, state warning and emergency command centers, and law enforcement mutual aid regions. Increased funding is also provided for CalEMA to purchase new wildland fire engines and to prepare and submit an implementation plan for an emergency contingent contract to procure critical goods and services in the event of a natural disaster or emergency. For 2009-10, the Budget includes \$16.2 million Emergency Response Fund for CalEMA. These enhancements are proposed to be supported by a surcharge on homeowners insurance premiums which will generate revenues to the newly-created Emergency Response Fund.
- Public Safety Grant Reductions-The Budget includes a reduction of \$23.9 million General Fund in 2008-09 and \$60.3 million General Fund and 20.9 positions in 2009-10 for various public safety grant programs administered by CalEMA. Included in this reduction is funding for Vertical Prosecution Block Grants, Rural Crime Prevention, California Multi-jurisdictional Methamphetamine Enforcement Teams, the High Technology Theft Apprehension Program, Sexual Assault Felony Enforcement Teams, and various other public safety programs.
- Office of Gang and Youth Violence Policy-The Budget reflects the movement of the funding and staff resources of the Office of Gang and Youth Violence Policy from CalEMA to the Office of Planning and Research.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - SUPPORT OF HOMELAND SECURITY

The OHS developed and coordinated a comprehensive state strategy related to terrorism that included prevention, preparedness, response and recovery.

15 - MUTUAL AID RESPONSE

Through the Mutual Aid Response Program, the OES provided emergency mutual aid services to jurisdictions whose resources and services became overextended in a disaster situation. This included the effective use of federal, state, and local resources.

20 - EMERGENCY MANAGEMENT SERVICES

Through the Emergency Management Services Program, CalEMA provides effective use of federal, state, and local resources, through the mutual aid system to jurisdictions whose resources and services are overextended in a disaster situation. Also, this program develops and coordinates a comprehensive state strategy related to an all-hazards approach that includes prevention, preparedness, response, and recovery consistent with the National Strategy on Homeland Security. Central to this effort is maintaining operational readiness at all levels of government.

35 - PLANS AND PREPAREDNESS

Through the Plans and Preparedness Program, the OES developed and implemented emergency plans to ensure consistency in planning at all levels of government. This program also provided management courses in preparedness, mitigation, and technical training for radiological response and recovery

40 - SPECIAL PROGRAMS AND GRANT MANAGEMENT

The CalEMA serves as the State Administering Agent for federal homeland security, emergency management, and criminal justice grants and is the primary liaison with Federal Emergency Management Agency and United States Department of Homeland Security and other federal agencies. Additionally, the Agency serves as an advocate for local public safety, emergency management, and public and private agencies operating public safety and victim service programs. As part of its grant management role, CalEMA administers the California Disaster Assistance Act and provides eligible local agencies with financial assistance to recover from disasters. Within this program, CalEMA also trains emergency managers in preparedness and response to all hazards.

Included in this program is the State Terrorism Threat Assessment Center which operates a state-level intelligence database that assists law enforcement in combating terrorist activities in California, and coordinates those efforts with federal law enforcement agencies.

50 - CRIMINAL JUSTICE PROJECTS

Through the Criminal Justice Projects Program, the OES administered federal and state grant funding that supported public and private agencies operating public safety and victim services programs in communities throughout California.

51 - STATE TERRORISM THREAT ASSESSMENT CENTER

The State Terrorism Threat Assessment Center operated a state-level intelligence database that assists law enforcement in combating terrorist activities in California, and coordinated those efforts with federal law enforcement agencies.

55 - ADMINISTRATION AND EXECUTIVE

The Administration and Executive Program provided the overall policy direction of the OES and OHS and support services such as accounting, fiscal, personnel, and business services.

60 - SUPPORT OF OTHER STATE AGENCIES

Through the Support of Other State Agencies Program, the OHS provided federal homeland security grant funds to state agencies in support of anti-terrorism and other homeland security activities.

The merger of these activities into three new programs in CalEMA magnifies the focus and efforts on emergency preparedness, terrorism threats, public safety and victim services by promoting a consistent strategy for allocating limited state and federal resources.

65 - ADMINISTRATION AND EXECUTIVE

The Administration and Executive Program provides the overall policy direction of CalEMA and support services such as accounting, fiscal, personnel, and business services.

INFRASTRUCTURE OVERVIEW

The California Emergency Management Agency (Cal EMA) has a facility in Mather which provides the central point of control during emergency response and several offices located in Sacramento. Additionally, Cal EMA operates a Coastal Region operations center in Oakland, a Southern Regional coordination center at Los Alamitos Air Field, the California Specialized Training Institute at Camp San Luis Obispo, and various small field offices throughout the state.

MAJOR PROJECT CHANGES

- The Governor's Budget includes \$1,857,000 from the General Fund to begin the design phase for the construction of a replacement facility for the Southern Region Emergency Operation Center.

0750 Office of the Lieutenant Governor

Under California's Constitution, the Lieutenant Governor serves as Acting Governor whenever the Governor is absent from the state, and automatically becomes Governor if a vacancy occurs in the Office of Governor. The Lieutenant Governor is also President of the Senate and votes in case of a tie.

The Lieutenant Governor serves as a voting member of the Board of Regents of the University of California and a voting member of the Board of Trustees of the California State University system.

The Lieutenant Governor also serves on, and rotates with the State Controller, as chair of the three-member State Lands Commission, which oversees the control and leasing of millions of acres of state-owned land, including offshore oil resources, as well as use and permitting for all navigable waterways in California. The Commission also manages state

land-use planning and revenues, and related interstate issues. During alternate years, when the Lieutenant Governor serves as Chairperson of the State Lands Commission, he also serves as a member of the Coastal Commission.

In addition, under state statutes, the Lieutenant Governor chairs the California Commission for Economic Development, which provides support and guidance to the Governor, Legislature and private sector regarding the development of California's economy. The Lieutenant Governor is also a member of the State Job Training Coordinating Council and the California Emergency Council.

0820 Department of Justice

The constitutional office of the Attorney General, as chief law officer of the state, has the responsibility to see that the laws of California are uniformly and adequately enforced. This responsibility is fulfilled through the diverse programs of the Department of Justice.

The Department of Justice is responsible for providing skillful and efficient legal services on behalf of the people of California. The Attorney General represents the people in all matters before the Appellate and Supreme Courts of California and the United States; serves as legal counsel to state officers, boards, commissions, and departments; represents the people in actions to protect the environment and to enforce consumer, antitrust, and civil rights laws; and assists district attorneys in the administration of justice. The Department also coordinates efforts to address the statewide narcotic enforcement problem; assists local law enforcement in the investigation and analysis of crimes; provides person and property identification and information services to criminal justice agencies; supports the telecommunications and data processing needs of the California criminal justice community; and pursues projects designed to protect the people of California from fraudulent, unfair, and illegal activities.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Justice's Capital Outlay Program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- Correctional Writs and Appeals Unit-The Budget includes \$4.5 million General Fund and 26.6 positions for the Department of Justice (DOJ) to support increased habeas corpus workload, including federal habeas corpus appeals, which have increased dramatically since the courts, in November 2005, eliminated the requirement that inmates needed permission from the court before filing federal habeas corpus appeals.
- Class Action Workload and Quality Improvement-The Budget includes \$3.2 million General Fund and 17.1 positions for class action workload, and to enhance the state's legal defense against class action lawsuits. This augmentation would allow the DOJ to oppose class certification more aggressively, enhance the state's participation in the discovery process, and monitor, litigate, and conclude remedial orders.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

11 - DIRECTORATE AND ADMINISTRATION

The Directorate and Administration Division consists of the Attorney General's Executive Office and the Division of Administrative Support. The Division maintains overall direction and administration while providing oversight and monitoring of the diverse programs and projects of the Department, including but not limited to, the Equal Employment Rights and Resolution Office and the Opinions Unit. The Opinions Unit performs the Attorney General's duty under Government Code Section 12519 to provide written opinions to designated public officials on questions of law relating to their respective offices. This unit drafts all formal opinions issued by the Attorney General, most of which are published. Additionally, the Division provides administrative support functions consisting of fiscal, personnel, and technical support activities for the entire department including specialized services such as legal secretarial support, litigation support, law library services, and word processing, essential to the operations of a law firm.

20 - LEGAL SERVICES

Legal Services is organized into three elements: (1) Civil Law, (2) Criminal Law, and (3) Public Rights.

* Dollars in thousands

0820 Department of Justice - Continued

Civil Law represents the State of California and its officers, agencies, departments, boards, commissions and employees in civil matters. It provides advice to these clients, defends cases brought against them and prosecutes cases to vindicate state interests. Deputy Attorneys General in Civil Law have primary responsibility to manage and litigate cases in both state and federal courts at the trial level and on appeal, including appeals before the United States and California Supreme Courts. Deputies work in one of eight sections: Business and Tax; Correctional Law; Employment, Regulation and Administration; Government Law; Health, Education and Welfare; Health Quality Enforcement; Licensing; or Tort and Condemnation.

