### MAJOR PROGRAM CHANGES

- **Active Transportation Program:** The Budget proposes a shift of \$134.2 million in state and federal funds and a reduction of three positions to consolidate five existing programs into a single Active Transportation Program to fund bicycle, pedestrian, and mitigation projects that reduce greenhouse gas emissions consistent with the objectives of Chapter 728, Statutes of 2008 (SB 375), as well as provide safety benefits.
- **Zero Base Budget-Local Assistance Program:** The Budget proposes a reduction of \$1.5 million and 20 positions associated with the implementation of various efficiency measures, including the establishment of staffing levels that are consistent across 12 district offices, a shift of \$13.4 million from state funds to local federal funds for state costs that support local transportation projects, and an audit by the Department of Human Resources to ensure position classifications are appropriate for the work being performed.
- **Zero Base Budget-Planning Program:** The Budget proposes an increase of \$8.4 million and 10 positions to address additional workload and implement various efficiency measures, including streamlining and standardizing Caltrans' planning documents, reducing administrative costs for existing grant programs, conducting a position classification audit by the Department of Human Resources, right-sizing personal service funding to reflect actual salaries, and adding additional positions to complete necessary project initiation documents.
- **Continue Using Miscellaneous State Highway Account Revenues for Transportation Debt Service:** The Budget proposes to continue to transfer \$67.0 million in special fund revenue to offset transportation debt service costs on a permanent basis. The State Highway Account generates a portion of its revenue from sources other than excise taxes on gasoline, such as rental income and the sale of surplus property. Since 2010-11, this revenue source has been used to offset General Fund debt service costs on specified general obligation transportation bonds.

### PROGRAM DESCRIPTIONS

#### 10 - AERONAUTICS

The Division of Aeronautics supports California's aviation activities by promoting safe and effective use of existing airports and heliports. This program ensures that airports and heliports comply with safety regulations, provides engineering and financial assistance for safety and infrastructure improvements, maintains the California Aviation System Plan to reflect changes in the aviation network, provides guidance for land use compatibility in areas around airports, administers airport noise standards regulations, enhances goods movement to and from airports through improved ground access, and promotes and maintains aviation safety.

#### 20 - HIGHWAY TRANSPORTATION

The Highway Transportation Program operates, maintains, and continues development of California's state highways. Development and delivery of capital projects make up the largest portion of these efforts. The program also meets its objectives through: (1) coordination and control required by federal and state law for implementing transportation projects, (2) furnishing assistance to city and county transportation programs, and (3) management of traffic through a system of monitoring, analysis, and control. In addition, this program strives to improve highway travel, safety, and the environment through testing, research, and technology development.

#### 30 - MASS TRANSPORTATION

The objective of the Mass Transportation Program is to support the state's transportation system by providing leadership in the implementation of safe, effective public transportation, improved air quality, and environmental protection. The program achieves its objective through: (1) the administration of intercity rail service in California, including capital projects and rail car management, (2) management of state and federal capital and operations grant programs, (3) planning, support, and coordination of mass transportation services, and (4) administering the Public Transportation Modernization, Improvement and Service Enhancement Account (PTMISEA) of the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Bond Act). Additionally, the Mass Transportation Program serves to: (1) improve intercity bus passenger service through enhanced services and facilities, (2) improve public transportation needs for all persons, including the elderly, the disabled, and the economically-disadvantaged, (3) improve urban/commuter rail services, and (4) enhance mobility options in congested corridors.

#### 40 - TRANSPORTATION PLANNING

The Transportation Planning Program implements statewide transportation policy through coordination at the local and regional levels and develops transportation plans and projects. The Department prepares the long-range state transportation plan required by state and federal laws and provides long-range transportation system planning and transportation planning studies as input to the regional transportation plans, the State Transportation Improvement Program (STIP), and departmental policies and programs such as Goods Movement, Climate Action, and Regional Blueprint Planning. The Department also prepares the Interregional Transportation Strategic Plan, which guides investment of the Interregional Improvement Program funds in the STIP.

#### 50 - ADMINISTRATION

The Administration Program provides the functions required to support the programmatic responsibilities of the department. Major activities include accounting, budgeting, auditing, office facility operations and management, information technology, and a wide range of administrative services including human resources, procurement and contracting, training, workforce planning, and labor relations.

#### 60 - EQUIPMENT

The Equipment Program provides mobile fleet equipment and services to other departmental programs through: (1)

\* Dollars in thousands, except in Salary Range.

purchasing new vehicles, (2) receiving, servicing, and equipping new units, (3) assembling equipment components into completed units, (4) managing the fleet, (5) repairing and maintaining the fleet, including payments for fuel and insurance, and (6) disposing of used vehicles.

**2665 High-Speed Rail Authority**

Effective July 1, 2013, pursuant to the Governor's Reorganization Plan No. 2 of 2012, this department will report to the new Transportation Agency.

The California High-Speed Rail Authority's mission is to plan, design, build, and operate a high-speed train system for California.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Authority's Capital Outlay Program see "Infrastructure Overview."

## 2670 Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun

Effective July 1, 2013, pursuant to the Governor's Reorganization Plan No. 2 of 2012, this department is moving from the Business, Transportation, and Housing Agency to this new Agency (Transportation).

The Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun licenses and regulates maritime pilots who guide vessels entering or leaving those bays and navigate on their tributaries to Sacramento and Stockton. Seven members of the Board are appointed by the Governor with the consent of the Senate, and the Secretary of the Transportation Agency is an ex officio member. All of the operational expenses of the Board are funded by a surcharge, set by the board, on legislatively established pilotage fees. A pilot continuing education training program and a pilot trainee training program are funded by two separate surcharges on vessel movements set by the Board.

## 2740 Department of Motor Vehicles

Effective July 1, 2013, pursuant to the Governor's Reorganization Plan No. 2 of 2012, this department is moving from the Business, Transportation, and Housing Agency to this new Agency (Transportation).

The Department of Motor Vehicles (DMV) serves the public by providing quality licensing and motor vehicle-related services.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on DMV's Capital Outlay Program see "Infrastructure Overview."
