

Health and Human Services

Health and human services programs provide essential medical, dental, mental health, and social services to many of California's most vulnerable and at-risk residents. These programs touch the lives of millions of Californians and provide access to critical services that promote their health, well-being, and ability to function in society. The mission of the Health and Human Services Agency also includes recognizing children as a priority investment, promoting personal responsibility for services, and enhancing program effectiveness and accountability.

4100 State Council on Developmental Disabilities

The State Council on Developmental Disabilities advocates, promotes and implements policies and practices that achieve self-determination, independence, productivity, and inclusion in all aspects of community life for Californians with developmental disabilities and their families.

PROGRAM DESCRIPTIONS

10 - STATE COUNCIL PLANNING AND ADMINISTRATION

The Council and its statewide staff are responsible for developing and implementing a State Plan containing goals, objectives, activities, and projected outcomes designed to improve and enhance the availability and quality of services and support to individuals with developmental disabilities and their families. The appointed Council members ensure system coordination, monitoring, and evaluation.

20 - COMMUNITY PROGRAM DEVELOPMENT

The Council administers grants to community-based organizations that fund new and innovative community program development projects to implement State Plan objectives and improve and enhance services for individuals with developmental disabilities and their families.

40 - REGIONAL OFFICES AND LOCAL AREA BOARDS

In addition to implementation of State Plan activities, regional office staff provide the following services to residents of state developmental centers and state-operated community facilities:

Individualized advocacy services through volunteers recruited by Council staff for individuals who have no legally
appointed representative to assist them in making choices and decisions.

^{*} Dollars in thousands, except in Salary Range.

HHS 2 HEALTH AND HUMAN SERVICES

4100 State Council on Developmental Disabilities - Continued

- Clients' rights advocacy services to ensure that laws, regulations, and policies pertaining to the rights of persons with developmental disabilities are observed.
- · Quality Assessments for individuals who receive community residential services and support.

Thirteen local Area Boards on Developmental Disabilities are attached to the Council for administrative purposes and assist with local advocacy, training, coordination, and implementation of State Plan objectives. Regional offices and local Area Boards report local outcomes to the Council for inclusion in reports to the federal government and the California Legislature.

PROGRAM DESCRIPTIONS

10 - HEALTHCARE QUALITY AND ANALYSIS

The Healthcare Quality and Analysis Program conducts applied healthcare outcomes analysis to produce public reports that address healthcare quality, outcomes, access and other relevant issues in order to improve access to and quality of healthcare with the intent of improving the health of Californians. Using data collected through the Healthcare Information Program, this program also produces data and products about healthcare cost, utilization and other trends to effectively meet the needs of healthcare policymakers, healthcare providers, health planners, public and private sector healthcare purchasers, researchers, consumers, and the media.

The California Health Policy and Data Advisory Commission advises OSHPD on the collection and reporting of health facility data, public access to data, health data regulations, and risk-adjusted outcome studies. The Commission holds hearings for health facilities appealing fines for delinquent data submission and as well as for applicants to the Cal-Mortgage Loan Insurance Program if necessary, and makes recommendations to the Director of the Office.

The Rural Health Policy Council promotes coordinated planning and policy development among state departments and between the State and local public and private providers, and conducts public hearings for the purpose of soliciting input from rural communities, including input from rural hospitals, rural clinics, healthcare service plans, local governments, academia, and consumers.

30 - HEALTHCARE WORKFORCE

The Healthcare Workforce Program supports the development and expansion of primary care, mental health and allied health training throughout the state, promotes healthcare workforce diversity and cultural competency, encourages providers to work in underserved areas, and promotes the recruitment of students into health professions. It includes the following program areas:

- Health Workforce Pilot Projects Program- Provides the opportunity for healthcare related organizations to demonstrate, test and evaluate new or expanded roles for healthcare professionals or new healthcare delivery alternatives prior to amending regulations or laws. Under this program, trainees in approved pilot projects are exempted from other provisions of law. Pilot project results help quide changes to the Business and Professions Code.
- of law. Pilot project results help guide changes to the Business and Professions Code.

 Song-Brown Healthcare Workforce Training Program- Grants funds to family practice residency, nurse practitioner, physician assistant, mental health, and registered nurse training programs to increase the number and improve the distribution of these professionals in underserved areas of the state.
- Health Careers Training Program- Serves as a health professions resource and liaisons between public and private
 partnerships to promote recruitment, training, placement, and retention of a multicultural and linguistically competent
 health workforce in California.
- Shortage Designation Program- Liaisons between the federal government and healthcare provider sites applying for
 designation as a Health Professional Shortage Area (HPSA) or a Medically Underserved Area/Population. These
 designations enable clinics to be eligible for assignment of National Health Service Corps Personnel or apply for Rural
 Health Clinic certification Federally Qualified Health Center Look-Alike certification, and New Start/Expansion Program
- Health Clinic certification Federally Qualified Health Center Look-Alike certification, and New Start/Expansion Program.

 California State Loan Repayment Program (CSLRP)- Increases the number of licensed primary care physicians, dentists, dental hygienists, physician assistants, nurse practitioners, certified nurse midwives, and mental health providers

^{*} Dollars in thousands, except in Salary Range.

practicing in designated HPSAs. CSLRP is authorized to repay educational loans of health professionals, who in turn must obligate themselves for service in public or private non profit entities for a minimum of two years and maximum of four years providing direct patient care.

Healthcare Workforce Clearinghouse Program (Clearinghouse)- Established to serve as the central source of healthcare
workforce and education data in the State. The Clearinghouse is responsible for the collection, analysis, and distribution
of information on the educational and employment trends for healthcare occupations in the State. The Clearinghouse will
be fully implemented in 2012.

