4170 Department of Aging

The Department's mission is to promote the independence and well-being of older adults, adults with disabilities, and families to improve quality of lives by offering:

- Access to information and services.
- Opportunities for community involvement.
 Support to family members providing care.

As the designated State Unit on Aging, the Department administers Older Americans Act programs that provide a wide variety of community-based supportive services as well as congregate and home-delivered meals. It also administers the Older Californians Act programs including, but not limited to, the Health Insurance Counseling and Advocacy Program, the

Linkages program, and the Alzheimer's Day Care Resource Center program. The Department also contracts directly with agencies that operate the Multipurpose Senior Services Program, and certifies Adult Day Health Care centers for the Medi-Cal program.

The Department administers most of these programs through contracts with the state's 33 local Area Agencies on Aging (AAAs). At the local level, AAAs contract for, and coordinate this array of community-based services to older adults, adults with disabilities, family caregivers and residents of long-term care facilities.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - NUTRITION

The Nutrition Program provides nutritionally-balanced meals, nutrition education and nutrition counseling to individuals 60 years of age or older. In addition to promoting better health through improved nutrition, the program focuses on reducing the isolation of the elderly and providing a link to other social and supportive services such as transportation, information and referral, escort, employment, and education.

20 - SENIOR COMMUNITY EMPLOYMENT SERVICE

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service facilities for low-income persons, 55 years of age and older. The program also promotes transition to unsubsidized employment.

30 - SUPPORTIVE SERVICES AND CENTERS

This program provides supportive services including information and assistance, legal and transportation services, senior centers, elder abuse prevention, and in-home services for frail older Californians as authorized by Titles III and VII of the Older Americans Act. The services provided are designed to assist older individuals to live as independently as possible and access the programs and services available to them.

40 - SPECIAL PROJECTS

This program includes the Multipurpose Senior Services Program (MSSP), Adult Day Health Care (ADHC) Program, and Community-Based Service Programs. The MSSP program provides health/social case management in order to prevent premature and unnecessary long-term care institutionalization of frail elderly persons. The ADHC Program is a community-based day program that provides a variety of health, therapeutic and social services to restore or maintain optimal capacity for self-care of frail older persons and adults with functional impairments. The Department certifies ADHC centers for participation in the Medi-Cal Program. The Community-Based Services include the Senior Companion, Brown Bag, Alzheimer's Day Care Resource Centers, Linkages, Health Insurance Counseling and Advocacy, and Respite programs.

- state, and federal funds used in the alcohol and other drug system. Quality Assurance-Ensure that service providers maintain compliance with basic facility and program standards. The Department licenses and/or certifies a range of programs including residential treatment centers and outpatient programs, clinics for narcotic replacement therapy, and Driving Under the Influence educational programs.
- Alcohol and Other Drug Prevention-Maintain a prevention program designed to avert, reduce, and eliminate alcohol and other drug-related problems among California's children, youth, and adult populations.
- Information Technology-Develop an information infrastructure that supports the goals, strategies, and operations of the Department and its stakeholders.

MAJOR PROGRAM CHANGES

• The Governor's Budget proposes savings of \$275 million in 2009-10 through elimination of the California Children and Families Commission and redirection of all state funds and 50 percent of local funds to support children's programs administered by the Department of Social Services. This proposal requires voter approval and would target resources to high-priority state programs that would otherwise require General Fund support, while also allowing some funding to be retained by counties for local priorities.

4265 Department of Public Health

Pursuant to Chapter 241, Statutes of 2006 (SB 162), effective July 1, 2007, specific programs and public health responsibilities vested with the former California Department of Health Services were transferred to the newly established California Department of Public Health (CDPH).