Criminal Law represents the state in criminal matters before the Appellate and Supreme courts. Criminal Law also fulfills the Attorney General's responsibilities of assisting district attorneys in cases for which they are recused, conducts criminal investigations and prosecutions of those engaged in illegal activities where local resources are inadequate to perform these functions, and defends state and federal habeas corpus matters. Additional responsibilities include enforcing the Political Reform Act, advising the Governor on extradition matters, investigating and prosecuting Medi-Cal provider fraud, investigating and prosecuting the abuse or neglect of elder and dependent adults residing in health care facilities, and the investigating, prosecuting, and coordinating litigation involving white-collar crime, high-tech/computer crime, and financial crimes against the elderly.

Public Rights protects and preserves the public interest by providing legal services to state agencies and Constitutional Officers. Public Rights provides specialized services in the following areas: Civil Rights Enforcement; Charitable Trusts (including Registry of Charitable Trusts); Natural Resources; Corporate Fraud (including False Claims, Energy and Corporate Responsibility); Indian and Gaming Law; Environment Law; Land Law; Consumer Law; Antitrust Law; and Tobacco Litigation Enforcement.

50 - LAW ENFORCEMENT

The Division of Law Enforcement is organized into six Bureaus: (1) Bureau of Firearms, (2) Bureau of Forensic Services, (3) Bureau of Gambling Control, (4) Bureau of Investigation and Intelligence, (5) Bureau of Narcotic Enforcement, and (6) the Western States Information Network.

The Bureau of Firearms provides oversight, enforcement, education and regulation of California's firearms/dangerous weapon laws by conducting firearms eligibility background checks and administering over thirty different state-mandated firearms-related programs. The Bureau conducts firearms dealer and manufacturer inspections and provides training as needed. Special Agents conduct investigations on armed and prohibited persons and other investigations resulting in the seizure of weapons. Agents also conduct firearms investigations to prevent illegal gun trafficking at in-state and out-of-state gun shows in accordance with state and federal law.

The Bureau of Forensic Services provides evaluation and analysis of physical evidence including expert court testimony to state and local law enforcement agencies by operating 11 specialized laboratories serving 47 counties as well as a forensic training facility and a DNA laboratory that is compiling and maintaining a database of sex and violent offenders.

The Bureau of Gambling Control regulates legal gambling activities in California to ensure gambling is conducted honestly and is free from criminal and corruptive elements by investigating the qualifications of individuals who apply for state gambling licenses and monitors the conduct of these licensees to ensure compliance with the Gambling Control Act. Further, it conducts criminal investigations in, on or about Tribal Casinos and Cardrooms. Its role also includes regulating Tribal Gaming by ensuring that each Tribe is in compliance with all aspects of the gaming compact entered into between the Tribe and the State.

The Bureau of Investigation and Intelligence provides expert investigative and intelligence services to the Office of the Attorney General and allied California law enforcement agencies. Outstanding technological support, innovative programs, investigative expertise and best practices in the collection and analysis of criminal intelligence are essential services offered by Bureau of Investigation and Intelligence Regional Offices, Field Offices, Intelligence Centers and Task Forces.

The Bureau of Narcotic Enforcement combats the state's narcotic and violent crime problem by providing leadership, coordination, and support to law enforcement through 9 regional offices and 41 multi-agency drug and gang task forces, special operations units, drug diversion, gang suppression enforcement teams and clandestine laboratory teams.

The Western States Information Network (WSIN) is a multi-state, multi-jurisdictional support organization for law enforcement with emphasis on field collection of intelligence by member agencies and the furnishing of analytical services to all member law enforcement agencies. WSIN provides a continuum of intelligence related services ranging from data analysis, a secure intranet, user-friendly databases, officer-safety deconfliction, specialized surveillance equipment loans, training and investigative funds. WSIN is committed to providing the most secure, accurate and timely criminal intelligence and assistance to its member agencies to enhance the investigation, arrest, prosecution and conviction of criminal offenders.

60 - CALIFORNIA JUSTICE INFORMATION SERVICES

The Division of California Justice Information Services provides criminal justice intelligence, information, and identification services to law enforcement, regulatory agencies, and the public. Four major functional areas carry out these primary services. The Bureau of Criminal Identification and Information maintains and administers the fingerprint identification system and the criminal history record system. The Bureau of Criminal Information and Analysis maintains and administers databases on persons, property, vehicles, and firearms. The Hawkins Data Center operates the Criminal Justice Information System and the California Law Enforcement Telecommunications System (CLETS). The Operation Support Bureau provides business resumption planning, project oversight to information technology projects, and assistance and training to users of criminal offender record information and CLETS, and oversight for the Electronic Recording Delivery Act.

INFRASTRUCTURE OVERVIEW

The Department of Justice (DOJ) has 86 facilities statewide consisting of 11 forensic laboratories, 11 legal offices, 22 storage locations, 2 air hangars and 40 other multi-functional locations totaling 1.8 million square feet.

These facilities support the constitutional office of the Attorney General who, as chief law officer of the state, has the responsibility to see that the laws of California are uniformly and adequately enforced. This responsibility is fulfilled through the diverse legal, law enforcement and criminal justice information programs of the DOJ.

0840 State Controller

The State Controller is the Chief Financial Officer of the state, elected by the people. The Controller's primary objectives are to:

- Provide sound fiscal control over both receipts and disbursements of public funds.
- Report periodically on the financial operations and condition of both state and local governments.
- Ensure money due the state is collected through fair, equitable, and effective tax administration.
- Provide fiscal guidance to local governments.
- Administer the Unclaimed Property and Property Tax Postponement Programs.
- Develop and establish policy for a significant number of boards and commissions, including all major tax boards.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - ACCOUNTING AND REPORTING

The Accounting and Reporting Division maintains uniform and systematic control accounts of all receipts, payments, state fund balances, and bonded indebtedness; reports the financial condition of the state; maintains a database of information and reports on local financial transactions; apportions shared revenues to local governments; administers local mandated cost programs; monitors the cash flow of the General Fund; and prescribes uniform accounting procedures for counties and special districts; administers and collects estate and inheritance taxes; collects delinquent insurance and motor vehicle fuel taxes and petroleum and gas assessments; services and collects loans formerly serviced by the Technology, Trade and Commerce Agency (abolished January 1, 2004); refunds gasoline taxes paid on fuel consumed for off-highway purposes; instructs and advises county tax collectors; administers the Property Tax Postponement Program for senior and disabled citizens; administers the statewide discharge from accountability program in conjunction with the California Victim Compensation and Government Claims Board; and reviews requests from state and local agencies to participate in the State's Interagency Intercept Program operated by the Franchise Tax Board (intercept of tax refunds or state lottery prizes).

20 - AUDITS

The Audits Division determines the legality and accuracy of all claims against the state through the performance of prepayment audits; assures the accuracy of local government claims and financial statements submitted to the state and federal governments by establishing and updating audit guidelines, reviewing audits performed by independent local auditors, and performing field audits for a variety of state and federal programs; and audits major businesses for compliance with the Unclaimed Property Law.

30 - PERSONNEL/PAYROLL SERVICES

The Personnel/Payroll Services Division administers the state's payroll, employment history and leave accounting processes in a manner that provides accurate, timely and efficient processing for the users of these systems. The Division pays state employees within the rules of the Uniform State Payroll process; maintains the state's official employment history and leave accounting processes in conformance with the appropriate laws, rules and memorandums of understanding and policies of the participating salary setting authorities; maintains the state's position roster and provides a wide variety of management and user information. The Division works with other entities, e.g., Department of Personnel Administration, Department of Finance, California State University Chancellor's Office, to maximize the efficiency of the state's personnel and payroll functions, while continuing to maintain the highest level and quality of customer service.

The 21st Century Project initiative will result in an integrated Human Resources Management System/Payroll system (MyCalPays) to replace the state's existing payroll, employment, position management and leave accounting systems and to develop a statewide time and attendance reporting capability. Additionally, the new MyCalPays system will provide significant ad-hoc report capabilities to a broad spectrum of control agency and departmental staff, employee self-service functionality to reduce work for departmental human resources offices and an environment based on electronic workflow.

The Division also administers and maintains the California Automated Statewide Travel Expense Reimbursement System (CalATERS) for managing and processing travel claim advance and expense reimbursement payments. Per Government Code Section 19822.3, unless exempted, all departments are required to use CalATERS starting July 1, 2009.

50 - UNCLAIMED PROPERTY

The Unclaimed Property Division administers the Unclaimed Property Law by notifying owners of their unclaimed property before it is transferred to the State; receiving unclaimed property from banks, savings and loans, and other business firms; and restoring property to the rightful owners.

60 - ADMINISTRATION AND DISBURSEMENTS

* Dollars in thousands

0840 State Controller - Continued

The Executive Office and the Administration and Disbursements Division provide executive direction and support services to programs in the State Controller's Office. The primary responsibilities include the establishment and maintenance of communications between the department and the public, the news media, budgeting, personnel, accounting information systems, and business services. Disbursements' primary responsibility is to produce and mail or deliver all payments of the state's obligations, including personal income tax refunds, payroll, and retirement payments. The Information Systems Division develops, maintains, and operates all of the department's mainframe, client-server and web-based systems; and oversees the planning, procurement, use, and maintenance of information technology hardware and software.