Health Professions Education Foundation (a non-profit public benefit corporation)-Provides scholarships, loan
repayments, and programs to health professional students and graduates who agree to provide direct patient care in a
medically underserved area of California for one to four years. Programs serve allied health, nursing, mental health, and
medical health professionals.

42 - FACILITIES DEVELOPMENT

The Facilities Development Program safeguards public health, safety, and general welfare through regulations of the design and construction of healthcare facilities to ensure they are capable of providing sustained services to the public.

45 - CAL-MORTGAGE LOAN INSURANCE

The Cal-Mortgage Program is modeled after federal home mortgage insurance programs, and insures loans to public and non-profit healthcare facilities for construction, renovation, and expansion projects. The Program facilitates access to private capital at no cost to taxpayers and has helped healthcare providers enhance the delivery of healthcare throughout California since 1972.

The Program underwrites loans, makes insurance recommendations to the Advisory Loan Insurance Committee, monitors the Cal-Mortgage insured loan portfolio, and administers the Health Facility Construction Loan Insurance Fund. The Program also administers loan payback provisions of Fire Protection Loans and the Eminent Domain Certificate Program for health facilities.

60 - HEALTHCARE INFORMATION

The Healthcare Information Program sets standards for, collects, and maintains financial and utilization data from nearly 5,000 licensed health facilities in California, as well as comprehensive demographic, diagnostic, and treatment data for all patients discharged from licensed hospitals, treated in emergency departments, or having had an ambulatory surgery procedure in hospital surgical clinics. This information is used by healthcare policymakers, healthcare providers, health planners, public and private sector healthcare purchasers, researchers, consumers and the media.

80 - ADMINISTRATION

Administration provides overall management, planning, policy development, legal, legislative, information technology support and administrative services to the OSHPD.

4170 **Department of Aging**

The Department's mission is to promote the independence and well-being of older adults, adults with disabilities, and families through:

- Access to information and services to improve the quality of their lives;

- Opportunities for community involvement;
 Support to family members providing care; and
 Collaboration with other state and local agencies.

As the designated State Unit on Aging, the Department administers Older Americans Act programs that provide a wide variety of community-based supportive services as well as congregate and home-delivered meals. It also administers the Health Insurance Counseling and Advocacy Program. The Department also contracts directly with agencies that operate the

Multipurpose Senior Services Program, and certifies Adult Day Health Care centers for the Medi-Cal program.

The Department administers most of these programs through contracts with the state's 33 local Area Agencies on Aging (AAAs). At the local level, AAAs contract for and coordinate this array of community-based services to older adults, adults with disabilities, family caregivers and residents of long-term care facilities.

PROGRAM DESCRIPTIONS

10 - NUTRITION

The Nutrition Program provides nutritionally-balanced meals, nutrition education and nutrition counseling to individuals 60 years of age or older. In addition to promoting better health through improved nutrition, the program focuses on reducing the isolation of the elderly and providing a link to other social and supportive services such as transportation, information and assistance, escort, employment, and education.

20 - SENIOR COMMUNITY EMPLOYMENT SERVICE

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service agencies for low-income persons, 55 years of age and older. The program also promotes transition to unsubsidized employment.

30 - SUPPORTIVE SERVICES AND CENTERS

This program provides supportive services including information and assistance, legal and transportation services, senior centers, elder abuse prevention, and in-home services for frail older Californians as authorized by Titles III and VII of the Older Americans Act. The services provided are designed to assist older individuals to live as independently as possible and access the programs and services available to them.

40 - SPECIAL PROJECTS

This program includes the community-based Health Insurance Counseling and Advocacy Program (HICAP). HICAP provides personalized counseling, community education and outreach events for Medicare beneficiaries. HICAP is the primary local source for accurate and objective information and assistance with Medicare benefits, prescription drug plans and health plans.

45 - CDA MEDI-CAL PROGRAMS

This program includes the Multipurpose Senior Services Program (MSSP) and Adult Day Health Care (ADHC) Program. The

MSSP provides health/social case management to prevent premature and unnecessary long-term care institutionalization of frail elderly persons. The Department provides program oversight of the MSSP via an interagency agreement with the Department of Health Care Services. The ADHC Program is a community-based day program that provides a variety of health, therapeutic and social services to restore or maintain optimal capacity for self-care of frail older persons and adults with functional impairments. The Department certifies ADHC centers for participation in the Medi-Cal Program.

PROGRAM DESCRIPTIONS

10 - COMMISSION ON AGING

The Commission has responsibility to monitor the implementation of the Department of Aging's State Plan on Aging and to assist in the development of the state's Alzheimer's Disease Plan. The Commission also administers the Triple A Council of California which is supported solely by voluntary contributions made through a check-off included on the state income tax form.

PROGRAM DESCRIPTIONS

15 - ALCOHOL AND OTHER DRUG SERVICES

The Alcohol and Other Drug Services Program assists counties in providing appropriate prevention, treatment, and recovery services to help Californians have healthy lives free of alcohol and other drug-related problems and become contributing members of their communities. In addition to ensuring compliance with state and federal statutes, the Department provides program oversight for state and federally-funded programs, maintains agreements with counties to monitor performance measures and spending related to federal maintenance of effort requirements, and implements projects consistent with specific Department objectives.

To meet this responsibility, the Department performs the following functions:

- Service Delivery System-Design, maintain, and continuously improve a statewide infrastructure for the delivery of community-based alcohol and other drug prevention, treatment, and recovery services, as well as problem gambling prevention and treatment services. This is achieved through ongoing partnership with county governments and in cooperation with numerous private and public agencies, organizations, and groups.
- System Financing-Provide efficient and effective systems of obtaining, allocating, administering, and accounting for local,
- state, and federal funds used in the alcohol and other drug system.