The mission of the CDPH is to protect and improve the health of all Californians. To fulfill its mission, the CDPH administers a broad range of population-based public and environmental health programs and has set the following goals:

- · Promote healthy lifestyles and appropriate use of health services
- Prevent disease, disability and premature death
- Protect the public from unhealthy and unsafe environments
- Provide and ensure access to critical public health services
- Enhance public health emergency preparedness and response

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Public Health's Capital Outlay Program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- The revised 2008-09 Budget includes \$98.4 million Proposition 84 bond funds, as appropriated by Chapter 1, Statutes of 2008 (SB X2 1), for small community drinking water grants and for contamination prevention/clean-up efforts. These funds are available for expenditure until June 30, 2010. The Governor's Budget also includes 14.0 limited-term positions and \$1.7 million Proposition 84 funds to carry out the provisions of SB X2 1.
- The Governor's Budget includes a two-year extension of 94.8 limited-term positions (set to expire June 30, 2009) and \$12 million in federal funding to continue various public health emergency preparedness activities. These positions support management of emergency pharmaceutical supplies, oversight of local health department preparedness, and coordination

of public health and medical care response capabilities.

• The Governor's Budget includes an increase of \$86.1 million for the AIDS Drug Assistance Program to reflect a projected increase in prescription drug costs and the number of clients served.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - MAJOR RISK MEDICAL INSURANCE PROGRAM

Major Risk Medical Insurance Program - provides health coverage to residents of the state who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be "medically uninsurable" -- at high risk of needing costly care. The program procures subsidized coverage for subscribers through participating health carriers.

20 - ACCESS FOR INFANTS AND MOTHERS PROGRAM

Access for Infants and Mothers Program - provides comprehensive health care to pregnant women and educates women about the dangers of tobacco use. Only pregnant women whose family income is between 200 and 300 percent of the federal poverty level are eligible for the program. Pregnant women with incomes below 200 percent of the federal poverty

level are eligible for the Medi-Cal program. The AIM Program provides subsidized coverage through participating health plans and covers eligible women through their pregnancy and 60 days postpartum.

40 - HEALTHY FAMILIES PROGRAM

Healthy Families Program - provides a subsidized children's health insurance program for low- to moderate-income families. The children have a choice of participating health, dental, and vision plans that offer a full range of services and comprehensive benefits consistent with those provided to state employees. The program provides subsidized coverage for eligible children up to age 19 in families with incomes up to 250 percent of the federal poverty level that are not eligible for Medi-Cal because of income.

50 - COUNTY HEALTH INITIATIVE MATCHING FUND PROGRAM

County Health Initiative Matching Fund Program - provides a subsidized children's health insurance program for moderateincome families in counties that have chosen to participate and have been approved by the federal government. The children, whose families are ineligible for Medi-Cal or the Healthy Families Program because of income, can be enrolled in a county-sponsored insurance program. Participating counties provide subsidized coverage for eligible children up to age 19 in families with incomes between 250 and 300 percent of the federal poverty level. The County Health Initiative Matching Fund Program provides a full range of services and comprehensive benefits equivalent to those provided under the Healthy Families Program. Program costs are funded by matching county funds with federal funds. The Managed Risk Medical Insurance Board manages the funds, and the counties administer the program.

Department of Developmental Services 4300

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act for ensuring that persons with developmental disabilities receive the services and supports they need to lead more independent and productive lives and to make choices and decisions about their lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and sufficiently complete to meet the needs and choices of these individuals at each stage of their lives, regardless of age or the degree of their disability; and, to the extent possible, accomplishes these goals in the individual's home community.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards, and procedures within which the developmental services program operates; monitors, reviews, and evaluates service delivery; and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and state-operated community facilities, and under contract with a statewide network of 21 private, nonprofit, locallybased community agencies known as regional centers.

The Department's goals are to:

- Expand the availability, accessibility, and types of services and supports to meet current and future needs of individuals and their families.
- Develop systems to ensure that quality services and supports are provided.
- Facilitate the dissemination of information and deployment of assistive and information technology to improve services and supports and the lives of people with developmental disabilities.
- Ensure the Department, state Developmental Centers, regional centers, and service providers comply with all applicable federal and state laws, regulations and contracts, including accounting for their funding in an appropriate manner.