0845 Department of Insurance

The Insurance Commissioner regulates the largest insurance market in the United States, and the fourth largest insurance market in the World, with more than \$118 billion in direct premiums; enforces the California Insurance Code; and oversees the Department of Insurance.

The Department of Insurance conducts examinations and investigations of insurance companies and producers and works to ensure the financial solvency of companies so that they will meet their obligations to policyholders and claimants.

The Department of Insurance investigates more than 300,000 complaints annually and responds to consumer inquiries. The department reviews and approves insurance rates to enforce the requirement of California law that rates are not excessive or unfair. The department also administers the conservation and liquidation of insolvent and delinquent insurance companies and fights insurance fraud in conjunction with local and state law enforcement agencies.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - REGULATION OF INSURANCE COMPANIES AND INSURANCE PRODUCERS

The objectives of this program are: (1) to prevent losses to policyholders, beneficiaries or the public due to the insolvency of insurers; (2) to prevent unlawful or unfair practices by insurers as defined by the Insurance Code; (3) to ensure that insurance rates are not excessive, inadequate, unfairly discriminatory, or otherwise in violation of the Insurance Code; and (4) to ensure that applicants for insurance licenses, and holders of insurance licenses, satisfy and maintain the qualifications for licensure.

12 - CONSUMER PROTECTION

The objective of this program is to provide direct service to California consumers by protecting insurance policyholders and other parties involved in insurance transactions against unfair or illegal practices with respect to claims handling, rating or underwriting by insurers. The objectives also include protecting applicants and policyholders from discriminatory, unlawful or fraudulent practices or incompetence relating to the sale of insurance.

20 - FRAUD CONTROL

The objective of this program is to protect the public from economic loss and distress by actively investigating and arresting those who commit insurance fraud and to reduce the overall incidence of insurance fraud through anti-fraud outreach to the public, private and governmental sectors. The program is staffed by sworn peace officers who conduct criminal investigations of insurance fraud and related criminal cases.

30 - GENERAL FUND TAX COLLECTION AND AUDIT

This General Fund tax collection program performs tax collection, accounting, and tax audits of insurance companies and surplus line brokers. The program staff audits insurers' tax returns to determine compliance with the laws contained in both the California Insurance and Revenue and Taxation Codes and assists the Board of Equalization and the State Controller's Office with various refund, assessment, and accounting matters relative to the premium taxpayers. Tax collections from this program are deposited in the State General Fund.

50 - ADMINISTRATION

This program provides the overall policy direction for the Department, as well as all administrative functions including legal, human resources, financial management, information technology, personnel, budget, legislative, and business services.

0850 California State Lottery Commission

In 1984, the California Constitution authorized the establishment of a statewide lottery. As an initiative statute, the California State Lottery Act (Act) of 1984 created the California State Lottery Commission and gave it broad powers to oversee the operations of a statewide lottery. The primary purpose of the Act was to provide supplemental monies to benefit public education without the imposition of additional or increased taxes. The Lottery is administered by a five-person Commission appointed by the Governor and confirmed by the State Senate.

The Act required that 50 percent of total annual revenues be returned to the public in the form of prizes and at least 34 percent of total revenues be allocated to the benefit of public education. No more than 16 percent of total revenues were to be used for administrative costs. Those revenues were allocated to public education and placed in a special fund, known as the California State Lottery Education Fund, which was appropriated for the benefit of public education and which held revenues until they were allocated on a per capita basis, using prior year certified Average Daily Attendance data, to the following categories: K-12 education, Community Colleges, the California State University, the University of California, and other educational entities. In the 23 years since sales began in October 1985 through June 30, 2008, the California State Lottery has raised over \$20 billion for public education.

A June 2009 Special Election will contain a ballot measure making various changes to the Act that will help to improve the Lottery's financial performance, with the General Fund ultimately benefiting from this improved performance. The measure will replace annual payments from Lottery revenues to K-12 and higher education with allocations from the General Fund, beginning in 2009-10. General Fund allocations to K-12 and higher education would be based on the amount of Lottery revenues received in 2008-09, adjusted for inflation and changes in attendance. The measure would also make several changes to the Lottery, including authorizing an increase in prizes as a share of Lottery revenues and authorizing securitization of a portion of future Lottery revenues. The securitization proceeds will be deposited into a newly-created Debt Retirement Fund and available for various purposes that will help offset future General Fund expenditures.

0855 California Gambling Control Commission

The California Gambling Control Commission (Commission) has jurisdiction over cardrooms and tribal casinos, and charitable organizations that offer remote caller bingo pursuant to its authority under state law and Tribal-State Gaming Compacts (Compacts).

There are 91 licensed cardrooms in California over which the Commission has regulatory authority. This authority extends to the operations, concentration, and supervision of the cardrooms and all persons and things related to each licensed establishment.

The Commission has fiduciary, regulatory, and administrative responsibilities related to Tribal Gaming that include: (1) oversight of Class III gaming operations, which are primarily casino-type games, (2) distribution of Tribal Gaming revenues to various state funds and to authorized, federally-recognized, non-Compact tribes, (3) monitoring of Tribal Gaming through periodic background checks of tribal key employees, vendors, and financial sources, (4) validation of gaming operation standards through testing, auditing, and review, and (5) fiscal auditing of tribal payments to the state pursuant to Compact provisions

The Commission has fiduciary, regulatory, and administrative responsibilities related to remote caller bingo that include; (1) regulation of the licensure and operation of remote caller bingo, (2) validation of gaming operations standards through testing, auditing, and review, and (3) fiscal auditing of the organizations and vendors of equipment that conduct remote caller bingo.

0860 State Board of Equalization

The mission of the State Board of Equalization is to serve the public through fair, effective, and efficient administration of the sales and use taxes, insurance tax, excise taxes, and various other taxes and fees. The Board also administers utility assessments for local property tax purposes, and provides guidance and assistance to local governments in the administration of the property tax. As an appellate body, the Board adjudicates appeals on property tax assessments, as well as appeals under the various business taxes laws that it administers, the personal income tax, corporation tax, and senior citizens property tax assistance programs.

MAJOR PROGRAM CHANGES

- An increase of \$3.3 million General Fund, \$2.5 million special fund, and six positions to address building systems problems caused by overcrowding in the Sacramento headquarters building. The funds will support relocation and rental costs for approximately 500 employees who have been added in recent years due to workload growth and efforts to improve collections.
- An increase of \$1.9 million General Fund, \$900,000 special fund, and 22 positions for out-of-state audit and registration activities. These activities will result in the collection of \$5.4 million in General Fund revenues from out-of-state retailers who have reportable California sales and use tax liabilities.
- An increase of \$1.4 million General Fund, \$100,000 special fund, and 11 positions for workload growth associated with processing Personal Income Tax and Corporation Tax appeals. These resources will ensure the continued collection of \$24.5 million in tax revenues in 2009-10.
- An increase of \$1.3 million General Fund and six positions to collect revenues resulting from a Board regulation that requires flavored malt beverages to be taxed at the distilled liquor rate of \$3.30 per gallon, as opposed to the beer rate of 20 cents per gallon. The regulation will generate \$38.3 million in General Fund revenues in 2009-10.
- An increase of \$300,000 General Fund, \$200,000 special fund, and three positions for tax refund litigation workload growth.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

15 - COUNTY ASSESSMENT STANDARDS PROGRAM

The objective of the County Assessment Standards program is to ensure that taxable properties are assessed, allocated, and enrolled by county assessors in full conformity with the law.

20 - STATE-ASSESSED PROPERTY PROGRAM

The State-Assessed Property program is responsible for valuing and assessing inter-county pipelines and properties owned or used by railroads, regulated telephone companies, companies transmitting or selling gas or electricity, and private railroad car companies.

25 - TIMBER TAX PROGRAM

The objective of this program is to administer the Timber Yield Tax Law by (1) collecting revenue, (2) establishing timber harvest value areas and the immediate harvest values for species of timber used to determine tax liability, (3) developing a standard method of timber measurement and conversion factors where the standard cannot be used, (4) controlling and auditing the reporting and self-assessment of the yield tax liability, and (5) providing the data for allocating revenues to the county of harvest.

30 - SALES AND USE TAX PROGRAM

The program objective is to administer the Sales and Use Tax Law and the Bradley-Burns Uniform Local Sales and Use Tax Law. The program also collects and distributes district transactions (sales) and use taxes on behalf of voter-approved

special tax districts. The Sales and Use Tax Program ensures that all sales and use tax revenues are collected in an equitable and effective manner through the timely reporting of tax liability, detection and correction of errors in self-assessments, and the prompt collection of amounts determined to be due and economically recoverable.

35 - HAZARDOUS SUBSTANCES TAX PROGRAM

This program collects fees for the Department of Toxic Substances Control from generators of hazardous wastes, hazardous waste facilities, and certain corporations as identified by statute. Revenues are deposited into the Hazardous Waste Control Account and the Toxic Substances Control Account.

40 - ALCOHOLIC BEVERAGE TAX PROGRAM

This program collects excise taxes imposed on the manufacturing, importation, and sale of alcoholic beverages.

41 - TIRE RECYCLING FEE PROGRAM

The Tire Recycling Fee program collects fees that pay for recycling and reclaiming used tires and tire components in order to reduce landfill waste and tire stockpiles.