 Quality Assurance-Ensure that service providers maintain compliance with basic facility and program standards. The Department licenses and/or certifies a range of programs including residential treatment centers and outpatient programs, clinics for narcotic replacement therapy, and Driving Under the Influence educational programs.
- Alcohol and Other Drug Prevention-Maintain a prevention program designed to reduce and eliminate alcohol and other drug-related problems among California's children, youth, and adult populations.
- Information Technology-Develop an information infrastructure that supports the goals, strategies, and operations of the Department and its stakeholders.

30 - DEPARTMENTAL ADMINISTRATION

The objective of the Administration Program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

MAJOR PROGRAM CHANGES

 The Governor's Budget proposes using \$1 billion in both state and local Proposition 10 funding reserves, in lieu of General Fund, to fund Medi-Cal health services for children through the age of five. The proposal also would allow 50 percent of future state and local revenues to fund General Fund-supported early childhood services. These shifts in funding would require voter approval.

MAJOR PROGRAM CHANGES

- Medi-Cal Cost Containment Strategies The Budget includes \$791 million in savings because of a number of program changes, including limits on services and utilization controls (\$234 million) and providing for increased beneficiary cost sharing (\$557 million).
- Six Month Hospital Fee Extension The Budget includes \$160 million in General Fund savings in 2010-11 by extending
 the existing hospital fee through June 30, 2011 and using fee revenue to offset General Fund expenditures in Medi-Cal for
 children's health services; consistent with existing policy.
- Program Reductions The Budget includes \$886 million in reductions by: (1) Reducing nursing home rates by 10 percent (\$196 million), (2) Court approval of past 10 percent provider rate reductions (\$537 million), and (3) Eliminating the optional Adult Day Health Care benefit (\$177 million).
- Alternative Funding The Budget includes \$1.84 billion in alternative funding to offset General Fund costs in Medi-Cal.
 This includes use of \$1 billion in Proposition 10 (First 5 Commission) reserves and \$840 million in Redevelopment Agency funds.
- Health Care Reform Implementation The Budget includes \$2.1 million (\$949,000 General Fund) for 17 two-year limitedterm positions to carryout workload activities required to implement federal health care reform. Reform goals include expanding coverage, making health care affordable, and improving health outcomes.

PROGRAM DESCRIPTIONS

20 - HEALTH CARE SERVICES

The Health Care Services program ensures that low-income Californians have access to health care services and that those services are delivered in a cost-effective manner. The Health Care Services program is comprised of three elements: Medical Care Services (Medi-Cal), Children's Medical Services, and Primary and Rural Health Care.

20.10 - Medi-Cal:

Medi-Cal is responsible for coordinating and directing the delivery of health care services to low-income Californians. Medi-Cal provides access to quality medical care in a fiscally prudent manner through both fee-for-service and managed care delivery systems. Medi-Cal activities are carried out through 14 Divisions and 2 Program Offices. The Divisions and Program Offices include: Medi-Cal Benefits, Waiver Analysis, and Rates; Medi-Cal Managed Care; Medi-Cal Eligibility; Long Term Care; Pharmacy Benefits; Provider Enrollment; Utilization Management; Third Party Liability and Recovery; Safety Net Financing; Fiscal Intermediary and Contracts Oversight; Systems of Care; Fiscal Intermediary Medicaid Management Information Systems; Medi-Cal Dental Services; and Audits and Investigations. The Program Offices include: Office of Medi-

Cal Procurement and the Office of Health Insurance Portability and Accountability Act (HIPAA) Compliance.

20.25 - Children's Medical Services:

Children's Medical Services is responsible for coordinating and directing the delivery of health care services to low-income and seriously ill children, including the Child Health and Disability Prevention Program, the Genetically Handicapped Persons Program, and the California Children's Services Program.

20.35 - Primary and Rural Health Care:

Primary and Rural Health Care is responsible for coordinating and directing the delivery of health care to Californians in rural areas and to underserved populations through the following programs: Expanded Access to Primary Care Program, the Indian Health Program, American Indian Infant Health Initiative, Rural Health Services Development Program, Seasonal Agricultural and Migratory Workers Program, State Office of Rural Health, Medicare Rural Hospital Flexibility Program, and Small Rural Hospital Improvement Grant Program.

30 - DEPARTMENTAL ADMINISTRATION

This program provides overall management, planning, policy development, legal and administrative support services for all DHCS programs. This program is carried out by the Executive Division, Office of Legal Services, Office of Civil Rights, Office of Multicultural Health, Office of Women's Health, Legislative and Governmental Affairs, Office of Public Affairs, Information Technology Services Division, Administration Division, and program division offices.

4265 Department of Public Health

Pursuant to Chapter 241, Statutes of 2006 (SB 162), effective July 1, 2007, specific programs and public health responsibilities vested with the former California Department of Health Services were transferred to the newly established California Department of Public Health (CDPH).

The mission of the CDPH is dedicated to optimizing the health and well-being of all Californians. The CDPH achieves its mission through the following core activities:

- Promoting healthy lifestyles for individuals and families in their communities and workplaces.
- Preventing disease, disability, and premature death, and reducing or eliminating health disparities. Protecting the public from unhealthy and unsafe environments.
- Providing or ensuring access to quality, population-based health services. Preparing for and responding to public health emergencies.
- Producing and disseminating data to inform and evaluate public health status, strategies, and programs.

MAJOR PROGRAM CHANGES

- The Governor's Budget includes a net increase of \$86.9 million for the AIDS Drug Assistance Program to reflect a
 projected increase in prescription drug costs and caseload. This amount includes savings of \$16.8 million due to an
 increase in client share of cost to the maximum percentages allowable under federal law for specified ADAP clients, but
 would limit ADAP clients with private insurance or Medicare Part D to a maximum cost sharing percentage.
- The revised 2010-11 Budget includes \$76.3 million in additional federal resources available through the Safety Net Care
 Pool that can be used to offset General Fund in the ADAP Program.

