

6440 University of California

The University of California (UC) provides instruction in undergraduate, graduate professional, and graduate academic programs through the doctoral degree level; research; education for professional careers; and public service.

UC was founded in 1868 as a public, state-supported land-grant institution. It was written into the State Constitution of 1879 as a public trust to be administered by the Regents of the University of California. The Board of Regents includes the following 26 members: 7 ex officio members, 18 members appointed by the Governor with the approval of the Senate for 12-year terms, and 1 student appointed by the Board. The Governor is President of the Regents.

The 1960 Master Plan for Higher Education designates UC as the primary state-supported academic agency for research. In addition, the university serves students at all levels of higher education in California and is the public segment primarily responsible for awarding the doctorate and several professional degrees, including in medicine and law.

There are ten UC campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz. Nine of these are general campuses that offer undergraduate, graduate, and professional education. The San Francisco campus is devoted exclusively to the health sciences. The university operates five teaching hospitals and administers more than 800 research centers, institutes, laboratories, and programs. It also oversees one United States Department of Energy laboratory and partners with private industry to manage two other Department of Energy laboratories.

The Regents appoint a university president, who is typically responsible for overall policy development, planning, and resource allocation. The ten UC chancellors are responsible for management of the individual campuses. The Regents have delegated authority to the Academic Senate, including responsibility for policies on admissions and academic programs.

DEPARTMENT AUTHORITY

California Constitution, Article IX, Section 9.

MAJOR PROGRAM CHANGES

UC's General Fund resources reflect a decrease of a \$258.7 million, which is the result of augmentations totaling \$212.9 million and reductions totaling \$471.6 million.

- Ongoing General Fund Augmentations—An ongoing increase of \$212.3 million General Fund includes:
 - \$169.2 million for a base adjustment to mitigate the impact of contingent General Fund reductions.
 - \$25 million for UC Riverside School of Medicine operational costs.
 - \$15 million for the UC Merced-UCSF Fresno Partnership for a Branch Medical School Campus.
 - \$3.7 million (\$3.1 million of which is ongoing) to offset declining Proposition 56 revenue supporting a statewide grant program to increase the number of available graduate medical residency slots.
 - \$345,000 for a baseline immigrant legal services adjustment.
- Contingent General Fund Reductions—Absent additional federal funds pursuant to Control Section 8.28, a decrease of \$471.6 million reflecting:
 - \$428.4 million for UC operational costs.
 - \$43.2 million for UC Office of the President, UC PATH, and the UC Division of Agriculture and Natural Resources.

¹ Campus-based fees vary by campus; values shown here are averages on a weighted basis using campus enrollment. Campus-based fees for 2020-21 have not yet been determined and reflect a five-percent increase from 2019-20 levels. Campus-based fees do not include waivable health insurance fees. Waivable health insurance fees average \$2,552 for undergraduate students and \$4,531 for graduate students in 2019-20.

² Student charges have not been updated from 2019-20 levels to reflect the heightened uncertainty due to potential COVID-19-related impacts.

¹ Estimates are subject to heightened uncertainty due to potential COVID-19-related impacts on operations, services, and revenues.

6440 University of California - Continued**PROGRAM DESCRIPTIONS**

5440 - This program provides support for the university. Expenditures are for the following purposes:

INSTRUCTION**General Campuses**

This program includes direct instructional resources associated with the schools and colleges located on the general campuses. Classroom and laboratory instruction, instructional technology, online education, and joint scholarly research activities of students and faculty are included.

Health Sciences

This program includes instruction in 19 schools that provide education in various health fields to students preparing for careers in health care, teaching, and research. The health science schools are located on seven campuses and include six schools of medicine (Davis, Irvine, Los Angeles, Riverside, San Diego and San Francisco), two schools of dentistry, four schools of nursing, three schools of public health, two schools of pharmacy, one school of veterinary medicine, and one school of optometry. In addition, programs in medical education are conducted at Berkeley, Fresno, and the Charles R. Drew University of Medicine and Science in Los Angeles.

Summer Session

This program includes instruction for non-matriculated students who enroll in summer sessions.