45 - CIGARETTE AND TOBACCO PRODUCTS TAX PROGRAM

The objective of this program is to collect the tax on cigarette products to provide revenue for the General Fund, the Cigarette and Tobacco Products Surtax Fund, the Breast Cancer Fund, and the California Children and Families First Trust Fund.

46 - CIGARETTE AND TOBACCO PRODUCTS LICENSING PROGRAM

The objective of the program, established by the California Cigarette and Tobacco Products Licensing Act of 2003, is to reduce tax evasion, smuggling, and counterfeiting of tobacco products and tobacco tax stamps. It requires that manufacturers and importers of cigarettes, distributors, wholesalers, and retailers of cigarettes or tobacco products be licensed.

50 - TRANSPORTATION TAX PROGRAM

The objective of the Transportation Tax program is to collect revenue for the Transportation Tax Fund, the Aeronautics Fund, the Harbors and Watercraft Revolving Fund, the Off-Highway Vehicle Trust Fund, and the Department of Agriculture Fund. Responsibility for this program is shared with the State Controller who collects delinquent taxes and makes refunds to consumers who use tax-paid gasoline in an exempt manner. Additionally, this program addresses the collection of excise taxes on diesel fuel.

53 - NAFTA PROGRAM

The objective of the NAFTA Program, which is funded with federal monies, is to temporarily maintain International Fuel Tax Agreement (IFTA) accounts for Mexican carriers that will operate in the state pursuant to NAFTA. The IFTA is an agreement among the 48 contiguous states and several Canadian provinces that simplifies the payment of taxes on fuel that is used in more than one state or province.

56 - OCCUPATIONAL LEAD POISONING PREVENTION FEE PROGRAM

The objective of the program is to collect fees from employers in industries that the Department of Health Services has determined to have a potential for lead poisoning. The fee revenues fund the Occupational Lead Poisoning Prevention Program administered by the Department of Health Services.

57 - INTEGRATED WASTE MANAGEMENT PROGRAM

The objective of this program is to administer the collection of fees on all solid waste disposed of at solid waste landfills. These fees provide funding to respond to potential health and environmental problems at on-site and off-site solid waste landfills. In addition, these fees support state and local landfill permit enforcement programs.

58 - UNDERGROUND STORAGE TANK FEE PROGRAM

This program collects a fee for each gallon of petroleum placed in an underground storage tank. This revenue provides funding to monitor and regulate underground storage tanks containing petroleum and to protect human health and the environment.

59 - OIL SPILL PREVENTION PROGRAM

This program collects two fees on all crude oil and petroleum products received in California via marine pipelines and terminals. The prevention and administration fees provide funding to implement oil spill prevention programs and to reimburse the member agencies of the State Inter-agency Oil Spill Committee for costs arising from the implementation of this program. Funding is also provided to implement, install, and maintain emergency programs, equipment, and facilities to respond to, contain, and cleanup oil spills.

60 - ENERGY RESOURCES SURCHARGE PROGRAM

0860 State Board of Equalization - Continued

This program administers a surcharge on consumers of electrical energy to provide revenue for support of the State Energy Resources Conservation and Development Commission.

61 - ANNUAL WATER RIGHTS FEE PROGRAM

The objective of the program is to collect an annual fee from owners of water rights based upon a schedule of fees adopted by the State Water Resources Control Board (SWRCB). This revenue is deposited into the Water Rights Fund and supports the activities of the SWRCB's Division of Water Rights.

62 - CHILDHOOD LEAD POISONING PREVENTION FEE PROGRAM

This program collects an annual fee from architectural coatings distributors, motor vehicle fuel distributors, and facilities currently reporting releases of lead into ambient air in California. This revenue supports the Childhood Lead Poisoning Prevention Program administered by the Department of Health Services.

63 - MARINE INVASIVE SPECIES FEE PROGRAM

This program collects fees assessed upon the owner or operator of qualifying vessels that enter California ports with ballast water loaded from outside California. This fee provides funding to carry out the Marine Invasive Species Program's ballast water management program.

65 - EMERGENCY TELEPHONE USERS SURCHARGE PROGRAM

The objective of the Emergency Telephone Users Surcharge program is to provide revenue to fund a portion of the "911" emergency telephone number system by administering a surcharge on intra-state telephone communication services. The Department of General Services administers this program.

66 - E-WASTE RECYCLING FEE PROGRAM

This program provides revenue to fund the Covered Electronic Waste Recycling Fee Program by administering a recycling fee upon the purchase of a new or refurbished covered electronic device. The BOE is required to collect this fee from the retailers and consumers. The funds collected are deposited into the Electronic Waste Recovery and Recycling Account in the Integrated Waste Management Fund.

70 - INSURANCE TAX PROGRAM

This program assesses taxes on insurance premiums and marine profits of underwriters, and levies retaliatory assessments against "foreign" insurers. The Board, the Controller, and the Insurance Commissioner administer the program jointly. The Board is responsible for assessing the tax and adjudicating petitions for redetermination, claims for refund, and requests for relief from penalties.

75 - NATURAL GAS SURCHARGE PROGRAM

The objective of this program is to collect the annual surcharge from public utility gas corporations and consumers who receive natural gas through interstate pipelines in order to provide revenue for the Gas Consumption Surcharge Fund. That revenue is used to fund low-income assistance programs.

80 - APPEALS FROM OTHER GOVERNMENTAL PROGRAMS

This program reviews assessments of income taxes and corporation taxes and eligibility determinations made in administering the Senior Citizens' Property Tax Assistance Program upon the filing of a written request by a taxpayer.

The program also acts as an impartial tribunal to settle disputes between entities of local government concerning property tax assessments of property owned by one local government entity but located outside its boundaries and within boundaries of another entity. Property owned by a local government outside its boundaries is subject to tax by the entity within whose boundaries the property is located.

85 - ADMINISTRATION PROGRAM

The Administration Program's objectives are to effectively and efficiently implement the policies and directives of the Board Members and to provide direction, leadership, planning, and support services for all Board programs.

0890 Secretary of State

The Secretary of State, a constitutionally established office, is the chief elections officer of the state and is responsible for the administration and enforcement of election laws. The Office is also responsible for administering and enforcing laws pertaining to filing documents associated with corporations, limited liability companies, partnerships, limited partnerships, unincorporated associations and pertaining to filing bonds and perfecting security agreements. In addition, the Office is responsible for commissioning notaries public, enforcing the notary laws, and in conjunction with being the home of the State Archives, preserving documents and records having historical significance. The Secretary of State is the filing officer for lobbying and campaign registration and disclosure documents filed under the Political Reform Act. The Secretary of State also operates the Safe At Home program, maintains the Domestic Partners and Advanced Health Care Directives Registries, and is home to the California Museum for History, Women and the Arts.

Policy associated with the administration of the Office is accomplished through the divisions of Elections, Political Reform, Business Programs, Archives, Information Technology and Management Services.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - FILINGS AND REGISTRATIONS

The Business Programs Division is the first stop for anyone wanting to do business in California. The California Business Portal provides online resources and services to businesses, connecting people with electronic versions of important documents and handbooks, searchable lists of registered businesses, a step-by-step guide to starting a business, and assistance for international businesses wanting to operate in California.

The Business Entities Section files articles of incorporation, foreign qualifications, and related documents to ensure that corporations and other business entities are properly formed, merged, amended, and dissolved in compliance with California law.

The Uniform Commercial Code Section provides for the filing of documents that allow lending institutions to verify the existence of collateral prior to making loans and to establish a priority scheme for property repossession in case of debtor default or bankruptcy.

The Notary Public and Special Filings Section appoints and commissions eligible notaries public. A notary public is a public official who performs services to the legal, business, financial and real estate communities by certifying or witnessing signatures on official documents. Special Filings include trademarks and service marks as well as bonds that certain business entities are required to file, joint power agreements, city and county charters, and claims for successor-in-interest. This Section also has disciplinary functions with regard to notaries public and immigration consultants.

The Safe at Home Program provides address protection, name change confidentiality, and confidential voter registration for survivors of domestic violence and stalking and their family members, and providers, employees, volunteers, and patients of reproductive health care facilities.

The Advance Health Care Directive (AHCD) Registry maintains AHCDs, which allow a person to indicate to their medical treatment preferences if they cannot speak or make decisions for themselves. The AHCD also may designate someone else to make decisions regarding medical treatment. AHCDs and related information can be provided upon request to the registrant's health care provider, public guardian or legal representative.

The Domestic Partners Registry registers same-sex couples regardless of the age of the partners, and opposite-sex couples in which one partner is at least 62 years old, as domestic partners in California when they file a Declaration of Domestic Partnership.

The Victims of Corporate Fraud Compensation Fund provides restitution to victims of corporate fraud who are unable to collect through other means on a judgment against a corporation for corporate fraud.

20 - ELECTIONS

The Secretary of State, as California's chief elections officer, has broad responsibility to administer the election process. This program oversees the modernization of voting equipment and the improvement of current electoral database systems, enhancing the voting processes, providing accessibility to voters, working to increase people's knowledge of the electoral system, and establishing a procedure to allow voters to file and have complaints resolved about voting-related issues.