PROGRAM DESCRIPTIONS

10 - PUBLIC HEALTH EMERGENCY PREPAREDNESS

The Public Health Emergency Preparedness program coordinates preparedness and response activities for all public health emergencies, including natural disasters, acts of terrorism, and pandemic diseases. The program plans and supports surge capacity in the medical care and public health systems to meet needs during emergencies. The program also administers federal and state funds that support California Department of Public Health's (CDPH) emergency preparedness activities.

20 - PUBLIC AND ENVIRONMENTAL HEALTH

The Public and Environmental Health program's objective is to prevent disease and premature death and to enhance the health and well being of all Californians. These objectives are achieved by:

- Working with local public health agencies that protect and enhance public health.
- Coordinating prevention-related programs to promote healthy environments and minimize the incidence, prevalence, and duration of infectious diseases, injuries, volence, and chronic diseases.
- Regulating and developing partnerships with non-profit, and public and private businesses and industries to achieve and maintain a healthful environment.
- Designing community and environmental health promotion and treatment strategies and evaluating their cost effectiveness.
- Providing quality laboratory services for biomedical, bioenvironmental, forensic alcohol and methadone drug analyses.
- Supporting research into the cause, prevention, early detection, diagnosis, and treatment of cancer.

20.10 - Chronic Disease Prevention and Health Promotion:

This program works to prevent and control chronic diseases such as cancer, cardiovascular diseases, and diabetes; and to prevent or reduce disease and injury related to environmental and occupational factors. This program includes Chronic Disease and Injury Control, and Environmental and Occupational Disease Control.

20.20 - Infectious Disease:

This program works to prevent and control infectious diseases such as HIV/AIDS, viral hepatitis, influenza and other vaccine preventable illnesses, tuberculosis, emerging infections, and foodborne illnesses. This program includes Communicable Disease Control and the Office of AIDS.

20.30 - Family Health:

This program ensures access to coordinated preventive and primary care services for low-income women, infants, children, and families and children with special needs. This program includes Maternal, Child, and Adolescent Health, Genetic Disease Testing, Family Planning Services, and the Supplemental Nutrition Program for Women, Infants, and Children.

20.40 - Health Information and Strategic Planning:

This program works to improve public health by developing data systems and facilitating the collection, validation, analysis, and dissemination of health information. This program includes Vital Records, Public Health Informatics, and department-wide initiatives related to Strategic Planning and Performance Management.

20.50 - County Health Services:

This program supports county-based public health information and services including the Medical Marijuana Program and Refugee Health Services.

20.60 - Environmental Health:

This program works to protect and improve the health of all California residents by ensuring the safety of drinking water, food, drugs, and medical devices; conducting environmental management programs; and overseeing the use of radiation through investigation, inspection, laboratory testing, and regulatory activities. This program includes Drinking Water and Environmental Management, and Food, Drug, and Radiation Safety.

30 - LICENSING AND CERTIFICATION

Health Facilities: This program regulates the quality of care in approximately 7,000 public and private health facilities, clinics, agencies throughout the state, licenses Nursing Home Administrators, and certifies Nurse Assistants, Home Health Aides, Hemodialysis Technicians, and other direct care staff.

Laboratory Field Services: This program regulates quality standards in approximately 19,000 clinical laboratories, public health laboratories, blood banks and tissue banks in California and licenses 30 different categories of laboratory personnel including laboratory scientists, phlebotomists, genetic scientists and clinical chemists.

40 - DEPARTMENTAL ADMINISTRATION

This program provides overall management, planning, policy development, legal and administrative support services for all CDPH programs. This program is carried out by the Executive Division, Office of Legal Services, Office of Civil Rights, Office of Multicultural Health, Office of Women's Health, Legislative and Governmental Affairs, Office of Public Affairs, Information Technology Division, Administration Division, and program division offices.

PROGRAM DESCRIPTIONS

10 - MAJOR RISK MEDICAL INSURANCE PROGRAM

Major Risk Medical Insurance Program - provides health coverage to residents of the state who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be "medically uninsurable" -- at high risk of needing costly care. The program procures coverage for subscribers through participating health plans. Suscribers pay monthly premiums and the program subsidizes the remaining costs.

20 - ACCESS FOR INFANTS AND MOTHERS PROGRAM

Access for Infants and Mothers Program - provides comprehensive health care to pregnant women and educates women about the dangers of tobacco use. Only pregnant women whose family income is between 200 and 300 percent of the federal poverty level are eligible for the program. Pregnant women with incomes below 200 percent of the federal poverty level are eligible for the Medi-Cal program. The AIM Program provides coverage through participating health plans and covers eligible women through their pregnancy and 60 days postpartum. Subscribers pay a premium equal to 1.5 percent of their family income and the plan subsidizes the remaining cost of coverage.

40 - HEALTHY FAMILIES PROGRAM

Healthy Families Program - provides health coverage for eligible children up to age 19 in families with incomes up to 250 percent of the federal poverty level that are not eligible for Medi-Cal because of income. The program provides comprehensive health, dental and vision benefits through participating plans. Families pay a monthly premium and the program subsidizes the remaining cost of coverage.

50 - COUNTY HEALTH INITIATIVE MATCHING FUND PROGRAM

County Health Initiative Matching Fund Program - provides health coverage for eligible children up to age 19 in families with incomes between 250 and 300 percent of the federal poverty level that are not eligible for Medi-Cal or the Healthy Families Program. Coverage is provided through county-sponsored insurance programs, which provide comprehensive benefits similar to the Healthy Families Program. Program costs are funded by matching county expenditures with federal funds for participating counties that have been approved by the federal government. The Managed Risk Medical Insurance Board manages the intergovernmental transfer of federal funds, and the counties administer the program.