The Department provides developmental services to eligible persons through two programs: Community Services and Developmental Centers. Since Department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Developmental Services' Capital Outlay Program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- A decrease of \$334 million in 2009-10 in the Department of Developmental Services (DDS) Regional Centers. The DDS Regional Centers continue to experience significant expenditure growth. Due to the state's fiscal situation, the DDS will work closely with the regional centers to manage program expenditures while meeting consumer service needs within the existing 2008-09 appropriation authority. For 2009-10, the DDS estimates there will be caseload and expenditure growth. However, due to fiscal constraints, the budget contains no funding increases associated with caseload, cost or service utilization growth and establishes a savings target of \$334 million to mitigate the growth in the program. The DDS will work with stakeholders over the next few months to develop proposals to achieve the targeted savings while maintaining the entitlement and ensuring program and service integrity.
- A decrease of \$24.6 million in 2008-09 for DDS regional centers, annualized to \$60.2 million in 2009-10, related to a 3
 percent discount of payments made to service providers by regional centers and a reduction of regional center operations
 costs by 3 percent effective February 1, 2009. The savings in this proposal reflect a reduction of \$4.1 million in 2008-09,
 and \$12.2 million in 2009-10 to account for the impact of a Department of Social Services proposal that reduces the State
 Supplemental Payment (SSP) to the federal minimum.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - COMMUNITY SERVICES PROGRAM

Through the network of regional centers, the Department supports the development and maintenance of services for eligible persons with developmental disabilities who reside in the community. The Department also assesses the needs of individuals who reside in state-operated facilities and develops community resources to assist those who would be more appropriately served in the community. The regional centers directly provide or coordinate the following services and supports in accordance with Individual Program Plans: (1) information and referral, (2) assessment and diagnosis, (3) counseling, (4) lifelong individualized planning and service coordination, (5) purchase of necessary services included in the individual program plan, (6) assistance in finding and using community and other resources, (7) advocacy for the protection of legal, civil, and service rights, (8) early intervention services for at-risk infants and their families, (9) genetic counseling, (10) family support, (11) planning, placement, and monitoring for 24-hour out-of-home care, (12) training and educational opportunities for individuals and families, (13) community education about developmental disabilities, and (14) habilitation services.

The Department monitors regional centers to ensure they operate in accordance with statute, regulations, and their contract with the Department.

20 - DEVELOPMENTAL CENTERS PROGRAM

The Department operates five Developmental Centers: Agnews, Fairview, Lanterman, Porterville, and Sonoma. Secure treatment services are provided at Porterville Developmental Center. In addition, the Department leases two facilities for persons who require specialized behavioral interventions: Sierra Vista, a 58-bed facility in Yuba City, and Canyon Springs, a 63-bed facility in Cathedral City. Services at all facilities involve the provision of active treatment through residential and day programs on a 24-hour basis, including appropriate medical and dental care, health maintenance activities, and assistance with activities of daily living, training, education, and employment.

The primary objectives of the Developmental Centers Program include providing care, treatment, and habilitative services in the most efficient, effective, and least restrictive manner to all individuals referred to the Developmental Centers Program by the regional centers, and/or the judicial system; and providing services to individuals that ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Division provides central administrative and clinical management services to the five Developmental Centers and the two leased facilities to ensure the quality of services provided, compliance with state licensing and federal certification requirements, protection of consumers and staff, and maintenance of facility structures and grounds. Areas of responsibility include the development of policy and procedures for all aspects of the Developmental Centers operations, law enforcement and protective services, facility population management, program and fiscal oversight, and facilities planning and support.

35 - DEPARTMENTAL ADMINISTRATION

The objective of this program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

INFRASTRUCTURE OVERVIEW

The Department of Developmental Services operates five state-owned and operated 24-hour care facilities, and two stateoperated 24-hour leased facilities. The five state-owned Developmental Centers (DCs) are Agnews DC (Santa Clara County), Fairview DC (Orange County), Lanterman DC (Los Angeles County), Porterville DC (Tulare County), and Sonoma DC (Sonoma County). These facilities comprise approximately 5.2 million gross square feet on 2,153 acres. Leased facilities include Sierra Vista (Sutter County) and Canyon Springs (Riverside County). The seven facilities are used to aid the Department's mission to provide medical, dental, and nursing care; supervision; active treatment; education and vocational training for residents with developmental disabilities. Additionally, Porterville DC serves consumers referred through the state's judicial system. The Legislature has approved a plan to close Agnews DC and closure activities will be completed in fiscal year 2008-09.