This program includes the campaign and lobbying registration and disclosure provisions of the Political Reform Act of 1974. Under this law, the Office registers all levels of campaign committees, and reviews for compliance with statutory requirements all state-level campaign recipient, major donor, slate mailer, political party, and independent expenditure committees. The program also registers lobbyists, lobbying firms and lobbyist employers, reviews the periodic financial

disclosure reports filed by lobbying entities, and publishes a Lobbying Directory both on paper and on the Internet. This program also supports the electronic filing requirements of the Political Reform Act and posts relevant registration and disclosure information to the Office's web site so voters can track where campaign money is raised and spent and what lobbying activity is occurring in state government. A searchable database of campaign and lobbying financial activity is also provided through the web site.

30 - ARCHIVES

The California State Archives acquires, indexes, preserves, and provides reference access to irreplaceable historic materials from the three branches of state government. The Archives acquires records that are legally required to be placed there, that possess legal, administrative or evidentiary value, or that have long-term historical significance. Materials of durable value are transferred to the Archives for long-term preservation.

50 - ADMINISTRATION AND TECHNOLOGY

This program develops and manages overall policy. It serves as the liaison to other state agencies, the Legislature, the federal government, and other states' Secretaries of State. This program responds to constituent correspondence and requests from the public and advocates in the Legislature, administers the Secretary's role as ex officio member of the World Trade Commission and as a member of the National Association of Secretaries of State, in the management of task forces and advisory committees, in the implementation of new federal and state statutory requirements, and coordinates and disseminates information about the Office and its initiatives to the public. It also provides the Office with the necessary personnel, general administrative, budgeting, fiscal services, and information technology expertise to plan, develop, implement, and operate innovative and effective business and information systems solutions.

0950 State Treasurer

The State Treasurer, a constitutionally established office, provides banking services for state government with goals to minimize interest and service costs and to maximize yield on investments. The Treasurer is responsible for the custody of all monies and securities belonging to or held in trust by the state; investment of temporarily idle state monies; administration of the sale of state bonds, their redemption and interest payments; and payment of warrants drawn by the State Controller and other state agencies.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - INVESTMENT SERVICES

The Investment Division is responsible for investment of state monies from the date of receipt through the date of redemption. During the 2007-08 fiscal year, this Division handled 12,177 security investment transactions totaling \$445.8 billion. The Pooled Money Investment Board program accounted for 7,972 of these transactions totaling \$382.7 billion; time deposits accounted for 2,556 transactions totaling \$58.8 billion. The remaining \$4.3 billion is invested on behalf of the state's special funds, such as those associated with the California Housing Finance Agency, the Department of Fish and Game, the state's retirement system, etc. The Division also administers the Local Agency Investment Fund (LAIF), a voluntary investment program created to offer California local agencies greater access to the financial markets through the Pooled Money Investment Board program. In the 2007-08 fiscal year, 2,689 local agencies participated in LAIF, with deposits averaging \$21.8 billion for the fiscal year.

20 - CASH MANAGEMENT

The Cash Management Division is responsible for managing the state's cash resources as mandated by the Pooled Money Investment Board and Government Code Sections 16500 through 16510. The Division is also responsible for administering the Centralized Treasury System (CTS), which encompasses the Treasurer's demand bank accounts. The State Treasurer maintains demand bank accounts with seven statewide banks for the purpose of providing the necessary depository coverage for the remittance of funds collected by various state agencies.

The goal of the CTS is to have all idle State money invested each day. This goal is accomplished by: (1) completing daily, weekly and monthly forecasts of agency revenue collections and disbursements and analyzing their impact on the Treasurer's Pooled Money Investment Portfolio, (2) maintaining balances with each demand account bank to compensate

0950 State Treasurer - Continued

the banks for banking services and to meet warrant redemption requirements, and (3) using compensating balances to allow for the variances in cash flow that are a natural consequence when forecasting the movement of cash.

The Division is also responsible for processing, redeeming, and reconciling state warrants and agency checks presented by the banks for payment, processing stop payment and forgery items, and reconciling all of the state's deposits within the Treasury System. The Division also administers the Electronic Fund Transfer (EFT) and Pre-Sort Deposit Contracts, both of which involve the collection of over \$100 billion in state revenue.

In addition, the Division is responsible for maintaining the state's vault which is used for the safekeeping of moneys and securities pursuant to Government Code Section 12320 and for providing security in the handling and processing of billions of dollars in negotiable securities.

30 - PUBLIC FINANCE

The Public Finance Division is responsible for selling all State of California general obligation bonds, revenue anticipation notes, commercial paper notes, revenue bonds, and any other indebtedness including securitization of assets. The Division also provides trust services for most state bonds. Interim financing from the Pooled Money Investment Account is also arranged to meet the immediate cash needs of the various bond programs. Interest costs are minimized through a planned bond-marketing program. This program includes disseminating information to bondholders through the Investor Relations Program.

The Division also assures compliance with federal tax laws applicable to state debt by investing and reinvesting bond sale proceeds as needed to meet federal yield restriction requirements, tracking expenditures, and computing and rebating arbitrage profit or other payments to the federal government.

35 - SECURITIES MANAGEMENT

The Securities Management Division consists of the Securities Clearance Section and the Debt and Data Management Section.

The Securities Clearance Section is responsible for the clearance, settlement, income collection, and accountability of all securities: (1) purchased or sold for investment by the State Treasurer, (2) pledged to the State Treasurer to secure the performance of an act or duty, and (3) held as collateral for the Treasurer's Time and Demand Deposit Programs. Securities are held in outside depositories as well as the State Vault.

The Debt and Data Management Section is responsible for monitoring and managing the State's fiscal agent accounts; debt service payments on Book-Entry bonds to the Trust Depository and certificated bonds to the Fiscal Agent bank; as well as the payments for Revenue Anticipation Notes (RANs) and Warrants (RAWs). The Section performs accountability and reconciliation on Debt Service Reporting, Un-presented Accountability and Cash Accountability. In addition, the Section is responsible for safekeeping personal property and other items in the State Vault at the request of State Agencies; providing custody and protection of securities inside the Vault; and providing Vault tours for students, dignitaries and legislators.

50 - ADMINISTRATION AND INFORMATION SERVICES

The Administration Division, Executive Office, and the Information Services Division provide executive direction and support services to programs in the State Treasurer's Office. Services include budgeting, personnel, accounting, information systems, business services, technical support, and production operations.

0954 Scholarshare Investment Board

The ScholarShare Investment Board is the administrator for the Golden State ScholarShare College Savings Trust Program (ScholarShare), the Governor's Scholarship Program (GSP) and the California Memorial Scholarship Program (CMS). These programs encourage California citizens to pursue higher education by making education more affordable. ScholarShare encourages families to save for higher education costs, while GSP granted scholarships to students for use at eligible higher education institutions. CMS provided scholarships to surviving dependents of California residents killed in the terrorist attacks on September 11, 2001.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - GOLDEN STATE SCHOLARSHARE COLLEGE SAVINGS TRUST PROGRAM

The Golden State ScholarShare College Savings Trust Program is a state-sponsored 529 college savings program set up for the purpose of helping families save for higher education costs. Funds placed in the trust receive tax benefits and are used for qualified higher education expenses, such as tuition, fees, supplies, books, and certain room and board expenses.

20 - GOVERNOR'S SCHOLARSHIP PROGRAM

The Governor's Scholarship Program (GSP) rewarded public school students who demonstrated high academic achievement with scholarships. Students received a \$1,000 Governor's Scholars Award if they had earned scores on certain standardized tests in the years 2000, 2001 or 2002 that placed them: (1) in the top five percent of public school students statewide in their grade, or (2) in the top ten percent of students within their comprehensive public school in their grade. Students could also have earned a supplemental \$2,500 Governor's Distinguished Mathematics and Science Scholars Award when they attained specific scores on particular Advanced Placement or International Baccalaureate exams administered before December 31, 2002. GSP was made inoperative and repealed in fiscal year 2002-03; however, the ScholarShare Investment Board continues to administer 2000, 2001 and 2002 awards.

30 - CALIFORNIA MEMORIAL SCHOLARSHIP PROGRAM

The California Memorial Scholarship Program provided scholarships to surviving dependents of California residents killed as a result of the terrorist attacks on September 11, 2001. These scholarships are used to defray higher education costs and were funded by California vehicle owners who purchase a special California memorial license plate.

0956 California Debt and Investment Advisory Commission

The mission of the California Debt and Investment Advisory Commission (CDIAC) is to promote and improve the practice of public finance in California by providing responsive and reliable information, education, and advice. CDIAC assists state and local governments by providing education and information related to the effective and efficient issuance, monitoring, and management of public debt and prudent and safe investment of public funds.

The Commission consists of nine members including the State Treasurer, who serves as chairperson; the Governor or, upon his designation, the Director of Finance; the State Controller; two local government finance officers appointed by the State Treasurer; two members of the Assembly appointed by the Speaker of the Assembly; and two members of the Senate appointed by the Senate Committee on Rules.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA DEBT AND INVESTMENT ADVISORY COMMISSION

CDIAC's primary objective is to enhance the knowledge of public officials with respect to the administration and issuance of public debt and the investment of public funds. CDIAC achieves this objective by performing functions in three principal areas, including:

- Data Collection and Analysis - CDIAC serves as a clearinghouse of debt issued by California public entities and nonprofit student loan corporations.
- Continuing Education - CDIAC provides educational seminars, workshops, and conferences to public officials on municipal debt and public fund investment topics. In addition, CDIAC provides technical assistance to public officials and taxpayers through direct interaction and public forums to disseminate relevant information.
- Policy Research - CDIAC undertakes original research on the issuance and administration of public debt and on the investment of public funds. Research results are published in the form of reports, issue briefs, or articles and are disseminated in printed and electronic forms.