60 - PRE-EXISTING CONDITIONS INSURANCE PLAN PROGRAM

The Pre-Existing Conditions Insurance Plan Program (PCIP) is a federally-funded health coverage program which provides health coverage to medically-uninsurable individuals who live in California. The program is available for individuals who did not have health coverage in the six months prior to applying. Subscribers pay monthly premiums and the program subsidizes the remaining costs.

4300 Department of Developmental Services

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act for ensuring that persons with developmental disabilities receive the services and supports they need to lead more independent and productive lives and to make choices and decisions about their lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and sufficiently complete to meet the needs and choices of these individuals at each stage of their lives, regardless of age or the degree of their disability; and, to the extent possible, accomplishes these goals in the individual's home community.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards, and procedures within which the developmental services program operates; monitors, reviews, and evaluates service delivery; and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and a state-operated community facility, and under contract with a statewide network of 21 private, nonprofit, locally-based community agencies known as regional centers.

The Department's goals are to:

- Expand the availability, accessibility, and types of services and supports to meet current and future needs of individuals and their families.
- Develop systems to ensure that quality services and supports are provided.
- Facilitate the dissemination of information to improve services and supports and the lives of people with developmental disabilities.
- Ensure the Department, state Developmental Centers, regional centers, and service providers comply with all applicable
 federal and state laws, regulations and contracts, including accounting for their funding in an appropriate manner.

The Department provides developmental services to eligible persons through two programs: Community Services and Developmental Centers. Since Department programs drive the need for infrastructure investment, the department has a related capital outlay program to support this need. For the specifics on the Department of Developmental Services' Capital Outlay Program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

• The Governor's Budget includes a system-wide reduction of \$750 million General Fund in 2011-12 through additional federal revenues, increased accountability, expenditure reductions and cost-containment measures, with the intent of maintaining the Lanterman entitlement to community-based services for individuals to avoid more costly institutionalization.

PROGRAM DESCRIPTIONS

10 - COMMUNITY SERVICES PROGRAM

Through the network of regional centers, the Department supports the development and maintenance of services for eligible persons with developmental disabilities who reside in the community. The regional centers directly provide or coordinate the following services and supports in accordance with Individual Program Plans: (1) information and referral, (2) assessment and diagnosis, (3) counseling, (4) lifelong individualized planning and service coordination, (5) purchase of necessary services included in the individual program plan, (6) assistance in finding and using community and other resources, (7) advocacy for the protection of legal, civil, and service rights, (8) early intervention services for infants and their families, (9) prevention program for at-risk infants and toddlers, (10) family support, (11) planning, placement, and monitoring for 24-hour out-of-home care, (12) training and educational opportunities for individuals and families, (13) community education about developmental disabilities, and (14) habilitation services. The needs of individuals who reside in state-operated facilities are assessed and community resources are developed to assist those who can appropriately transition to the community.

The Department monitors regional centers to ensure they operate in accordance with statute, regulations, and their contract with the Department.

20 - DEVELOPMENTAL CENTERS PROGRAM

The Department operates four Developmental Centers: Fairview (Orange County), Lanterman (Los Angeles County), Porterville (Tulare County), and Sonoma (Sonoma County). Secure treatment services are provided at Porterville Developmental Center. The Department operates an outpatient clinic at the Agnews site. The clinic provides safety net primary care and dentistry services for former Agnews residents. In accordance with the approved closure plan, Agnews Developmental Center stopped providing 24 hour care in March 2009. In addition, the Department leases one small facility for persons who require specialized behavioral interventions: Canyon Springs, a 63-bed facility in Cathedral City. The Sierra Vista Community Facility closed in February 2010, as part of the Department's overall plan to save \$334M General Fund. Services at all facilities except the Agnews Outpatient Clinic involve the provision of active treatment through residential and day programs on a 24-hour basis, including appropriate medical and dental care, health maintenance activities, and assistance with activities of daily living, training, education, and employment.

The primary objectives of the Developmental Centers Program include providing care, treatment, and habilitation services in the most efficient, effective, and least restrictive manner to all individuals referred to the Developmental Centers Program by the regional centers, and/or the judicial system; and providing services to individuals that ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Division provides central administrative and clinical management services to the four Developmental Centers, the leased small community facility, and the Agnews Outpatient Clinic to ensure the quality of services provided, compliance with state licensing and federal certification requirements, protection of consumers and staff, and maintenance of facility structures and grounds. Areas of responsibility include the development of policy and procedures for all aspects of the Developmental Centers operations, law enforcement and protective services, facility population management, program and fiscal oversight, and facilities planning and support.

35 - DEPARTMENTAL ADMINISTRATION

The objective of this program is to provide to the Department (1) overall management, planning and policy development, and legal, legislative, audit, and administrative services and (2) revenue and reimbursement collections from federal and state programs, insurance companies, and private payers for the cost of services.

INFRASTRUCTURE OVERVIEW

The Department of Developmental Services is responsible for the operation and maintenance of the facilities under its control, including the four state-owned and operated 24-hour care facilities and their buildings, grounds and infrastructure. The four active state-owned facilities comprise approximately 4.6 million gross square feet on 1,986 acres. The facilities are used to aid the Department's mission to provide medical, dental, and nursing care; supervision; active treatment; education and vocational training for residents with developmental disabilities. The Department also continues to be responsible for the maintenance of the buildings, grounds and infrastructure of Agnews Developmental Center, which stopped providing 24-hour care in March 2009. Agnews will be maintained in a warm shut-down mode until the facility is sold or transferred and no longer under the Department's control. The Department also leases a small state-operated community facility but is not responsible for infrastructure or maintenance of this facility.