4440 Department of Mental Health

The California Department of Mental Health leads the state's mental health system, ensuring the availability and accessibility of effective, efficient, and culturally competent services. Advocacy, education, innovation, outreach, understanding, oversight, monitoring, quality improvement, and the provision of direct services accomplish this mission.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Mental Health's Capital Outlay Program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- The Governor's Budget includes \$226.7 million in General Fund savings for 2009-10 based on amending the nonsupplantation requirement of the Mental Health Services Act (Proposition 63) to allow the use of Proposition 63 funds for Mental Health Managed Care. Also, the Department of Mental Health will work with the counties and other stakeholders on changes necessary to provide greater local flexibility regarding the maintenance of effort and non-supplantation requirements of the Act. Implementation of this proposal will require passage of a voter initiative.
- The Governor's Budget includes \$32.7 million (\$15.1 million General Fund) for the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program in 2008-09, and \$67.2 million (\$43 million General Fund) in 2009-10, to fund higher per unit services costs, increases in the units of service, and increases in caseload.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - COMMUNITY SERVICES

The Community Services Program coordinates delivery of mental health treatment and support services. Community Services sets overall policy for the delivery of mental health services statewide; develops and oversees performance contracts with county mental health departments; monitors compliance with state and federal statutes; and administers various state-funded programs and projects. Funding assists counties in providing a broad array of mental health treatment and rehabilitative services in a local setting that promotes recovery and integration into the community for clients with mental illness and children and youth with serious emotional disturbance. Producing measurable outcomes is essential to the success of the Community Services Program. This includes consumer satisfaction strategies and enhancing cost-effectiveness by improving clinical efficacy, implementing recovery principles, and valuing a coordinated services approach to serving children, youth, adults, and older adults.

Community Services also provides statewide leadership and oversight for implementation of the Mental Health Services Act, which funds various local programs that expand community mental health services to children, youth, adults and older adults who have severe mental illnesses. Efforts include:

- Expand recovery and resiliency mental heath services to children, youth, adults and older adults who have severe mental illnesses.
- Implement the Prevention and Early Intervention program to reduce stigma, conduct outreach on recognizing early signs
 of mental illness, and reduce negative mental health outcomes such as suicide, incarceration, homelessness, school
 failure, unemployment and foster care.
- Develop innovative programs to improve access to high-quality mental health services.
- Expand capital facilities and address technology needs.
- Recruit, retain, and train additional staff to provide mental health services.

15 - MENTAL HEALTH SERVICES OVERSIGHT AND ACCOUNTABILITY COMMISSION

The Mental Health Services Oversight and Accountability Commission (MHSOAC) provides a vision and leadership, in collaboration with clients, their family members and under served communities to ensure that services provided pursuant to the Mental Health Services Act (MHSA) are cost effective and provided in accordance with recommended best practices subject to local and state oversight. The MHSOAC ensures accountability to taxpayers and to the public.

20 - LONG-TERM CARE SERVICES

The Long-Term Care Services Program administers the California state hospital system, the Forensic Conditional Release Program (CONREP), the Sex Offender Commitment Program, and the treatment and evaluation of judicially and civilly committed and voluntary patients. The state hospital system includes five state hospitals: Atascadero, Metropolitan, Napa, Patton and Coalinga. In addition, this program includes two inpatient psychiatric programs, one at the California Medical Facility in Vacaville and one at Salinas Valley State Prison, which provide treatment services to California Department of Corrections and Rehabilitation (CDCR) inmates. This program also provides services to juvenile justice wards of CDCR at the Southern Youth Correctional Treatment Center in Norwalk.