0959 California Debt Limit Allocation Committee

The California Debt Limit Allocation Committee's mission is to allocate tax-exempt private activity bond authority for the State of California. Private activity bonds may only be used by the private sector for projects and programs that provide a public benefit. The major public benefit in California is the creation of affordable housing.

The federal government limits the amount of tax-exempt private activity bond authority that can be issued in a state on an annual basis. The limit of bond authority in 2008 is calculated by multiplying the state population by \$85. California has the largest population, and thus has the largest debt (or tax-exempt bond) limit, which totaled over \$3.1 billion in 2008.

The Committee's allocation of tax-exempt bond authority results in the issuance of bonds by cities, counties, joint powers authorities, and state agencies. The bonds are purchased and used by the private sector and are not an obligation of the state or of the federal government.

The Committee administers six programs that are funded through the allocation and issuance of tax-exempt private activity bonds. Those programs are: (1) the Qualified Residential Rental Project Program, (2) the Single-Family Housing Program, (3) the Extra Credit Home Purchase Program, (4) the Industrial Development Bond Project Program, (5) the Exempt Facility Program, and (6) the Student Loan Program.

The Committee is comprised of the State Treasurer as Chairperson, the Governor, or upon his designation, the Director of Finance, and the State Controller. The Committee is funded on a fee-supported basis.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA DEBT LIMIT ALLOCATION COMMITTEE

Qualified Residential Rental Project Program:

State and local governmental agencies and joint powers authorities can issue tax-exempt housing revenue bonds. These bonds assist developers of multifamily rental housing units to acquire land and construct new units or purchase and rehabilitate existing units. The tax-exempt bonds lower the interest rate on a mortgage to be paid by the developers. The developers in turn produce affordable and market rate rental housing for low and very low-income households by reducing rental rates to these individuals and families. Projects that receive an award of bond authority have the right to apply for non-competitive four-percent tax credits.

Single-Family Housing Program:

State and local governmental agencies and joint powers authorities can issue tax-exempt mortgage revenue bonds (MRBs) or mortgage credit certificates (MCCs) to assist first-time homebuyers with purchasing homes. These agencies and authorities may issue MRBs, the proceeds of which back below-market interest rate mortgages. As an alternative to issuing MRBs, state and local governmental agencies and joint powers authorities may issue MCCs. Homebuyers use the MCCs to reduce their federal tax liability by applying the credit to their net tax due. Homebuyers may purchase single-family homes, either freestanding detached, condominiums or townhouses. Program participants must meet program income limits and must purchase a home that falls within the program's purchase price limitations.

Extra Credit Home Purchase Program:

State and local governmental agencies and joint powers authorities can issue MRBs or MCCs to assist teachers, principals and other eligible school staff with purchasing homes. These agencies and authorities may issue MRBs, the proceeds of which back below-market interest rate mortgages. As an alternative to issuing MRBs, state and local governmental agencies and joint powers authorities may issue MCCs. Homebuyers use the MCC to reduce their federal tax liability by applying the credit to their net tax due.

Industrial Development Bond Project Program:

Small-Issue Industrial Development Bonds (IDBs) are tax-exempt private activity bonds that are issued through state and local governmental agencies to assist manufacturing facilities finance capital expenditures. IDBs offer interest rate savings to small and midsize manufacturers in contrast to conventional loans. When used by manufacturers, IDBs serve to retain and create new jobs within their communities.

Exempt Facility Program:

Exempt Facility Bonds are tax-exempt private activity bonds that are issued by state and local governmental agencies to finance solid waste disposal and waste recycling facilities. The tax-exempt bonds provide facility owners with low-cost financing in the form of below-market interest rate loans. The interest rate savings enable the project owners to maintain

lower customer rates or minimize customer rate increases, while at the same time assisting the communities they serve meet their mandated requirements to protect and enhance the environment.

Student Loan Program:

Student Loan Bonds are tax-exempt private activity bonds issued by authorized agencies for the purpose of either financing direct loans to college students and their parents or purchasing bundles of already-originated loans on the secondary market. When used for direct lending programs, tax-exempt bond allocation allows lenders to pass on interest rate savings to financially needy students via below-market interest rate loans. Financially needy students are borrowers for whom the cost to attend college exceeds their ability to pay, as determined by their school's financial aid office.

0965 California Industrial Development Financing Advisory Commission

The California Industrial Development Financing Advisory Commission's (CIDFAC) creates employment opportunities and supports local economic development. CIDFAC meets this goal by approving local entities' issuance of Industrial Development Bonds (IDBs). The IDBs provide manufacturers with a low-cost financing option to build or expand their operations. CIDFAC independently reviews IDB applications to ensure compliance with federal and state statutes and approves the sale of IDBs by local authorities. Additionally, CIDFAC provides technical assistance to local issuers of IDBs, including cities, counties, industrial development authorities, redevelopment agencies, and joint powers authorities.

The State Treasurer serves as chairperson of the CIDFAC. The other members are the Director of the Department of Finance, the State Controller, the Secretary of the Business Transportation Housing Agency, and the Commissioner of the Department of Corporations.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA INDUSTRIAL DEVELOPMENT FINANCING ADVISORY COMMISSION

The core program area is the Industrial Development Bond (IDB) Program, under which CIDFAC, as required by state law, serves as the mandatory approval agency for local IDB issuers. Once potential borrowers (manufacturers and processing companies) apply through their local government agency for low cost tax-exempt financing, CIDFAC carefully reviews the public benefits generated by the proposed project, particularly those benefits associated with job creation, and determines whether these benefits will significantly outweigh any detrimental public effects. Eligible capital expenditures include the acquisition of land, building construction, building renovation, and the purchase of machinery and equipment. Bond proceeds also can be used to cover the cost of architects, engineers, attorneys, permits, and the cost of bond issuance. The local issuer can be a city, county, economic development authority, redevelopment agency, or a joint power authority.

Federal law authorizes the issuance of IDBs in local Empowerment Zone Bonds (EZ Bonds). CIDFAC's EZ Bond Program augments the benefits of the IDB program to further support economic development in California's most distressed communities. The EZ Bond Program expands the eligibility of borrowers to manufacturers, retailers, and any service that operates in an Empowerment Zone. The EZ Bond program removes the maximum dollar restriction (applicable to IDBs) on the size of the issuance. There are five federally designated Empowerment Zones in California: Los Angeles, Santa Ana, San Diego, Fresno and an unincorporated section of Riverside County. These communities received this federal designation based on their high unemployment and high poverty rates.

0968 California Tax Credit Allocation Committee

The mission of the California Tax Credit Allocation Committee (CTCAC) is to fairly allocate federal and state tax credits to create and maintain safe quality affordable rental housing for low-income households in California by forming partnerships with developers, investors and public entities.

CTCAC works in public/private partnerships to assist with project development, while fulfilling its responsibilities as a credit agency through project compliance monitoring. CTCAC coordinates its functions with state and local housing fund providers and with private fund investors, when providing and maintaining quality, affordable housing.

The CTCAC consists of seven members, including the Treasurer who is designated as chairman, the Governor or Director of Finance, the State Controller, the Director of the Department of Housing and Community Development, the Executive Director of the California Housing Finance Agency, and two local government representatives.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE

The Federal Low Income Housing Tax Credit Program: Congress authorized the federal program in 1986. It replaced traditional housing tax incentives, such as accelerated depreciation, with a tax credit that enables developers of affordable rental housing to raise project equity through the "sale" of tax benefits to investors.

Each state has an annual housing credit ceiling of \$2.20 per state resident, and may qualify for a share of credits available annually in a national pool comprised of states' unused credits. The annual housing credit ceiling is indexed for inflation. Investors can take the annual credit each year for a ten-year period.

The State Low Income Housing Tax Credit Program: Recognizing the high cost of developing housing in California, the California Legislature authorized the State Low Income Housing Tax Credit Program to augment the federal tax credit program.

The annual state credit ceiling is currently \$80 million, indexed for inflation (in addition to any unused or returned credits from previous years). Investors take the state credit over a four-year period in contrast to the ten-year federal allocation period. The full four-year state credit allocated to a project is deducted from the annual state credit ceiling, while only the annual federal credit allocated to a project is deducted from the federal ceiling.

0968 California Tax Credit Allocation Committee - Continued

Tax-Exempt Bond Financed Program:

Developments that are financed with the proceeds of tax-exempt bonds may also receive federal tax credit. In this instance, the developer/owner of a tax-exempt development must apply to the Committee and must conform to the federal and state statutory and regulatory requirements, but there is no annual "cap" on the amount of credit that may be awarded by the state to such developments. The credit available is based on approximately four percent (instead of the nine percent for projects that are not financed by a federal subsidy) of the "qualified basis" of the development, that is, the costs attributable to the units that will be income and rent restricted for a minimum of 30 years.