4440 Department of Mental Health

The California Department of Mental Health leads the state's mental health system, ensuring the availability and accessibility of effective, efficient, and culturally competent services. Advocacy, education, innovation, outreach, understanding, oversight, monitoring, quality improvement, and the provision of direct services accomplish this mission.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Mental Health's Capital Outlay Program see "Infrastructure Overview."

PROGRAM DESCRIPTIONS

10 - COMMUNITY SERVICES

The Community Services Program coordinates delivery of mental health treatment and support services. Community Services sets overall policy for the delivery of mental health services statewide; develops and oversees performance contracts with county mental health departments; monitors compliance with state and federal statutes; and administers various state-funded programs and projects. Funding assists counties in providing a broad array of mental health treatment and rehabilitative services in a local setting that promotes recovery and integration into the community for clients with mental illness and children and youth with serious emotional disturbance. Producing measurable outcomes is essential to the success of the Community Services Program. This includes consumer satisfaction strategies and enhancing cost-effectiveness by improving clinical efficacy, implementing recovery principles, and valuing a coordinated services approach to serving children, youth, adults, and older adults.

Community Services also provides statewide leadership and oversight for implementation of the Mental Health Services Act, which funds various local programs that expand community mental health services to children, youth, adults and older adults who have severe mental illnesses. Efforts include:

- Expand recovery and resiliency mental heath services to children, youth, adults and older adults who have severe mental illnesses.
- Implement the Prevention and Early Intervention program to reduce stigma, conduct outreach on recognizing early signs
 of mental illness, and reduce negative mental health outcomes such as suicide, incarceration, homelessness, school
 failure, unemployment and foster care.
- Develop innovative programs to improve access to high-quality mental health services.
- Expand capital facilities and address technology needs.
- Recruit, retain, and train additional staff to provide mental health services.

20 - LONG-TERM CARE SERVICES

The Long-Term Care Services Program administers the California state hospital system, the Forensic Conditional Release Program (CONREP), the Sex Offender Commitment Program, and the treatment and evaluation of judicially and civilly committed and voluntary patients. The state hospital system includes five state hospitals: Atascadero, Metropolitan, Napa, Patton and Coalinga. In addition, this program includes two inpatient psychiatric programs, one at the California Medical Facility in Vacaville and one at Salinas Valley State Prison, which provide treatment services to California Department of Corrections and Rehabilitation (CDCR) inmates. This program also provides services to juvenile justice wards of CDCR at the Southern Youth Correctional Treatment Center in Norwalk.

35 - DEPARTMENTAL ADMINISTRATION

Departmental Administration provides an array of services to support the Community Services and Long-Term Care Services Programs in meeting their objectives. Services provided include: budgeting, accounting, contracts and procurement, fiscal systems, information technology, personnel, labor relations, business services, local program financial support, and Health Insurance Portability and Accountability Act compliance.

4560 Mental Health Services Oversight and Accountability Commission - Continued

The MHSOAC was established to provide oversight and accountability for the Mental Health Serivces Act (MHSA), Adult and Older Adult System of Care Act and Children's Mental Health Services Act. The MHSOAC has three primary roles: (1) provide oversight, review and evaluation of projects and programs supported with MHSA funds, (2) review and/or approve local MHSA funding requests, and (3) ensure oversight and accountability of the public community mental health system. The MHSOAC also advises the Governor and the Legislature regarding state actions to improve care and services for people with mental illness.

PROGRAM DESCRIPTIONS

20 - ENERGY PROGRAMS

The objective of the Energy Programs is to assist low-income households in meeting their immediate and long-term home energy needs through financial assistance, energy conservation, and weatherization services.

The Low-Income Home Energy Assistance Program (LIHEAP) provides financial assistance to eligible households to offset the costs of heating and/or cooling dwellings, payments for weather-related or energy-related emergencies, and free weatherization services to improve the energy efficiency of homes. This program includes a leveraging incentive program in which supplementary LIHEAP funds can be obtained by LIHEAP grantees if non-federal leveraged home energy resources are used along with LIHEAP weatherization related services.

The Federal Department of Energy Weatherization Assistance Program provides weatherization related services, while safeguarding the health and safety of the household.

The Lead Hazard Control Program provides for the abatement of lead paint in low-income privately owned housing with young children.

40 - COMMUNITY SERVICES

The Community Services Block Grant Program is designed to provide a range of services to assist low-income people in attaining the skills, knowledge, and motivation necessary to achieve self-sufficiency. The program also provides low-income people with immediate life necessities such as food, shelter, and health care. In addition, services are provided to local communities for the revitalization of low-income communities, the reduction of poverty, and to help provider agencies to build capacity and develop linkages to other service providers.

50 - ADMINISTRATION

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

PROGRAM DESCRIPTIONS

10 - VOCATIONAL REHABILITATION SERVICES

The Vocational Rehabilitation Services Program delivers vocational rehabilitation services to persons with disabilities through vocational rehabilitation professionals in district and branch offices located throughout the state. In addition, the Department has cooperative agreements with state and local agencies (education, mental health, and welfare) to provide unique and collaborative services to consumers. The Department operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

The Department also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Prevocational services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for basic rehabilitation services.

Persons with disabilities who are eligible for the Department's vocational rehabilitation services may be provided a full range of services, including vocational assessment, assistive technology, vocational and educational training, job placement and independent living skills training to maximize their ability to live and work independently within their communities.

The Department's Community Resources Development Section works with public and private organizations to develop and improve community-based vocational rehabilitation services for the Department's consumers. The Department sets standards, certifies Community Rehabilitation Programs and establishes fees for services provided to its consumers.

30 - INDEPENDENT LIVING SERVICES

The Department funds, administers and supports 29 non-profit independent living centers in communities located throughout California. Each independent living center provides services necessary to assist consumers to live independently and be productive in their communities. Core services consist of information and referral, peer counseling, benefits advocacy, independent living skills development, housing assistance, personal assistance services, and personal and systems change advocacy.