University Extension

This program includes classes, hybrid instructional programs, short courses, seminars, conferences, field studies, online education, and similar activities throughout the state and in several foreign countries. University Extension has open enrollment courses for individuals as well as organizational partnerships supported by contracts and grants with the state and public agencies, non-profit organizations, and private companies. University Extension's offerings are often designed to serve the continuing educational needs of working professionals. University Extension offers certificate programs and undergraduate and graduate transferable degree credit.

RESEARCH

This program includes research activities. The university is designated by the 1960 Master Plan for Higher Education as the primary state-supported academic agency for research.

PUBLIC SERVICE

This program includes a broad range of activities organized by the university to serve students, teachers, and staff in K-12 schools and community colleges, as well as the public in general. The program includes student academic preparation programs and educational partnerships. In these programs, the university works with schools and other partners to help certain groups of students meet the standards of academic preparation needed to be successful in higher education and the workforce. The program also includes UC Cooperative Extension, which provides applied research and educational programs in agriculture and natural resources, family and consumer sciences, and community resource development. Campuses also conduct other public service programs, such as arts and lecture programs and student-initiated community service projects. This program also includes a health sciences program jointly operated with the Charles R. Drew University of Medicine and Science.

ACADEMIC SUPPORT**Libraries**

This program includes the university libraries, which identify, acquire, and share publications and scholarly materials in all formats.

Academic Support

This program includes activities organized and operated in connection with educational departments and conducted as a basic support for the departments' educational programs.

The program includes facilities that are extensions of the health sciences schools and provide both clinical experience and community health services, including dental clinics and neuropsychiatric institutes at Los Angeles and San Francisco; a veterinary medicine teaching facility at Davis and the San Joaquin Valley; an optometry clinic at Berkeley; and two occupational

6440 University of California - Continued

health centers providing services throughout northern (Berkeley, Davis, and San Francisco) and southern (Irvine and Los Angeles) California.

The program also includes vivaria, which provide centralized facilities for ordering, receiving, and caring of all animals necessary for teaching and research in the biological sciences; support for arts through direct sponsorship of museums, galleries, performances, and exhibits; support of specialized physical science and engineering projects; and support for professional journals. In addition, a laboratory school in Los Angeles facilitates experimentation, research, and teacher professional development in the field of education.

TEACHING HOSPITALS

This program includes the operation of five academic medical centers in Irvine, Los Angeles, Sacramento, San Diego, and San Francisco. A critical mission of the medical center hospitals is to support the clinical teaching programs of the University's health professional schools. The medical centers provide inpatient and outpatient health care services and are research sites for the development of new diagnostic and therapeutic techniques.

STUDENT SERVICES

This program includes activities that contribute to students' emotional and physical well-being, including their intellectual, cultural and social development outside the context of the formal instructional program. Elements of these programs are supplementary educational services, social and cultural activities, counseling and career guidance, student health services, student admissions and records, and financial aid administration.

INSTITUTIONAL SUPPORT

This program includes police, accounting, payroll, human resources, administrative computing, materials management, environmental health and safety, and publications. The program also includes the planning, policymaking, and coordination activities that occur within the offices of the chancellors, the university president, and the Regents.

OPERATION AND MAINTENANCE OF PLANT

This program includes the operation and maintenance of the university's physical plant, including site infrastructure, buildings, and related fixed equipment. The program includes purchased utilities, utilities operations, building and grounds maintenance, refuse, and janitorial services, as well as related administrative and support services.

STUDENT FINANCIAL AID

This program includes financial aid, such as grants, scholarships, loans, work-study, veterans' benefits, traineeships, and fellowships.

AUXILIARY ENTERPRISES

This program includes non-instructional services provided to students, faculty, staff, and other individuals who pay specific user charges or fees. Certain activities are both student services and auxiliary enterprises, such as student housing, food services, bookstores, parking, and portions of some intercollegiate athletics.

PROVISIONS FOR ALLOCATION

This program is a temporary repository for lump-sum appropriations that are allocated: (1) from systemwide provisions to campus provisions and (2) from campus provisions to operating programs and subprograms from which expenditures will occur. The program may include funds for academic position upgrades, staff reclassifications, price adjustments, employee benefit adjustments, debt service, and university endowment income.

EXTRAMURAL PROGRAMS

This program includes activities supported by fund sources defined as non-budgeted due to the limited life of the funding source.

DEPARTMENT OF ENERGY LABORATORY

This program includes management of the Lawrence Berkeley National Laboratory.