Under federal law, credit projects must remain affordable for at least 15 years; however, California's program generally requires maintaining affordability for 55 years. Land use agreements are recorded against each credit project to ensure compliance.

Farmworker Housing Tax Credit Program:

In 1996, the California Tax Credit Allocation Committee (CTCAC) received authorization from the California Legislature to administer an additional tax credit program to assist farmworkers, known as the Farmworker Housing Tax Credit Program. Annually, up to \$500,000 of state tax credits is available for the construction of farmworker housing.

20 - COMMERCIAL REVITALIZATION DEDUCTION PROGRAM

In 2002, CTCAC received authorization to administer the Commercial Revitalization Deduction Program, a federal program designed to stimulate job growth and economic development in designated Renewal Communities nationwide. California currently has five Renewal Communities, which are portions of the Cities of San Francisco, Los Angeles, and San Diego, as well as the rural communities of Orange Cove and Parlier. CTCAC can allocate up to \$12 million in federal tax deductions to qualifying businesses in each of the Renewal Communities. These deductions are available to qualified businesses that acquire and renovate property, rehabilitate existing structures, or build property for commercial use.

0971 California Alternative Energy and Advanced Transportation Financing Authority

The California Alternative Energy and Advanced Transportation Financing Authority was established by Chapter 908, Statutes of 1980, as the California Alternative Energy Source Financing Authority, to "promote the prompt and efficient development of energy sources which are renewable or which more efficiently utilize and conserve scarce energy resources." Recognizing the importance of developing a secure energy future to protect the environment and ensure economic stability, the intent of the legislation was to promote energy sources designed to reduce the degradation of the environment. The Authority later became the California Alternative Energy and Advanced Transportation Financing Authority (CAEATFA) in 1994, when the statute was amended to include development and commercialization of advanced transportation technologies. CAEATFA consists of five members: the State Treasurer, who serves as the chairperson of CAEATFA, the State Controller, the Director of Finance, the Chairperson of the State Energy Resources Conservation and Development Commission (the California Energy Commission), and the President of the Public Utilities Commission.

0974 California Pollution Control Financing Authority

The California Pollution Control Financing Authority (CPCFA) provides California businesses with a reasonable method of financing pollution control facilities and fosters compliance with government imposed environmental standards and requirements. Over the last thirty years, CPCFA has evolved to meet California's needs as follows:

- In the solid waste industry through its Pollution Control Tax-Exempt Bond Program.
- For small businesses through the California Capital Access Program.
- With the reuse and redevelopment of brownfields through the California Recycle Underutilized Sites Program.
- With financial assistance to cities and counties in their community planning and development efforts through the Sustainable Communities Grant and Loan Program.

The CPCFA consists of the State Treasurer (Chairperson), the State Controller, and the Director of the Department of Finance.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - POLLUTION CONTROL TAX-EXEMPT BOND PROGRAM

The objective of this program is to provide bond financing to California businesses, irrespective of company size, for the acquisition, construction, or installation of qualified pollution control, waste disposal, waste recovery facilities, and the acquisition and installation of new equipment. California Pollution Control Financing Authority (CPCFA) financing assists municipalities in complying with waste diversion mandates of the California Integrated Waste Management Act of 1989. As of June 30, 2008, bonds totaling \$12 billion have been issued by the CPCFA for pollution control projects.

20 - CALIFORNIA CAPITAL ACCESS PROGRAM FOR SMALL BUSINESSES

The objective of this program is to encourage banks and other financial institutions to make loans to small businesses that fall just outside of conventional underwriting standards. California Capital Access Program for Small Businesses (CalCAP) is a form of loan portfolio insurance that may provide up to 100% coverage on certain loan defaults. By participating in CalCAP, lenders have available to them a proven financing mechanism to meet the financing needs of California's small businesses. The strength of CalCAP rests in its simplicity and its leverage of state funds. The program works through the creation of a loan loss-reserve fund for each participating financial institution. The CPCFA funds this reserve together with the financial institution and the borrower. The reserve serves to reduce loan-loss risk, allowing banks to lend to targeted California small businesses. Additional incentives are provided to lend to businesses located in state-designated Enterprise Zones.

30 - CALIFORNIA RECYCLE UNDERUTILIZED SITES PROGRAM

This program assists with the reuse and redevelopment of underutilized properties with real or perceived contamination issues (brownfields). California Recycle Underutilized Sites Program (CALReUSE) addresses a funding and information gap in the development of brownfields to help bring these properties into productive reuse. The CPCFA works with selected strategic partners to administer the program and select projects throughout the state. The CALReUSE Assessment Program provides forgivable loans of up to \$300,000 per brownfield site, or \$500,000 for sites that will ultimately result in housing. The funds assist with brownfield site assessment and characterization, technical assistance, remedial action plans and site access. Eligible projects include sites with potential beneficial reuse not currently redeveloped due to lack of information about real or perceived contamination, uncertainty about clean up costs, or concerns regarding time frames and the regulatory process. Priority is given to projects located in distressed neighborhoods with demonstrated community support. Additionally, Proposition 1C, The Housing and Emergency Shelter Trust Fund Act of 2006, included provisions to fund brownfield cleanup that resulted in the expansion of CALReUSE. The CALReUSE Remediation Program provides up to \$5 million in loans and grants for the purpose of brownfield cleanup that promotes infill residential and mixed-used development, consistent with regional and local land use plans.

40 - SUSTAINABLE COMMUNITIES GRANT AND LOAN PROGRAM

The objective of this program is to assist cities and counties to develop and implement sustainable development growth policies, programs, and projects. Sustainable Communities Grant and Loan Program has funded specific plans, portions of specific plans, alternative transportation studies, finance plans, redevelopment plans, engineering studies, public projects, and other projects that promote sustainable development principles.

0977 California Health Facilities Financing Authority

The California Health Facilities Financing Authority (CHFFA) issues revenue bonds to assist qualified private nonprofit corporations or associations, counties, and hospital districts in financing or refinancing the construction, equipping or acquiring of health facilities. CHFFA also administers the Children's Hospital Program established by Proposition 61 of 2004 and Proposition 3 of 2008. CHFFA was established by Chapter 1033, Statutes of 1979. CHFFA consists of nine members: the State Treasurer, the Director of Finance, the State Controller, two public members appointed by the Senate, two public members appointed by the Assembly, and two public members appointed by the Governor.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

30 - CHILDREN'S HOSPITAL PROGRAM

On November 2, 2004, the voters approved Proposition 61, which established the Children's Hospital Program. On November 4, 2008, voters approved Proposition 3, which established the Children's Hospital Program pursuant to the Children's Hospital Bond Act of 2008. The purpose of the Children's Hospital Program is to improve the health and welfare of California's critically ill children by providing a stable and ready source of funds for capital improvement projects for children's hospitals. Both Proposition 61 and Proposition 3 designated the California Health Facilities Financing Authority (CHFFA) as the administering agency.

CHFFA is authorized to grant \$750 million per Proposition 61 and \$980 million per Proposition 3 to eligible children's hospitals. Funding for these programs is provided through the issuance of general obligation bonds. CHFFA developed, through regulations, selection criteria and a process for awarding grants for Proposition 61, and is developing regulations for Proposition 3.

Applications and funding will be available through 2014 for Proposition 61, and through 2018 for Proposition 3, or until program funding is exhausted. In the event funding is not exhausted by the deadlines for each Proposition, CHFFA will

* Dollars in thousands

amend the regulations to extend the respective programs. As of June 30, 2008, CHFFA has disbursed \$282.8 million in Proposition 61 funds to nine hospitals. Proposition 3 funds will become available upon the adoption of program regulations.

40 - HEALTH FACILITIES GRANTS AND LOANS

CHFFA provides assistance in funding or refinancing by making loans to health institutions, by direct purchase and leaseback of the health facility by CHFFA, or by a health institution acting as an agent for CHFFA. CHFFA can determine the location and character of any proposed project and can solicit state and federal mortgage insurance for any funded project. To qualify for funding, the project must be a health facility, operated by a private nonprofit corporation or association, city, city and county, county or hospital district. Numerous statutes enacted between 1983 and 2002 broadened the types of facilities that may be financed by CHFFA.

Prior to September 30, 1998, CHFFA was authorized to have outstanding at any one point-in-time up to \$5.999 billion in revenue bonds. Pursuant to Chapter 1035, Statutes of 1998, there is no longer a limitation on bonds outstanding. As of June 30, 2008, bonds and notes in the amount of \$21.1 billion have been issued and \$7.7 billion were outstanding.

The Federal Tax Reform Act of 1986 does not restrict health facility bonds in terms of the state's "private activity" bond limit. Bonds issued under this program are not a debt or liability or a pledge of faith and credit of the taxing power of the state or any of its political subdivisions. The full faith and credit of the participating institutions are pledged to the payment of bonds.