35 - DEPARTMENTAL ADMINISTRATION

Departmental Administration provides an array of services to support the Community Services and Long-Term Care Services Programs in meeting their objectives. Services provided include: budgeting, accounting, contracts and procurement, fiscal systems, information technology, personnel, labor relations, business services, local program financial support, and Health Insurance Portability and Accountability Act compliance.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

20 - ENERGY PROGRAMS

The objective of the Energy Programs is to assist low-income households in meeting their immediate and long-term home energy needs through financial assistance, energy conservation, and weatherization services.

The Low-Income Home Energy Assistance Program (LIHEAP) provides financial assistance to eligible households to offset the costs of heating and/or cooling dwellings, payments for weather-related or energy-related emergencies, and free weatherization services to improve the energy efficiency of homes. This program includes a leveraging incentive program in which supplementary LIHEAP funds can be obtained by LIHEAP grantees if non-federal leveraged home energy resources are used along with LIHEAP weatherization related services.

The Federal Department of Energy Weatherization Assistance Program provides weatherization related services, while safeguarding the health and safety of the household.

The Lead Hazard Control Program provides for the abatement of lead paint in low-income privately owned housing with young children.

40 - COMMUNITY SERVICES

The Community Services Block Grant Program is designed to provide a range of services to assist low-income people in attaining the skills, knowledge, and motivation necessary to achieve self-sufficiency. The program also provides low-income people with immediate life necessities such as food, shelter, and health care. In addition, services are provided to local communities for the revitalization of low-income communities, the reduction of poverty, and to help provider agencies to build capacity and develop linkages to other service providers.

47 - NATURALIZATION SERVICES

The Naturalization Services Program is a state funded program that assists legal permanent residents in obtaining citizenship. This program provides outreach, intake and assessment, collaboration with and referral to other organizations, citizenship application assistance, and citizenship testing and interview preparation.

50 - ADMINISTRATION

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - VOCATIONAL REHABILITATION SERVICES

The Vocational Rehabilitation Services Program delivers vocational rehabilitation services to persons with disabilities through vocational rehabilitation professionals in district and branch offices located throughout the state. In addition, the Department has cooperative agreements with state and local agencies (education, mental health, and welfare) to provide unique and collaborative services to consumers. The Department operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

The Department also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Prevocational services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for basic rehabilitation services.

Persons with disabilities who are eligible for the Department's vocational rehabilitation services may be provided a full range of services, including vocational assessment, assistive technology, vocational and educational training, job placement and independent living skills training to maximize their ability to live and work independently within their communities.

The Department's Community Resources Development Section works with public and private organizations to develop and improve community-based vocational rehabilitation services for the Department's consumers. The Department sets standards, certifies Community Rehabilitation Programs and establishes fees for services provided to its consumers.

30 - INDEPENDENT LIVING SERVICES

The Department funds, administers and supports 29 non-profit independent living centers in communities located throughout California. Each independent living center provides services necessary to assist consumers to live independently and be productive in their communities. Core services consist of information and referral, peer counseling, benefits advocacy, independent living skills development, housing assistance, personal assistance services, and personal and systems change advocacy.

The Department also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

40 - ADMINISTRATION

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

state plan for independent living and for monitoring, reviewing and evaluating the implementation of that plan. The Council also interacts with similar statewide councils to enhance the effectiveness of the network of centers that provide independent living services in California. The Council is required by the Federal Rehabilitation Act of 1973, as amended, in order for the state to receive financial assistance for Independent Living Services and the Centers for Independent Living. The Council serves as an educational resource on disability and independent living for the Governor, other state agencies, the Legislature, the general public, and a variety of statewide and national organizations.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CHILD SUPPORT SERVICES

The Department of Child Support Services is the single state agency designated to administer the Title IV-D state plan. The Department is responsible for providing strong state leadership to ensure that all functions necessary to establish, collect and distribute child support in California, including securing child and spousal support, medical support and determining paternity, are effectively and efficiently implemented. Eligibility for California's funding under Temporary Assistance to Needy Families (TANF) Block Grant is contingent upon continuously providing these federally required child support services. Further, the Child Support Program operates using clearly delineated federal performance measures, with minimum standards prescribing acceptable performance levels necessary for receipt of federal incentive funding. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities, by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders so that children receive financial and medical support as ordered.