The Department also administers and supports the Traumatic Brain Injury (TBI) Program. Seven service providers throughout California provide a coordinated post-acute care service model for persons with TBI, including supported living, community reintegration, and vocational supportive services, in coordination with consumers and their families.

The Department also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

40 - ADMINISTRATION

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

PROGRAM DESCRIPTIONS

10 - STATE COUNCIL SERVICES

The State Independent Living Council, in conjunction with the Department of Rehabilitation, is responsible for developing a state plan for independent living and for monitoring, reviewing and evaluating the implementation of that plan. The Council also interacts with similar statewide councils to enhance the effectiveness of the network of centers that provide independent living services in California. The Council is required by the Federal Rehabilitation Act of 1973, as amended, in order for the state to receive financial assistance for Independent Living Services and the Centers for Independent Living. The Council serves as an educational resource on disability and independent living for the Governor, other state agencies, the Legislature, the general public, and a variety of statewide and national organizations.

5175 Department of Child Support Services

The mission of the California Child Support Program is to enhance the well-being of children and the self-sufficiency of families by providing professional services to locate parents, establish paternity, and establish and enforce orders for financial and medical support.

The statewide Child Support Program operates on the vision that children can rely on their parents for the financial and medical support they need to be healthy and successful. The Child Support Program is committed to ensuring that California's children are given every opportunity to obtain this support in a fair and consistent manner throughout the state. The Child Support Program is committed to providing the highest quality services and collection activities in the most efficient and effective manner.

PROGRAM DESCRIPTIONS

10 - CHILD SUPPORT SERVICES

The Department of Child Support Services is the single state agency designated to administer the federal Title IV-D state plan. The Department is responsible for providing statewide leadership to ensure that all functions necessary to establish, collect, and distribute child support in California, including securing child and spousal support, medical support and determining paternity, are effectively and efficiently implemented. Eligibility for California's funding under the Temporary Assistance to Needy Families (TANF) Block Grant is contingent upon continuously providing these federally required child support services. Furthermore, the Child Support Program operates using clearly delineated federal performance measures, with minimum standards prescribing acceptable performance levels necessary for receipt of federal incentive funding. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders.

10.01 - Child Support Administration:

The Child Support Administration program is funded from federal and state funds. The Child Support Administration expenditures are comprised of local staff salaries and benefits, operating expenses and equipment, and electronic data processing maintenance and operation costs. The federal government funds 66 percent and the state funds 34 percent of the Child Support Program costs. In addition, the Child Support Program earns federal incentive funds based on the state's performance in five federal performance measures.

10.03 - Child Support Automation:

Federal law mandates that each state create a single statewide child support automation system that meets federal certification. There are two components of the statewide system. The first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component contains tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. The SDU provides services to collect child support payments from non-custodial parents and to disburse these payments to custodial parties.

PROGRAM DESCRIPTIONS

16 - WELFARE PROGRAMS

The Department's public assistance programs provide financial assistance to California residents who are unable to support themselves. This program is comprised of five components:

California Work Opportunity and Responsibility to Kids (CalWORKs)

- Other Assistance Payments, including Foster Care, Adoption Assistance Program, Refugee Cash Assistance, and Food Assistance Programs
- Supplemental Security Income/State Supplementary Payment Program
- County Administration and Automation Projects
- Disaster Relief

The objectives of this program are to provide temporary financial assistance to eligible needy and dependent persons to enable achievement of self-sufficiency or to provide safe living environments for vulnerable adults and children, and to monitor, administer, and improve the quality of all welfare services.

16.30 - CalWORKs:

The CalWORKs program is California's version of the federal Temporary Assistance for Needy Families (TANF) program. CalWORKs is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while encouraging personal responsibility. CalWORKs includes specific welfare-to-work requirements and provides supportive services, such as child care, to enable an individual to meet these requirements. Child care services are provided through a three-stage system to current and former CalWORKs recipients with children through the age of 10 (or up to 12 under certain conditions). Stage One is administered by the Department of Social Services. The Department of Education administers Stages Two and Three. Stage Three is available only to the extent that funding is provided by the annual Budget Act or other source. Parents have the right to choose child care among center-based, family child care home, or license-exempt providers. CalWORKs families are then able to meet both goals of moving from welfare into the work force and engaging children in child care and development services.

16.65 - Other Assistance Payments:

The Foster Care program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by federal and state law. The Kinship Guardianship Assistance Program provides support payments to relative guardians of children who were previously in the foster care system.

The Adoption Assistance Program provides ongoing support payments for families wanting to adopt children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps, age, or because they are a sibling, have become difficult to place in adoptive homes. This program encourages adoptions of children who would otherwise remain in long-term foster care by removing financial barriers for these families.

Refugee Cash Assistance is provided to refugees, asylees, certain Amerasians from Vietnam, Iraqi and Afghan Special Immigrants, and certified victims of human trafficking who do not qualify for CalWORKs or Supplemental Security Income, and to Cuban/Haitian Entrants who are eligible to receive assistance through the Entrant Cash Assistance program. Benefits are available for a maximum period of eight months.

The CalFresh Program, formerly known as the Food Stamp Program and federally referred to as the Supplemental Nutrition Assistance Program (SNAP), provides for improved levels of nutrition among eligible low-income households by offering them a benefit amount, posted to a debit card, for the purpose of purchasing food. The cost of CalFresh benefits is borne entirely by the United States Department of Agriculture (USDA). The CalFresh Employment and Training Program requires certain non-assistance CalFresh recipients to participate in employment and training activities.

The Department also administers the state-only California Food Assistance Program to provide food benefits to legal immigrants who meet federal SNAP eligibility criteria except for their immigration status.