Chapter 99, Statutes of 2000 established the Cedillo-Alarcon Community Clinic Investment Act of 2000, which authorized CHFFA to award grants to eligible primary care clinics for capital outlay projects. Funds of approximately \$50 million were disbursed. In 2004, as part of the Anthem-Well Point merger, \$35 million dollars was committed to healthcare facilities that provide service to underserved communities throughout California. Distribution of these funds was to be accomplished through the process that was established by the Cedillo-Alarcon Community Clinic Investment Act of 2000. In 2005, the Insurance Commissioner entered into an MOU with CHFFA authorizing them to dispense the funds to clinics. Also, Chapter 493, Statutes of 2005 amended the Cedillo-Alarcon Community Clinic Act of 2000 which authorized CHFFA to disburse appropriated additional funding to eligible clinics using selection criteria developed through regulations. As of June 30, 2008, CHFFA disbursed \$38.3 million to 127 community clinics.

Chapter 478, Statutes of 2002, extends CHFFA's ability to provide grants for capital projects not only to community clinics, but also to small health facilities currently eligible under CHFFA's statute. The legislation also allows CHFFA to use its fund balance to make such grants.

0983 California Urban Waterfront Area Restoration Financing Authority

Created in 1983, the California Urban Waterfront Area Restoration Financing Authority (CUWARFA) was established to restore, revitalize and develop in an environmentally and economically sound manner, the coastal and inland urban waterfront areas of the state, in cooperation with local governments. CUWARFA consists of five members: the State Treasurer (Chairperson), the Director of the Department of Finance, the State Controller, the Secretary of the Resources Agency, and the Executive Director of the State Coastal Conservancy.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - The California Urban Waterfront Restoration Financing Authority (CUWARFA) was established to issue up to \$650 million in conduit financing to make loans or acquire title to property and to underwrite or undertake directly a variety of urban waterfront development projects within the coastal zone, the Sacramento-Yolo Port District, the Stockton Port District, and those metropolitan statistical areas meeting specified conditions. The Federal Tax Reform Act of 1986 requires that bonds authorized by CUWARFA generally be within an allocation from the state's "private activity" bond limit in order for the bonds to be federally tax-exempt, unless the issuer qualifies as a private, nonprofit business.

Financing is available for both publicly and privately sponsored projects that provide visitor-serving facilities, waterfront-dependent industries, public recreation, and erosion control facilities. The State Coastal Conservancy must approve both the specific project and a master plan for urban waterfront restoration before any project can obtain CUWARFA approval for revenue bond financing. The Authority has sold \$3.33 million in revenue bonds to date.

0985 California School Finance Authority

Created in 1985, the California School Finance Authority (CSFA) oversees the statewide system for the sale of revenue bonds to reconstruct, remodel or replace existing school buildings, and to acquire new school sites and buildings to be made available to public school districts, charter schools, and community colleges, and to provide access to financing for working capital and capital improvements. CSFA consists of the following three members: the State Treasurer who serves as chair, the Superintendent of Public Instruction, and the Director of the Department of Finance.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - SMART BONDS PROGRAM

Chapter 1438, Statutes of 1985, as amended by Chapter 598, Statutes of 1987, established the California School Finance Authority (CSFA) and authorized the issuance of \$400 million in revenue bonds or other debt instruments. The proceeds from the sale of the bonds were available for loans to school and community college districts to assist with the acquisition of equipment and new school sites, construction of new facilities, reconstruction of existing facilities, capital improvements, acquisition of portable/relocatable buildings, and to provide working capital. Effective January 1, 1997, Chapter 1071, Statutes of 1996, authorized the issuance of an additional \$400 million in revenue bonds per fiscal year for school districts and county offices of education that agreed to guarantee payment of the bonds with Proposition 98 funds. The total outstanding amount may not exceed \$4 billion at any one time. Pursuant to Chapter 741, Statutes of 1998, effective January 1, 1999, the \$400 million annual issuance cap was eliminated. Based on program amendments effective January 1, 2007, Chapter 325, Statutes of 2006 (AB 2717), CSFA is initiating financing opportunities for charter schools for capital improvements and working capital needs.

20 - CHARTER SCHOOL FACILITIES PROGRAM

Chapter 935, Statutes of 2002, as amended by Chapter 587, Statutes of 2003, created the Charter Schools Facilities Program, which provides funding for the new construction or renovation of charter school facilities. CSFA and the Office of Public School Construction jointly administer the program. The Charter School Facilities Program through the Kindergarten-University Public Education Facilities Bond Acts of 2002, 2004, and 2006, was funded \$100 million in bond proceeds from Proposition 47, \$300 million from Proposition 55, and \$500 million from Proposition 1D. To date, 58 schools have been awarded funding through the program's first three funding rounds.

The program provides a 50% state subsidy for the charter school facilities project costs, with the balance of the project costs being repaid (to the state) by the charter school in the form of a long-term lease. Recipient charter schools must provide site-based instruction, be deemed financially sound by CSFA, and meet other program eligibility requirements.

30 - STATE CHARTER SCHOOL FACILITIES INCENTIVE GRANTS PROGRAM

In 2004, CSFA was awarded a grant under the United States Department of Education's State Charter School Facilities Incentive Grants Program to provide California charter schools with assistance for facilities costs. The \$50 million federal grant is being allocated over a five-year period (through 2009) to eligible charter schools. Grant funds are used toward a charter school's cost of rent, lease, mortgage or debt service payments for existing or new facilities or toward the costs of acquiring land and constructing or renovating a facility. Grants are awarded to charter schools based on preference points allotted for the percentage of low-income students, percentage overcrowded, not-for-profit status, and demonstrated student performance. Eligible charter schools must, at a minimum, be in good standing with their chartering authority, provide site-based instruction, and have completed at least one school year of instructional operations. Additional requirements are listed in the program regulations.

0989 California Educational Facilities Authority

The California Educational Facilities Authority (CEFA) provides funding to assist private non-profit institutions of higher learning in the expansion and construction of educational facilities. CEFA is also authorized to issue bonds, notes, and other forms of indebtedness to finance the costs of attendance (student loans) at institutions of higher education. CEFA is a public instrumentality of the state consisting of five members: the Director of the Department of Finance, the State Controller, the State Treasurer, and two public members appointed by the Governor. All members serve four-year terms.

10 - BOND FINANCING

The California Educational Facilities Authority (CEFA) issues revenue bonds to assist private educational institutions of higher learning in the expansion and construction of educational facilities. Because it is authorized to issue tax-exempt bonds, the Authority may provide more favorable financing to such private institutions than might otherwise be obtainable. Pursuant to Chapter 569, Statutes of 2001, CEFA may include qualifying non-profit entities as eligible program participants for the construction of student and faculty housing. Bonds issued by CEFA are not a debt, liability or claim on the faith and credit or the taxing power of the State of California, or any of its political subdivisions. The full faith and credit of the participating institution is normally pledged to the payment of the bonds. Bonds issued for this purpose are not subject to the state's "private activity" bond ceiling as specified in the Federal Tax Reform Act of 1986.

Prior to January 1, 1999, CEFA was authorized to have outstanding at any one time \$2.6 billion in bonds for educational facilities. Pursuant to Chapter 741, Statutes of 1998, effective January 1, 1999, there is no limitation in bonds outstanding. As of June 30, 2008, bonds and notes in the amount of \$8.3 billion have been issued and \$3.8 billion were outstanding.

20 - FACILITY HOUSING AND GRANT PROGRAM

Chapter 1081, Statutes of 2002, clarifies the authorization for financing faculty housing for colleges and universities, and authorizes the use of up to \$2 million of CEFA funds, on a one-time basis for grants, not to exceed \$250,000 each, to help private colleges expand educational opportunities to low income students. In 2005, CEFA developed, through regulations, selection criteria and a process for awarding grants. Funds were to be disbursed over a three-year period. In fiscal year 2005-06, \$685,783 was disbursed to nine eligible schools, another \$697,732 was approved in 2006-07, and the balance of \$614,578 was disbursed in 2007-08. The grant program will sunset January 1, 2009.

30 - STUDENT LOAN PROGRAMS

Pursuant to Chapter 917, Statutes of 1995, effective January 1, 1996, the California Student Loan Authority (CSLA) was abolished, and the assets, obligations, and functions were transferred to CEFA. The purpose of the CSLA was to purchase federally reinsured educational loans from eligible lending institutions by issuing tax-exempt revenue bonds, thereby expanding student access to such low-cost federally reinsured loans. Pursuant to Chapter 917, the functions were expanded under CEFA to include direct student lending from proceeds of tax-exempt revenue bonds issued by CEFA. As of June 30, 2008, \$30.3 million in bonds were outstanding, from a total \$265.4 million issued. Bonds for this purpose are subject to the state's "private activity" bond ceiling, as specified in the Federal Tax Reform Act of 1986 and allocated by the California Debt Limit Allocation Committee (CDLAC).

Chapter 318, Statutes of 2005, added the requirement that not-for-profit corporations must seek approval from CEFA before applying for an allocation of a portion of the state's annual private activity volume cap from CDLAC for the purposes of issuing Qualified Scholarship Funding Bonds for Student Loan Programs. This requirement does not pertain to entities that have applied to CDLAC prior to January 1, 2006. Bonds issued for student loans are not a debt, or liability, or a pledge of the faith and credit of the taxing power of the state or any of its political subdivisions. This is a trust activity and all operating expenses must be paid from revenues and other moneys available to CEFA.