10.01 - Child Support Administration:

The Child Support Administration program is funded from federal and state funds. The Child Support Administration expenditures are comprised of local staff salaries and benefits, operating expenses and equipment, and electronic data processing maintenance and operation costs. The federal government pays 66 percent and the state pays 34 percent of the Child Support Program costs. In addition, the Child Support Program earns federal incentive funds based on the state's performance in five federal performance measures.

10.03 - Child Support Automation:

Federal law mandates that each state create a single statewide child support automation system that meets federal certification. There are two components of the statewide system. The first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component contains tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. The SDU provides services to collect child support payments from non custodial parents and to disburse these payments to custodial parents.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

16 - WELFARE PROGRAMS

The Department's public assistance programs provide financial assistance to California residents who are unable to support themselves. This program is comprised of five components:

- California Work Opportunity and Responsibility to Kids (CalWORKs)
- Other Assistance Payments, including Foster Care, Adoption Assistance Program, Refugee Cash Assistance, and Food Assistance Programs
- Supplemental Security Income/State Supplementary Payment Program
- County Administration and Automation Projects
- Disaster Relief

The objectives of this program are to provide temporary financial assistance to eligible needy and dependent persons to enable achievement of self-sufficiency or to provide safe living environments for vulnerable adults and children, and to monitor, administer, and improve the quality of all welfare services.

16.30 - CalWORKs:

The CalWORKs program is California's version of the federal Temporary Assistance for Needy Families (TANF) program. CalWORKs is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while encouraging personal responsibility. CalWORKs includes specific welfare-to-work requirements and provides supportive services, such as child care, to enable an individual to meet these requirements. Child care services are provided to current and former CalWORKs recipients with children through the age of 12 through a three-stage system, depending on the recipient's level of self-sufficiency and employment stability. Stage One is administered by the Department of Social Services. The Department of Education administers Stages Two and Three. Parents have the right to choose child care among center-based, family child care home, or license-exempt providers. CalWORKs families are then able to meet both goals of moving from welfare into the work force and engaging children in child care and development services.

16.65 - Other Assistance Payments:

The Foster Care program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by federal and state law.

The Adoption Assistance Program provides ongoing support for families wanting to adopt children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps, age, or because they are a sibling, have become difficult to place in adoptive homes. This program encourages adoptions of children who would otherwise remain in long-term foster care by removing financial barriers for these families.

Refugee Cash Assistance is provided to refugees, asylees, certain Amerasians from Vietnam, and certified victims of human trafficking who do not qualify for CalWORKs or Supplemental Security Income, and to Cuban/Haitian Entrants who are eligible to receive assistance through the Entrant Cash Assistance program. Benefits are available for a maximum period of eight months.

The Food Stamp Program provides for improved levels of nutrition among eligible low-income households by offering them a benefit amount, posted to a debit card, for the purpose of purchasing food. The cost of food stamp benefits is borne entirely by the United States Department of Agriculture (USDA). The Food Stamp Employment and Training Program requires certain non-assistance food stamp recipients to participate in employment and training activities.

The Department also administers the state-only California Food Assistance Program to provide food stamp benefits to legal immigrants who meet federal Food Stamp eligibility criteria except for their immigration status.

The Emergency Food Assistance Program provides USDA commodities, as well as surplus fresh fruits and vegetables donated by California farmers and businesses, to local food banks for distribution to the working poor, low-income, unemployed, and homeless persons. This program is supplemented by contributions made by taxpayers to the Emergency Food Assistance Program Fund through a state income tax checkoff.

16.70 - Supplemental Security Income/State Supplementary Payment Program:

The Federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants, and disburses the combined monthly payment to recipients.

16.75 - County Administration and Automation Projects:

Federal, state, and county governments share the cost of operating expenses and the salaries and benefits of county staff who administer public assistance programs. County Administration for CalWORKs is in Program 16.30.