The Emergency Food Assistance Program provides USDA commodities, as well as surplus fresh fruits and vegetables donated by California farmers and businesses, to local food banks for distribution to the working poor, low-income, unemployed, and homeless persons. This program is supplemented with food purchased by food banks using private donations and taxpayer contributions to the Emergency Food Assistance Program Fund made through a state income tax checkoff.

16.70 - Supplemental Security Income/State Supplementary Payment Program: The Federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants, and disburses the combined monthly payment to recipients.

16.75 - County Administration and Automation Projects:

Federal, state, and county governments share the cost of operating expenses and the salaries and benefits of county staff who administer public assistance programs. County Administration for CalWORKs is in Program 16.30.

Federal, state, and county funds are used to finance major data automation projects of the Department of Social Services.

^{*} Dollars in thousands, except in Salary Range.

HHS 198 HEALTH AND HUMAN SERVICES

5180 Department of Social Services - Continued

16.90 - Disaster Relief:

The objective of the Disaster Relief Program is to provide monetary assistance to individuals and households who have suffered eligible losses from a Presidentially-declared disaster that are not covered by other federal, state, or private assistance programs.

25 - SOCIAL SERVICES AND LICENSING

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations, and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

25.15 - In-Home Supportive Services:

The In-Home Supportive Services (IHSS) program provides services to enable eligible persons to remain safely in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled persons who receive federally funded Medi-Cal or otherwise meet the program's income and resource requirements. There are three programs that provide in-home care: the Personal Care Services Program, the IHSS Plus Option Program, and the IHSS-Residual Program.

25.20 - Recipient Supplementary Payment:

The Recipient Supplementary Payment program, which was eliminated October 1, 2009, provided supplemental payments to individuals who were participating in the Personal Care Services Program, the IHSS Plus Waiver Program, or the IHSS Plus Option Program when their Medi-Cal share of costs were higher than their IHSS-Residual share of costs.

25.30 - Children and Adult Services and Licensing:

The Children's Services component consists of three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention.

Child Welfare Services provides emergency response, family maintenance, family reunification, and permanent placement services for abused and neglected children and their families, as well as services to assist transition age youth who are emancipating or have emancipated from foster care. The program also provides for training and technical assistance for administrators and staff.

The Adoptions Program: (1) provides agency (relinquishment) adoption services through 5 state offices and 28 licensed county adoption agencies; (2) conducts studies of all independent adoption placements through seven state offices and three county adoption agencies; (3) provides technical and programmatic services to 30 licensed county adoption agencies that provide agency (relinquishment) adoption services; (4) provides technical and programmatic services to private adoption agencies that provide agency and intercountry adoption services; (5) reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (6) provides adoptive home recruitment activities through directly provided and contracted services.

The Child Abuse Prevention Program provides funding, training, and technical assistance for the development and sustainability of child abuse prevention and early intervention programs, education and outreach materials, activities, and services for at risk families and their children.

The Department also has County Services Block Grant funding which includes Adult Protective Services. In this program, counties provide appropriate Adult Protective Services to California's functionally impaired dependent adults and the aged who live in their own homes.

The Community Care Licensing Program is a regulatory enforcement program with the responsibility of protecting the health and safety of children and adults residing or spending a portion of their time in out-of-home care. The program includes prevention, compliance, and enforcement components.

25.35 - Special Programs:

The Department has several special programs that include the following: Specialized Services, Access Assistance to the Deaf, and Refugee Program Services.

26 - TITLE IV-E WAIVER

The Title IV-E Waiver Capped Allocation Project (CAP) is a federal waiver demonstration project in California. This project will provide participating counties with flexibility in their use of federal and state foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out of home placements and administrative expenditures. Under the CAP, participating counties will receive a capped allocation of their Title IV-E funds to provide direct services to children and families.

35 - DISABILITY EVALUATION AND OTHER SERVICES

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

35.15 - Disability Evaluation:

The Disability Evaluation Program determines the medical, vocational, and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and overall ability to engage in substantial gainful employment.

35.25 - Services to Other Agencies:

^{*} Dollars in thousands, except in Salary Range.

5180 Department of Social Services - Continued

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel and accounting to the State Council on Developmental Disabilities and the Health and Human Services Agency. The Department provides services to the Medi-Cal Program in the form of state hearings and public information services.

60 - ADMINISTRATION

The objective of the Administration program is to provide overall management, planning, policy development, and administrative support services to other departmental programs.

5195 State-Local Realignment

In the 1991-92 fiscal year, State-Local Program Realignment restructured the state-county partnership by giving counties increased responsibilities and funding for a number of health, mental health, and social services programs. Realignment provided counties with dedicated tax revenues from the state sales tax and vehicle license fee to pay for these changes.

PROGRAM DESCRIPTIONS

10 - STATE-LOCAL REALIGNMENT

The objectives of Realignment are to assign program responsibility to the most appropriate level of government, either state or local, and achieve improved service levels with broad discretion given to the responsible entity. Realignment provides for greater funding stability for selected programs, increased local flexibility in administering these programs, and productive fiscal incentives to encourage cost-effective approaches to providing services.

Total Realignment revenues are comprised of sales tax and vehicle license fee revenues. Revenues are deposited into the Local Revenue Fund, which includes several accounts. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula and are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other state and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health, mental health, and alcohol and drug programs.

5196 2011 State-Local Realignment

Building upon the 1991-92 realignment, the Governor's Budget endeavors to realign additional programs adhering to one or more of the following principles:

- Assignment of program responsibility should be made to the most appropriate level of government-State or local.
 Realignment should result in improved service delivery, with broad discretion given to the responsible entity.

The funding sources for realignment are:

- The continuation of a 1 percent increase on Sales Tax.
- The continuation of the temporary Vehicle License Fee.

These changes will be effectuated through a combination of legislation and subject to voter approval.
