

0965 California Industrial Development Financing Advisory Commission

The California Industrial Development Financing Advisory Commission (CIDFAC) creates employment opportunities and supports local economic development by approving local entities' issuance of Industrial Development Bonds (IDBs). The IDBs provide manufacturers with a low-cost financing option to build, expand, or equip their facilities in California. CIDFAC independently reviews IDB applications to ensure compliance with federal tax law and state statutes and regulations and approves the sale of IDBs by local authorities. Additionally, CIDFAC provides technical assistance to local issuers of IDBs, including cities, counties, industrial development authorities, and joint powers authorities.

The State Treasurer serves as chairperson of the CIDFAC. The other members are the Director of the Department of Finance, the State Controller, the Director of the Governor's Office of Business and Economic Development, and the Commissioner of Business Oversight.

PROGRAM DESCRIPTIONS

10 - CALIFORNIA INDUSTRIAL DEVELOPMENT FINANCING ADVISORY COMMISSION

The core program area is the IDB Program, under which CIDFAC, as required by state law, serves as the mandatory approval agency for local IDB issuers. Once potential borrowers (manufacturers, processing companies, and knowledge-based businesses) apply through their local government agency for low cost tax-exempt financing, CIDFAC carefully reviews the public benefits generated by the proposed project, particularly those benefits associated with job creation, and determines whether these benefits will significantly outweigh any detrimental public effects. Eligible capital expenditures include the acquisition of land, building construction, building renovation, and the purchase of machinery and equipment. Bond proceeds also can be used to cover the cost of architects, engineers, attorneys, permits, and the cost of bond issuance. In addition, bond proceeds can also be used to produce intangible products such as patents, copyrights, formulas, processes, designs, trademarks, and know-how. The local issuer can be a city, county, economic development authority, redevelopment agency, or a joint power authority.

Federal law authorizes the issuance of IDBs in local Empowerment Zone Bonds (EZ Bonds). CIDFAC's EZ Bond Program augments the benefits of the IDB Program to further support economic development in California's most distressed communities. The EZ Bond Program expands the eligibility of borrowers to manufacturers, retailers, and any service that

operates in an Empowerment Zone. The EZ Bond Program removes the maximum dollar restriction (applicable to IDBs) on the size of the issuance. There are five federally designated Empowerment Zones in California: Los Angeles, Santa Ana, San Diego, Fresno and an unincorporated section of Riverside County. These communities received this federal designation based on their high unemployment and high poverty rates.