Federal, state, and county funds are used to finance major data automation projects of the Department of Social Services.

16.90 - Disaster Relief:

The objective of the Disaster Relief Program is to provide monetary assistance to individuals and households who have suffered eligible losses from a Presidentially-declared disaster that are not covered by other federal, state, or private assistance programs.

25 - SOCIAL SERVICES AND LICENSING

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations, and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

25.15 - In-Home Supportive Services:

The In-Home Supportive Services (IHSS) program provides services to enable eligible persons to remain safely in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled persons who receive public assistance or have low incomes. There are now three programs that provide in-home care: the Personal Care Services Program, the IHSS Plus Waiver Program, and the IHSS-Residual Program.

25.20 - Recipient Supplementary Payment:

The Recipient Supplementary Payment program provides supplemental payments to individuals who are participating in either the Personal Care Services Program or the IHSS Plus Waiver Program when their Medi-Cal share of costs are higher than their IHSS-Residual share of costs.

25.30 - Children and Adult Services and Licensing: The Children's Services component consists of three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention.

Child Welfare Services provides emergency response, family maintenance, family reunification, and permanent placement services for abused and neglected children and their families. The program also provides for training and technical assistance for administrators and staff.

The Adoptions Program: (1) provides agency (relinquishment) adoption services through five state offices and twenty-eight licensed county adoption agencies; (2) conducts studies of all independent adoption placements through seven state offices and three county adoption agencies; (3) reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (4) provides adoptive home recruitment activities through directly provided and contracted services.

The Child Abuse Prevention Program provides funding, training, and technical assistance for the development and sustainability of child abuse prevention outreach programs/activities and early intervention programs/services for at risk families and their children.

The Department also has County Services Block Grant funding which includes Adult Protective Services. In this program, counties provide appropriate Adult Protective Services to California's functionally impaired dependent adults and the aged who live in their own homes.

The Community Care Licensing Division provides preventive and protective services to all persons in community care facilities by ensuring that licensed facilities meet established health and safety standards.

25.35 - Special Programs:

The Department has several special programs that include the following: Specialized Services, Access Assistance to the Deaf, and Refugee Assistance Services.

26 - TITLE IV-E WAIVER

The Title IV-E Waiver Capped Allocation Project (CAP) is a federal waiver demonstration project in California. This project will provide participating counties with flexibility in their use of federal and state foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out of home placements and administrative expenditures. Under the CAP, participating counties will receive a capped allocation of their Title IV-E funds to provide direct services to children and families.

35 - DISABILITY EVALUATION AND OTHER SERVICES

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

35.15 - Disability Evaluation:

The Disability Evaluation Program determines the medical, vocational, and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and overall ability to engage in substantial gainful employment.

35.25 - Services to Other Agencies:

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel and accounting to the State Council on Developmental Disabilities and the Health and Human Services Agency. The Department provides services to the Medi-Cal Program in the form of state hearings and public information services. The Department also provides state hearings services to the Department of Child Support Services.

60 - ADMINISTRATION

The objective of the Administration program is to provide overall management, planning, policy development, and

administrative support services to other departmental programs.

5195 State-Local Realignment

In the 1991-92 fiscal year, State-Local Program Realignment restructured the state-county partnership by giving counties increased responsibilities and funding for a number of health, mental health, and social services programs. Realignment provided counties with dedicated tax revenues from the state sales tax and vehicle license fee to pay for these changes.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - STATE-LOCAL REALIGNMENT

The objectives of Realignment are to assign program responsibility to the most appropriate level of government, either state or local, and achieve improved service levels with broad discretion given to the responsible entity. Realignment provides for greater funding stability for selected programs, increased local flexibility in administering these programs, and productive fiscal incentives to encourage cost-effective approaches to providing services.

Total Realignment revenues are comprised of sales tax and vehicle license fee revenues. Revenues are deposited into the Local Revenue Fund, which includes several accounts. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula and are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other state and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health, mental health, and alcohol and drug programs.
